6416	Kettlebells	Kettlebells are large cast-iron ball-shaped weights with a single handle. Types include adjustable, fixed-weight, selectorized and aquatic exercise. Cover material options include enamel, neoprene, plastic, rubber and vinyl.

8253	Kitchenettes	All-in-one compact kitchen station typically including a refrigerator, cooktop and kitchen sink. Some units also come with washer/dryer,
6546	Laundry Pedestals	Laundry pedestals are placed below washers and dryers to heighten and make loading and unloading easier. Types include dryer pedestal, washer pedestal, and universal laundry pedestal. Storage drawer and removable
5628	Meat Grinders	small appliance for making ground meat. Some come with attachments for
8082	Medicine Balls	Medicine balls are weighted rubber balls for use in strength training. Types include standard medicine balls and slam balls.
5053	Microwave Drawers	Microwaves hidden in a drawer for easy loading and unloading.
5118	Microwave Parts	Microwave parts are attachments or add-on parts for microwave ovens. Types include filter kit, gallery trim, filler kit, mounting kit, trim kit, handle
5055	Microwave Wall Oven Combinations	Microwave entity and an oven entity, together making a microwave and
5001	Mini Fridges	Small refrigerators generally placed in small spaces such as offices or dorm
5629	Novelty Appliance Accessories	Novelty appliance accessories include breakfast treats maker, churro maker, cotton candy accessory kit, empanada maker, gingerbread house maker, ice cream accessory kit, popcorn accessory kit, pretzel accessory kit,
5630	Novelty Baking Appliances	Novelty baking appliances are countertop baking appliances geared toward making specific confections and pastries. Types include cupcake maker, donut hole maker, donut maker, ice cream sandwich maker, mini pie maker, pigs-in-a-blanket maker, pretzel maker, S'mores maker, cookie
5054	Over-the-Range Microwaves	Microwaves that are mounted over ranges.
7397	Pedestal Washers	Compact washing machines that also function as a pedestal for a full size washing machine to be set on top of.
8003	Personal Care & Accessories	Products for health and wellness such as massagers, foot baths, etc.
6171	Physical Therapy Equipment	Physical Therapy Equipment are devices that addresses the illnesses or injuries that limit a person's abilities to move and perform functional activities in their daily lives. Types include pulley exercise sets and hand
6421	Pilates & Yoga Accessories	Pilates and Yoga Accessories include yoga socks, yoga bag, yoga ball, yoga block, yoga towel, yoga strap, yoga wheel, yoga wedge, yoga bolster, meditation cushion, pilates resistance ring, yoga gloves and pilates

8074	Plyo Boxes & Platforms	Plyo boxes come in different heights to accommodate different exercises. Many plyo boxes have a metal frame inside to support your weight, and others are solid foam. An aerobic step platform is a good choice for a simple lower body workout. Smaller and more portable than a stair machine or elliptical, a step platform can be easily stored under the bed or
5550	Popcorn Machines	Small appliances that cook popcorn with hot oil or air.
7606	Portable Air Conditioners	Freestanding air conditioning units designed to be portable from room to
5038	Portable Dishwashers	Freestanding and movable dishwasher that's not mounted or installed to
4356	Portable Fans	Pack-and-go fans.
7227	Power Scrubbers	A multi-functional tool that allows for cleaning a variety of surfaces that may include tubs, showers, sinks and countertops
8076	Pull-Up & Push-Up Bars	Pull-Up Bars (pull up bars) and Push-Up Bars (push up bars) are for use in arm and core strength training. Types include push-up stands, pull-up bar,
5120	Range Hood Parts	Range Hood Parts include Air filter, Backsplash plate, Baffle filter, Blower, Blower relocation kit, Box liner, Control panel, Damper kit, End cap, Exhaust kit, Exterior blower, Fan assembly, Flue cover, Flue extension, Grease filter, Light lens, Liner, Plate, Recirculation kit, Remote button,
7492	Refrigerated Prep Tables	Refrigerated Prep Tables are stations designed for use in the food industry for preparing foods & meals. Typically having multiple bins for different foods and refrigerated areas underneath. Types include pizza prep table,
5121	Refrigerator Parts	Refrigerator parts include Food preservation packet, Refrigerator air filter, Refrigerator coil brush, Refrigerator door handle, Refrigerator door reversal kit, Refrigerator ice maker, Refrigerator storage bin, Refrigerator thermometer, Refrigerator trim kit, External water dispenser, Evaporator fan motor, Refrigerator door gasket, Defrost timer, Defrost thermostat,
5645	Refrigerator Water Filters	Water filters used inside refrigerator.
8044	Resistance Bands	Resistance bands are exercise devices used for strength training or physical therapy. Elastic in nature. Types include resistance bands, resistance band
5506	Rice Cookers	Used to cook or heat rice, beans, whole grains, etc.
6592	Roaster Ovens	Small appliances, similar to slow cookers, that roast meat, vegetables, etc.

7519	Robotic Mops	A robot vacuum mop can clean large spaces and navigate effortlessly around pieces of furniture. With a built-in navigation feature, a robot mop can learn the layout of your home. Features include dual mops and double water tanks with an automatic water dispenser. Use these robot vacuum mops on different types of flooring, including hardwood, tile and stone in
7571	Robotic Vacuum Accessories	Robotic Vacuum Accessories are replacement parts and accessories for robotic vacuums including robotic vacuum brushes, robotic vacuum cloths, robotic vacuum debris extractor, robotic vacuum replenishment kit, robotic
6869	Robotic Vacuums	Robotic Vacuums are self-directed vacuum cleaners that has intelligent programming. Types and parts are vacuums, mops, and floor scrubbers. For use on carpet and rugs, hardwood floors, laminate, tile and vinyl. Features
7407	Robotic Window Cleaners	Robotic Window Cleaners are self-propelled motorized devices for cleaning windows. Types include robotic window cleaner and cleaning pads for
7969	Rowing Machines	An indoor rower, or rowing machine, is a machine used to simulate the action of watercraft rowing for the purpose of exercise or training for rowing. Rowing machines have feature options including Bluetooth Compatibility, Hub Required, Voice Controlled, Works with iFit, Works with
8243	Sewing Machines & Accessories	A machine with a mechanically driven needle used for sewing or stitching cloth as well as accessories. Type includes Computerized sewing machine, Electronic sewing machine, Mechanical sewing machine, Serger sewing machine, Embroidery sewing machine, Quilting sewing machine, Handheld
5007	Side-by-Side Refrigerators	Refrigerators divided into halves, one side is a refrigerator unit, and the
5041	Single Electric Wall Ovens	Electric oven that is installed in a wall.
5049	Single Oven Dual Fuel Ranges	Single Oven Dual Fuel Ranges includes a single even-heating electric convection and a gas cooktop. Types available are Drop-In, Freestanding
5044	Single Oven Electric Ranges	Single Oven Electric Ranges provide quick preheating, even cooking and easy maintenance. Smooth surfaces provide maximum space for boiling, simmering and heating up your dishes. Types available are Drop-In, Freestanding and Slide-In in finishes like stainless steel, black and white
5052	Single Oven Gas Ranges	Single Oven Gas Ranges are a combination of a gas flame cooktop stove and an oven. They are finished on all sides and require connection to a gas
5470	Single-Serve Coffee & Beverage Accessories	Single-Serve Coffee & Beverage Accessories are supplies for small appliances that makes single-serve beverages. Types include refillable single-serve coffee adapter, creamer, non-dairy creamer, stir stick, sugar,

5471	Single-Serve Coffee & Beverages	Single-Serve Coffee (single serve coffee) and Beverages is a method of brewing that prepares only enough for a single portion. Single-serve coffee containers can both reduce the time needed to brew coffee and simplify the brewing process by eliminating the need to measure out portions, flavorings, and additives from large bulk containers. Types include Energy,
5140	Single-Serve Coffee Makers	Small countertop appliances that makes single-serve cups of coffee.
4085	Slow Cookers	Countertop unit used to cook items such as dips, soups, stews. may be
5877	Specialty Small Kitchen Appliances	Specialty small kitchen appliances includes bottle sanitizer, bottle warmer, digital reminder, egg cooker, electric towel dispenser, garlic roaster, kitchen scale, oil mister, salt and pepper mill, yogurt maker, pancake and crepe maker, sous vide water bath, sous vide controller, beer system, sausage stuffer, ferky gun, chicken plucker, tortilla maker, tortilla press,
5016	Stacked Laundry Centers	Stackable washer and dryers generally used to save space.
5374	Stand Mixer Attachments & Accessories	Stand Mixer Attachments and Accessories include fruit and vegetable strainer parts, set, pasta cutter set, pasta drying rack, pasta roller and cutter set, pouring shield, sausage stuffer kit, citrus juicer attachment, dough hook attachment, flat beater attachment, flex-edge beater attachment, food grinder attachment, food tray attachment, grain mill
5364	Stand Mixers	Stand mixers are kitchen devices that uses a gear-driven mechanism to rotate a set of "beaters" in a bowl containing the food or liquids to be prepared by mixing them. Types are automatic, manual, and semi-
6889	Steam Cleaner Attachment Kits	Attachment kits used for steam cleaning carpeted and/or non-carpeted
5154	Steam Cleaner Chemicals	Chemicals for use in and with steam cleaning appliances. Includes solution, pre-treatments and solution additives.
7467	Steam Cleaners & Mops	Steam cleaners and mops are cleaning devices that uses steam to deep clean floors, countertops, and other surfaces. Types include multipurpose
6872	Stick Vacuums	Lightweight corded or cordless vacuum cleaners.
6717	Strength Training Machines	Strength training machines aka strength equipment or weight machines are exercise equipment that uses gravity and simple machines such as levers, wheels, pulleys, incline, and cable machine for resistance. Types are chest
8075	Stretching & Recovery	Home gym devices for stretching or massage. Type LOV: Foam roller, Massage hook, Massage cane, Percussive massager, Inversion table,
8242	Swimwear	Athletic clothing designed to improve performance and allow greater range of movement. Type LOV: Shirt,Sports bra,Jacket,Leggings,Shorts

5546	Toaster Ovens	Small appliance that toast and broil food (some may cook pizzas).
5551	Toasters	Small appliance that toast and broil food.
5005	Top-Freezer Refrigerators	Refrigerator that features a freezer compartment on top and a refrigerator
5106	Top-Load Washers	Garments to be cleaned are loaded into an opening at the top.
5133	Trash Compactors	Appliance used to reduce kitchen trash volume before its disposal from the
7972	Treadmills	An exercise device with a belt that allows for walking, running or climbing
6295	Undercabinet Range Hoods	Designed to mount under kitchen cabinets above the cooktop; used to circulate air while removing odors and grease from your kitchen.
5006	Upright Freezers	A large capacity freezer with a door on the front.

6881	Vacuum Attachment Kits	Kits that contain attachments for various types of vacuum cleaners,
6882	Vacuum Bags	Vacuum cleaner bags for backpack, canister, stick, and upright vacuums.
7271	Vacuum Batteries	Vacuum batteries are rechargeable and replacement batteries for vacuums. Types are Lithium, Lithium ion (Li-ion), Nickel cadmium (NiCd),
6883	Vacuum Belts	Replacement belts for backpack, canister, handheld, stick, and upright
6884	Vacuum Brushes	Brushes that attach to backpack, canister, handheld, stick, and upright
6886	Vacuum Filters	Filters used to block dust and dirt particles from entering the air and the
5141	Vacuum Sealer Accessories	Vacuum sealer accessories are attachments or add-on parts for vacuum sealers. Types include vacuum sealer bags, vacuum sealer rolls, and
5142	Vacuum Sealers	Suctions out air, so that storage bags which contain food can be properly
5526	Waffle Makers	Waffle makers aka waffle irons are kitchen appliances used for baking waffles. Types include waffle maker, Belgian waffle maker, pizzelle maker, waffle cone maker, cookie maker and waffle bowl maker. Waffle shape
7607	Wall Air Conditioners	A through the wall air conditioner, aka PTAC "packaged terminal air conditioner", installs conveniently inside a wall sleeve built into your wall for a seamless look. They come with a universal trim kit that adds a finishing touch. These units are easy to operate thanks to features like LED
5126	Wall Oven Parts	Wall oven parts includes wall oven extension rack, wall oven handle, wall oven handle medallion, wall oven rack, wall oven storage drawer, wall oven side trim kit, wall oven handle kit, wall oven handle and knob kit, warming
6296	Wall-Mounted Range Hoods	Designed to be mounted directly to the wall behind the cooktop and used to circulate air while removing odors and grease from your kitchen.
5129	Warming Drawers	Maintains food at serving temperature.

5128	Washer Parts	Washer parts or washing machine parts include laundry coin kit, laundry detergent dispensing cartridge, laundry pedestal, laundry stacking kit, laundry storage tower, laundry work surface, washer/dryer cover, washing machine drain pan, washing machine vibration pad, laundry WiFi adapter, washer door switch, drain hose strainer, washing machine pump, washing
5623	Water & Soda Flavors	Flavor syrups for flavored water and soda makers.
7892	Water Boilers & Kettles	Boiling water dispensers and electric kettles for heating/boiling of water to be used in hot beverages or for making instant ramen. Type LOV: Electric
4581	Water Coolers	A water dispenser, known as water cooler (if used for cooling only), is a machine that cools or heats up and dispenses water with a refrigeration unit. Types include water cooler, water cooler cleaning kit, water cooler filtration system, water bottle pump, water cooler jug. Style choices are
8083	Weight Benches	Weight benches, aka weight training benches, are padded for comfortable support while lifting weights, and it allows for a wider range of motion while using dumbbells. Seat material options are vinyl, leather, faux leather, vinyl; foam, leather; foam, faux leather; foam. Mount types are
8080	Weight Training Accessories	Home gym equipment and accessories, Type LOV: Weight storage, Grip chalk, Barbell collar, Lifting belt, Weighted vest, Lifting gloves, Barbell pads, Lifting straps, Body weights, Gym towel, Medicine ball rack, Waist trimmer,
7608	Window Air Conditioners	Air Conditioners installed in window frames for cooling rooms
5130	Wine Cellar Cooling Units	powered unit that cools and maintains temperature of a room so it will be
5131	Wine Coolers	Maintains a particular temperature to cool or chill wine in an enclosed cabinet. These are similar to a small refrigerator and specifically geared
6415	Yoga Mats	Mats used for practicing the art of Yoga, or other exercise.
4306	Asphalt Brushes	Brush heads used for the application of asphalt coatings, patches, and
8310	Asphalt Crack Filler	Filler with various application methods and base materials used on asphalt
7001	Asphalt Melters	Commercial grade melters used to repair cracks of any length or width in asphalt pavements including All-in-one and Truck mounted melters.
7002	Asphalt Patch	Filler with various application methods and base materials used on asphalt
7003	Asphalt Pour Pots	Large metal container designed for the controlled spreading of hot-applied
7004	Asphalt Sealers	Sealer with various application methods and base materials Used to
4296	Asphalt Squeegees	Squeegees used to apply an even coverage of thick tar and/or asphalt sealers. Blade types include: Combed, Notched, Straight
5573	Backer Board	Cement, fiber cement, gypsum, polyisocyanurate, or polystyrene foam

4697	Base & Cap Hardware	Base & Cap hardware includes bases, caps, column bases, column caps, jack post end caps, jack post plates, post base hardware, and post cap hardware. Important attributes include Common Measurement, Finish, and
6797	Batt Insulation	Insulation made from cellulose, fiberglass, mineral wool, perlite, polystyrene, recycled denim, reflective material, vermiculite, or stone wool
4299	Blown-In Insulation	Insulation that is pumped or injected into walls, roofs, and other areas made from cellulose, fiberglass, mineral wool, perlite, polystyrene, recycled
4283	Board Insulation	Polyisocyanurate, cellulose, foam, polystyrene, or fiberboard rigid insulation consisting of large sheets of foam.
4297	Brick & Fire Brick	Single unit used in masonry construction to make a durable structure. Types include standard bricks, bullnose, corner, and fire bricks
4250	Brick Jointers	Used for finishing mortar joints and compacting the mortar to keep moisture from penetrating the joint. Also used to touch up grout lines.
6410	Brick Veneer	A thin single non-structural external layer of masonry work including Individual pieces, panels, window trim, corner strips, window sills, outside corner blocks, inside corner blocks, wainscot caps, bullnose, outside
8192	Brick Veneer Accessories	Foam panels, panel fasteners, installation kits, mesh, & starter strips used
4314	Ceiling Light Panels	light panels used along with ceiling tiles in suspended ceiling systems. Designs include: Clear, cracked ice, crackled, etched, frosted, louvered,
7291	Ceiling Tile Adhesive	Latex-based adhesive designed for installation of acoustical ceiling tile.
6978	Ceiling Tile Grids	Parts used to build different module sizes for ceiling tiles including Ceiling Grid Tees, Ceiling Grid Cover Kits, Ceiling Grid Covers, Ceiling Grid Kits, &
7401	Ceiling Tile Samples	Smaller representations of ceiling planks or tiles used to cover a ceiling.
6970	Ceiling Tile Tools & Hardware	Tools & hardware used in the securing of ceiling tiles to a ceiling grid including Ceiling Grid Clamps, Ceiling Grid Clips, Ceiling Grid Hanger Nails, Ceiling Grid Hanger Wire, Ceiling Grid Hardware Kits, Ceiling Grid Leveling
4281	Ceiling Tiles	Ceiling tiles are lightweight tiles used inside buildings to cover a ceiling. Types include plank, tile and tile insulation. Mineral fiber ceiling tiles create sound control and are perfect for high-traffic areas, home offices or anywhere else noise needs to be absorbed. For textured ceiling tiles
7023	Colorants & Additives	Additives that bond various masonry mixes. Types include: Bonding agent,
7013	Concrete & Mortar Repair	Products designed to be used used on masonry surfaces to fill cracks and holes. Types include: Patch, Repair, Resurfacer, Sealant, Crack filler

7689	Concrete Aggregates	Gravel, rock or stone to be sold in bulk. Types include: ABC crush & run, All-purpose gravel, Driveway stone, Gravel, River rock, Pea gravel, Sand and
7009	Concrete Block Supports	Secures wood post to concrete blocks for light-capacity applications. Types include: Concrete angle, Concrete block support base, Concrete block cap, Concrete foundation strap, Concrete tie form, Concrete wall tie, Gunitite
4282	Concrete Blocks	Concrete blocks used for masonry and cavity wall masonry. Types include: Half, Header, Slab, Cap, Bullnose, Standard, Split Faced, L-corner, Step(s)
7522	Concrete Curing Blankets	Blanket to be placed over fresh concrete to help maintain moisture & humidity for proper curing. Types include: Heated, Wet
7010	Concrete Edgers	Bladed tool that produces neat, rounded edges along concrete. Blade Materials include: Blue steel, Bronze, Stainless steel, Acrylic, Carbon Steel,
4301	Concrete Expansion Joints	Strips made of polyethylene, steel, rubber, polyolefin, polyvinyl, or cellulose placed between concrete slabs to prevent expansion and
8184	Concrete Floats	Ideal tool for concrete finishing. This category includes bull floats, darby, &
7011	Concrete Forms	Forms used to build concrete column applications. Types include: Footing,
7012	Concrete Groovers	Bladed tool that produces a groove in concrete. Blade materials include: Blue steel, Bronze, Stainless steel, Aluminum, Zinc, Carbon steel, Acrylic
7008	Concrete Mixers	Pouring concrete is easier and more cost-effective if you can mix the concrete on-site with a concrete mixer. A portable concrete mixer has sturdy steel drum that easily swivels to mix the concrete with ease. This versatile tool is easy to maneuver, thanks to its wide, solid steel base, oversized wheels and easy-to-grip steel handles. Check out an electric
7015	Concrete Placers	Tool used to place or move concrete over large areas.
8237	Concrete Removal	Products designed to remove concrete from surfaces and tools or prevent concrete to adhere to tools. Types include: Remover, Release agent.
7769	Concrete Screeds	Hand tool used to level wet concrete. Blade types include: Dual-edge,
5572	Concrete Stamps & Molds	Reusable tool designed to create concrete shapes in various styles and textures for walkways or decoration. Types include: Mat, Stamp, Roller,
8185	Concrete Trowels	Hand tool used for specifically working with concrete. Types include: Combination blade, Finishing, Fresno, Gunitite, Midget, Other, Outside
4277	Concrete, Cement & Stucco Mixes	Mix used with water to create concrete for various construction projects. Types include: Fast setting, High strength, Hydraulic, All-purpose, Crack
6983	Corner Bead Caps	Caps off edge protection bead and protects finish on drywall installations. Types include 2-way, 3-way, and Transition.

4268	Corner Beads	Provides edge protection and finish on drywall installations. Types include:
4751	Crawl Space Doors	Hardware and accessories that facilitate access to a home foundation or
6849	Downspouts & Components	Vertical drains & associated components that direct water away from gutters and toward the ground. Types include: Downspout, Downspout diverter, Downspout extension, Front elbow, Downspout band, Downspout anchor, Downspout adapter, Rain barrel diverter, Downspout guard, Splash block, Downspout side elbow, Downspout connector, Downspout clip,
4271	Drip Edge Flashing	A device made from aluminum, copper, galvanized steel, lead, PVC, stainless steel, or vinyl installed along the roof edge to protect the roof structure and trim from water damage and direct rainwater to the roof
6984	Drywall Circle Cutters	Tool with a metal blade used to cut circles in drywall.
6985	Drywall Clips	Aluminum, steel, or plastic clips used to assist in hanging drywall.
6986	Drywall Hawks	Used to temporarily hold joint compound or texture while applying to
4264	Drywall Joint Compound	Used with joint tape to seal the seams between drywall panels. Types include: All-purpose, Finishing, Heavyweight, Lightweight, Medium weight,
6989	Drywall Lifts & Panel Carriers	Lifts panels of drywall or plywood up for easy carrying. Types include: Drywall lift, Drywall panel carrier, Drywall roll lifter
6988	Drywall Mud Pan Liners	Disposable liners made from metal or plastic used to line drywall mud
6987	Drywall Mud Pans	Pan made from metal or plastic used to hold drywall joint compound while
4279	Drywall Panels	Flat panel used as a base to make interior walls and ceilings.
6990	Drywall Patches	Patches made from aluminum, composite, plastic, or galvanized steel used to correct mis-cuts and holes in drywall.
4288	Drywall Tape	Tape used for drywall installation and repair. Types include: Cement board
6993	Drywall Tape Reels	Tape dispenser made from aluminum, steel, or plastic that holds rolls of drywall tape in order to free hands and allows easy tear-off.
8307	Drywall Trowels	Hand tool used for specifically working with drywall and joint compound.
6493	Erosion Fencing	Temporary above-ground sediment barrier supported by posts that are typically used on construction sites. Types include: Silt fence, Sand/Snow
7666	Extension Ladders	A ladder that can be extended by means of sliding sections. Types include: Extension ladder, Manhole ladder, Posting ladder, Sectional ladder, Straight
4440	Extension Poles	Extension poles for paint rollers, brushes, and scraping tools
7669	Fire Escape Ladders	A ladder that can be use to exit out a window. Types include: Window well
4151	Floats	Ideal tool for stucco, plaster or EIFS smoothing/finishing. Types include: Bull float, Concrete float, Stucco float, Bull float adapter

6317	Flood Bags	Bags containing an absorbent material that expands when wet. Can be used in similar applications as traditional sand bags, such as flood control. Types include: Flood bag, Flood gate, Water gate, Water curb, 2-way
7557	Foundation Pads	Circular foundation pads made from composite, concrete, or steel that support localized single-point loads such as structural columns, groups of
7080	Foundation Vent Clips	Plastic clips used to keep foundation vent flaps open or closed.
7081	Foundation Vent Covers	A plastic, aluminum, or polystyrene cover for the outside face of a
7082	Foundation Vent Plugs	Insulation for foundation vents during the harsh winter months, preventing the collection of cold air and moisture below the house.
7083	Foundation Vents	A vent that helps protect crawl spaces from damage caused by excessive heat and moisture. Types include: Automatic, Manual, Powered
7084	Gable Vent Fan Motors	Motors for gable vent fans
7085	Gable Vent Fans	Electric or solar powered exhaust fan used in conjunction with gable vents
7123	Gable Vent Keystones	Decorative accent for frames of gable vents
7086	Gable Vent Screens	A galvanized steel screen that goes over a gable vent to keep out insects
7087	Gable Vents	Exhaust vent used in the attics of most homes to allow hot air to escape. Types include: Gable vent, Gable vent frame
6836	Gutter Parts & Accessories	Parts & accessories for gutters including Gutter Hangers, Gutter Brackets, Gutter Guards, Splash Blocks, Gutter End Caps, Gutter Connectors, Gutter
4316	Gutters	A shallow channel fixed beneath the edge of a roof for carrying off rainwater. Types include: Gutter, Gutter end with drop, Gutter inside
4227	Hand Sanders	Manual tool used to smooth surfaces by abrasion with sandpaper. Types include: Hand sander, Pole sander, Pole sander head, Vacuum hand sander
4255	Hopper Guns	Sprays acoustics, drywall mud, waterproofing material, pool-deck sealant, stucco and most gravity-fed materials.
4292	House Wrap	Prevents water infiltration coming in from the outside while still allowing air flow to and from the home's wood sheathing.
6723	House Wrap Tape	Used to seal seams and edges on window flanges, corners, joints, ribs,
7020	Jack Posts	Building columns that provide structural support for new home construction products. Types include: Adjustable, Fixed

4321	Ladder & Scaffolding Accessories	Attachment or add-on parts ideal for enhancing ladder or scaffolding use, or increasing safety measures. Types include: covers, Casters, rails kits, Hoop end cap, Jack, Leg leveler, Outrigger, Pail shelf, Paint cup, Paint cup liner, Platform, Pole kits, Pump jack, Rail sleeve, Replacement deck, Replacement rope, Safety net, Shoe, Stabilizer, Utility bucket, Work bench,
7502	Library Ladder Hardware	Hardware or hardware kits used with library ladders. Types include: Library ladder hand rail, Library ladder hardware kit, Library ladder hook bracket, Library ladder rail bracket, Library ladder rail end stop, Library ladder rung
7501	Library Ladders	Ladders equipped with casters to permit them to be moved with ease from
7021	Lining Tools	Tools like line blocks used to evenly stack brick and block.
4318	Lintels	Horizontal, load-bearing beams made from iron or steel that provide
4125	Masonry Trowels	Hand tool used for laying tile, concrete, and other home improvement projects. Trowel Types include: Brick, Bucket, Coke, Corner, Gauging, Insulator, London, Margin, Philadelphia, Pointing, Pool, Replacement part,
7762	Mending & Nail Plates	Mending Plates are metal connectors used to repair or strengthen wooden joints. Nail plates are flat strips of metal that are hammered into adjacent pieces of wood to hold them together. The Mending & Nail Plates category
4308	Metal Studs	Studs made from aluminum or galvanized steel used to frame the area for
6995	Metal Tracks & Braces	A roll-formed, U-shaped channel used for corresponding metal studs. Types include: Brace, Track, Resilient Channel
4165	Mixing Arms	Lengthy blades that mix concrete, mortar, paint, etc. Often used with a drill. Blade Types include: Ball, Spiral, Ribbon, Fan blade
7665	Multi-Position Ladders	Ladders designed to be used in multiple positions. Types include:
7089	Power Roof Vent Thermostats	Thermostat for powered roof vents.
7090	Power Roof Vents	Electric or solar powered roof exhaust ventilation for a house or building.
8186	Power Screeds	Construction equipment designed to level/vibrate out wet concrete. Types include: Vibratory, Vibratory screed blade
8187	Power Trowels	Construction equipment designed to apply a smooth finish to large concrete slabs. Types include: Trowel, Edger, Combination, Replacement
7027	Rebar	Steel, Carbon fiber, or Fiberglass bars used as reinforcement when laying
7028	Rebar Chairs	Steel or polypropylene supports for rebar and/or remesh above ground
7030	Rebar Pins	Carbon fiber, fiberglass, or steel stakes used to secure concrete forms.
7031	Rebar Safety Caps	Plastic, polypropylene, or high-density polyethylene safety caps that cover exposed rebar before concrete is poured.

7032	Rebar Ties	Steel ties that secure rebar and/or remesh before concrete is poured.
6861	Reflective Roof Coatings	An acrylic, aluminum, elastomeric, solvent-based, silicone formula applied over a flat roof to increase reflectivity of the roof surface. This category
4303	Remesh	Reinforcement steel mesh for cement. Types include: Roll, Sheet
6833	Roll Flashing	Flashing that comes in a roll and is used in roofing applications. Types include Roll flashing, Flashing tape, & Self-adhesive roll flashing
6798	Roll Insulation	Insulation that comes in rolls and needs to be cut to length. Insulation types include: Cellulose, Fiberglass, Mineral wool, Perlite, Polystyrene, Recycled denim, Reflective, Stone wool, Vermiculite, Polyethylene, Radiant
4285	Roll Roofing	Roofing material sold on a roll which may be unrolled and cut to the exact dimensions. This category also contains associated products. Types include:
6841	Roof Adhesives	Adhesives used as a waterproofing sealant for roofing repairs or as bonding composite for roofing materials. Types include: Roof adhesive, Roof seam
6860	Roof Brackets	Bracket used in roofing applications to create level platform for footing.
6848	Roof Fabric	Coated glass, polyester, saturated glass ,or asphalt cement fabrics used to reinforce various types of coatings for roof repair work, flashings, and
7092	Roof Louvers	Round, slant-back, or square static exhaust ventilation for the roof of a
4313	Roof Panel Closure Strips	Solid or vented strips used to seal opening under panels at eaves.
6999	Roof Panel Ridge Caps	Ridge caps for the peak of roof panels made from aluminum, cellulose fiber/asphalt, fiberglass, polycarbonate, PVC, steel, or vinyl
4291	Roof Panels	Roofing panels used to create panel roofing made from aluminum, steel, asphalt, polycarbonate plastic, PVC plastic, metal, or fiberglass.
7095	Roof Ridge Vent Connectors	Plastic, galvanized steel, or aluminum straps used to connect lengths on
7093	Roof Ridge Vent End Plugs	PVC or rubber plugs at the end of ridge vents to reduce water and insect
7094	Roof Ridge Vents	Roll or stick roof exhaust ventilation installed on the ridge of a house or
6842	Roof Sealants	Roof products used for patching, waterproofing, and sealing
6839	Roof Seam Tape	Interior and exterior self-adhering weatherproofing tape used to tape the seams of a plywood or OSB roof deck, preventing water from entering the
6853	Roof Shingles	Architectural, hip and ridge, starter, or 3-tab shingles made from asphalt, composite, metal, slate, or wood which used for building shingled roofs.
4289	Roof Snow Guards	A device used to retain snow and ice from falling from one surface to a lower one. Types include: Fence, Pad-style, Pipe-style, Standing seam, &
4307	Roof Turbine Vents	Internally braced or externally braced attic exhaust vents that uses the natural force of wind and air pressure to spin and vent out stale air. Types

6847	Roofing Tools & Accessories	Tools used with shingles and other roofing projects. Types include: Roof rake, Roof shovel, Flashing bender, Flashing roll roofing termination bar,
4267	Roofing Underlayment	Product designed to protect the roof sheathing and framing from coming in contact with water made from felt, polypropylene, rubber, tar paper,
6905	Sand Bags	Burlap or Woven polypropylene heavy duty bags used for purposes such as filling with sand for flood or erosion control. Closure types include:
4305	Scaffolding	Used to reach elevated work spaces; usually during construction and on the exterior of a building. Types include: Portable scaffold, Rolling scaffold, Work platform, Scaffold plank, Scaffold stage, Scaffold, & Scaffold frame
6857	Snow Panel Hardware	Nails and clips used in the installation of roof snow panels
7096	Soffit Vents	Aluminum, galvanized steel , plastic, or wood Intake vent for soffit or
4312	Spray Foam Insulation	Insulation applied in the form of foam that is sprayed into place. Types
6831	Step Flashing	Pre-bent pieces of flashing used in roofing applications. Types include: Step
7668	Step Ladders	A short folding ladder with flat steps and a may have a small platform. Types include: Platform ladder, Podium ladder, Shelf ladder, Single ladder, Step ladder, Trestle ladder, Tripod ladder, Twin ladder, Stocker's ladder
4269	Step Stools	Seating option used indoors or outdoors for decorative or utility purposes, used as a 'stair stepper' to grab or to reach hard-to-reach places.
7763	Straps & Ties	Tie Down Hardware is used to secure cargo. This category includes adapters, allen screw sets, carriage bolt sets, coupling links, self-tapping
8189	Stucco Floats	Ideal tool for stucco finishing. This category includes hard, soft, darby, & slicker stucco floats along with replacement pads.
7034	Stucco Netting	Galvanized steel, zinc, fiberglass netting used as a reinforcement for stucco
7035	Stucco Tape	Tape used to mask surfaces during stucco application and painting. Use locations include: Interior, Exterior, Interior/Exterior.
7036	Stucco Trim	Carbon steel, zinc, or vinyl framing that provides reinforcement for stucco
5859	Tampers	Tool used to pack soil, gravel or other material down. Head Materials include: Carbon steel, Cast iron, Drop-forged steel, Ductile cast iron, Forged
6998	Taping Knives	Hand tool used for smoothing drywall joint compounds and tape. This category also includes some miscellaneous drywall tools such as drywall repair kit, Skimming rule, Skimming blade, Rendering rule, Scarifier, Taping
6834	Vent Pipe Flashing	A prefabricated flashing piece made from aluminum, butyl rubber, copper, galvanized steel, lead, PVC, Stainless steel, vinyl, plastic, EPDM rubber, thermoplastic elastomer, or bonderized steel used to seal tightly around

7098	Whole House Fan Shutters	shutter made of aluminum or galvanized steel that open and closes to regulate and direct airflow through the whole house.
7544	Whole House Fan Timers	An analog or digital timer designed to control how long a house fan runs.
4536	Whole House Fans	Fan installed in the ceiling inside the house that pulls fresh outdoor air through open windows. Fan Types include: Single, Tandem, Solar
4489	Window Well Covers	A metal, plastic, or vinyl safe covering for the top of window well.
4490	Window Well Liners	A decorative cover for window wells designed to be seen from inside the
4317	Window Wells & Area Walls	Semi-circular sheet of material made from metal, plastic, polyethylene, or vinyl that surrounds a large basement window and keeps the ground
7037	Wire Twisters	Hand tool with steel blades used to tightly twist wire to rebar.
6854	Z Flashing	Z shaped flashing made from aluminum, copper, galvanized steel, stainless steel, plastic, or bonderized steel for use around windows, doors, showers
5432	Accent Cabinets	Storage units with drawers, typically tall and narrow. Includes Accent,
6315	Accent Table Sets	Sets of two or more tables. These are not individual tables, but rather a pair or combination of two or more accent tables.
7899	Air Mattresses	Air mattresses used for sleeping on indoor floors or outdoor under the stars, available in king, queen, and twin sizes. This category includes standard and automotive air mattresses, made from polyester or PVC with
7988	Aprons	Clothing and accessories used during cooking to protect from stains, burns and in the handling of cookwear. Includes oven mitts, oven mitt sets, aprons, pot holders, chef hats, chef coats, kids chef hats, kids aprons, kids
5436	Armoires	Freestanding furniture that may be used to house a television along with
4855	Artificial Plants & Flowers	The Artificial Plants & Flowers category includes flowers, fruits, garlands, plants, trees, and wreaths. Some important attributes are Plant Type, Color/Finish Family, and Use Location. Lowe's also has categories for
7873	Bags & Backpacks	Bags and backpacks to be carried for traveling. Includes Backpacks, Fanny packs, 3-way bags, Totes, Laptop bags, Briefcases, Stadium totes, Picnic caddies, Picnic baskets, Swimsuit sacks, Satchels, Laptop cases, Tech
7875	Bakeware	Products that are placed in an oven for cooking. Includes Loaf pans, Cake pans, Sheet pans, Square pans, Bakeware sets, Muffin tins, Casserole dishes, Pie pans, Mini loaf pans, Roaster pans, Muffin
5453	Bar Stools & Counter Stools	Bar or counter height chair (can come with or without a cushion, swivel,

7989	Barware & Accessories	Barware and barware accessories used to create a home bar including flasks, jiggers, drink shakers, drink stirrers, wine aerators, wine chillers, drink tags, cocktail picks, muddlers, growlers, drink shakers, tasting sets,
5115	Bathroom Mirrors	Mirrors for the bathroom typically mounted over the sink
4545	Bathroom Rugs & Mats	Decorative non-slip protection from slippery bath floors. Bath rug, Bath mat, Shower stall mat, Bath runner, Bath mat set
5755	Bathroom Towels	Towels used in the bathroom for drying hands or body. Type LOV: Bath sheet, Bath towel, Fingertip towel, Hand towel, Wash cloth, Bath towel set,
5150	Bathroom Vanity Accessories	Decorative or utility add-ons for vanity tops and vanity sets.
5504	Bean Bag Chairs	Bean bags and bean bag chairs.
6274	Bed Pillows	Pillows for use in the bedroom.
6246	Bed Rails	Equipment used on the side of bed to prevent falling out of bed.
6398	Bed Risers	Plastic or wood blocks that are placed under bed posts to elevate the bed and provide space for storage beneath the bed frame.
6086	Bed Sheets	Pieces of cloth used to cover a mattress. This includes both a fitted sheet,
6423	Bed Skirts	A decorative fabric that surrounds the bottom of the bed and hangs off the edge to conceal the area under the bed.
5428	Bedding Sets	Coordinating set of bed linens for warmth and decoration
5435	Bedroom Sets	Sets of furniture that include a bed. may also include an armoire, chest, dresser, mirror or other large furniture item.
5434	Beds	Beds and bedframes to use in your bedroom.
5505	Benches	Seating. measuring 4 to 8 feet in length. may be formed out of concrete, iron, wood, thermoplastic and could possibly be painted or stained for
8029	Binders	Binders are used to storage, organize and protect paper pages and documents. Binders come in a variety of sizes including 1/2-in, 5/8-in, 3/4-
6550	Blanket Ladders & Storage	A rack or stand that is used to store and display quilts or blankets.
6426	Blankets & Throws	An individual blanket or throw that is used for decoration and/or warmth. Type LOV: Blanket, Throw, Weighted blanket, Blanket cover, Blanket tote, Swaddle, Roll-up blanket, Heated blanket, Heated shawl, Heating pad
5097	Blind & Window Shade Parts	Pieces or replacement parts used to install or repair blinds and shades. Includes Brackets, Clips, Clips and vane repair tabs, Cord cleat, Hem grip, Inside mount bracket, Outside mount bracket, Returns, Snap-on
4503	Blinds	Actual window accessory, comes in a variety of designs and materials.

6586	Board Games	A game that involves counters or pieces moved or placed on a pre-marked surface or "board", according to a set of rules.
5512	Bookcases	Holds and stores books via either closed or open shelves or storage areas. Includes
4494	Books	Learn more about construction, cooking, and more.
7619	Box Springs	Bed box springs. Includes bed slats as well as box springs.
5433	Bunk Beds	Beds that are stacked on top of each other. typically kids furniture. Includes Twin study loft, Full study loft, Twin over twin, Twin over full, Full over full, L-bunk, Twin over futon, Full over futon, Twin over queen, Full loft, Twin loft.
4497	CDs & DVDs	Listening to music and watching movies or shows.
5971	Cabinet Organizers	Single or multiple tiered organizers often built-in to maximize space in kitchen cabinets. Type LOV Stemware holder, Can crusher, Can dispenser, Mop and broom holder, Plate rack, Spice rack, Tip-out tray, Bakeware organizer, Dinnerware storage box, Can rack, Bag organizer, Under-shelf basket, Helper shelf, Lid rack, Under-sink
8134	Calendars & Planners	for scheduling upcoming events, occasions or tasks in hourly, daily, weekly, monthly increments. Includes portable, desktop and wall-mounted calendars and planners. Includes Calendar, Pocket planner, Weekly planner, Lesson planner, Class record, Assignment book, Pocket chart
6676	Candle Holders	A holder for one or more candles, used for illumination, rituals, or decorative purposes. Candle holder types include candle wall sconces (also known as wall candle holders), votive candle holders candle holder pillars,
4362	Candles	A candle is an ignitable wick embedded in wax, or another flammable solid substance such as tallow, that provides light, and in some cases, a fragrance. A candle can also provide heat or a method of keeping time.
5147	Ceiling Fan Accessories	Accessories used on or in conjunction with ceiling fans. Types include: Switch, Yoke cover, Mounting hardware, Downrod coupler, Pull chain,
7256	Ceiling Fan Parts	Parts for ceiling fans. Types include: Blade arm, blade, light kit, motor
4012	Ceiling Fans	Fans that are flush-mounted or dropped-down from the ceiling used to increase air circulation. Types include: Cage, Chandelier, Drum, Gyro,
7267	Ceiling Light Mounts	This category is used for ceiling light mounting kits and hardware, panel light frames as well as canopies for pendant lighting.

5439	Chairs	Accent chairs used to sit around the house. Includes Accent, Club, Glider, Rocking, Sleeper, Butterfly, Balloon, Chesterfield, Corner, P apasan, Slipper, Theater seating, Wingback
5440	Chaise Lounges	A chaise is an elongated chair typically without arms. a settee is a small couch-like bench with curved arms and back.
4014	Chandeliers	Branched decorative ceiling-mounted light fixture with two or more arms bearing lights. Shapes include: Abstract, Candle, Draped, Drum, Empire,
6227	Christmas Tree Storage Bags	Storage bags or bins that are used to house Christmas tree parts in off
8041	Classroom Decorations	Educational or inspirational art and accents for a space dedicated to learning. Includes Poster, Banner, Borders and trim, Accents, Other
8032	Clips & Fasteners	Devices for holding documents together or for fastening them to a surface. Includes Paper clips, Binder clips, Pushpins, Rubber bands, Butterfly clips, Bulldog clips, Prong fasteners, T pins, Hole reinforcements, Magnets,
7322	Clocks	Both digital and analog clocks for reading time. Includes clocks, clock radio
6409	Closet Rods	A standard rod mounted from wall to wall inside of a closet used to hang
4480	Clotheslines & Drying Racks	Outdoor or indoor rack used to air dry, store or hang clothing or other items. Included Clothesline, Drying rack, Retractable clothesline, Umbrella clothesline, Clothesline post, Clothesline pulley, Clothesline tightener,
4711	Clothespins	Clothespins are clips used to hang garments and textiles such as bedding and rugs. Clothespins are typically used to allow wet textiles to dry while hanging. They may also be used to display quilts, rugs, banners, flags, etc.
6402	Clothing Racks & Portable Closets	A frame used for hanging and storage of apparel items. Includes Clothing rack, Luggage rack, Portable closet, Mannequins.
4702	Clothing Storage Accessories	Attachment or add-on parts used to store and organize clothing related items. Includes Underbed storage bag, Clothes organizer, Garment bag, Over-the-door handbag organizer, Hanging closet organizer, Garment
4365	Coat Racks & Stands	Devices ideal for hanging or storing clothing items such as coats. Includes
8156	Coffee & Beverage Organization	devices for display or storage of single-serve beverages, accessories and drinkware. Type LOV: Mug stand, Coffee organizer, Coffee cup dispenser, Coffee sleeve dispenser, Coffee pod case, Mug rack, Travel beverage
6300	Coffee Tables	Tables used to complement living room decor. Typically placed beside
6424	Comforters & Bedspreads	Thick blanket that is used to cover the top of the bed for decor and warmth. Includes Bedspread, Comforter, Quilt, Crib, Duvet, Duvet cover.

7697	Complete Post Lights	A pole with a light at the top. Please note only products that have all parts and can be fully assembled should live in this category. Types include: Pier-
6301	Console Tables	Tables used to complement living room decor. Typically placed beside couches or other seating. Includes console as well as sofa tables.
6234	Cooking Pans & Skillets	Pans or skillets typically used in cooking. Includes Baking pan, Cooking pan, Cookware set, Cornbread pan, Fajita pan, Paella pan, Pizza stone kit, Skillet,
6233	Cooking Pot Accessories	Accessories for cooking pots, pans, skillets, etc. Includes Bacon press, Fryer basket, Lift hooks, Perforated basket, Pot lid, Steam topper, Tripod stand, Skimmer, Paddle, Spoon, Ladle, Complete poultry frying rack set, Coffee
6144	Cooking Pots	Pots typically used in outdoor cooking to boil, fry or steam food.
5452	Couches, Sofas & Loveseats	Seating for two or more people generally used in family or living rooms. Includes Loveseat, Sectional, Settee, Sofa, Sleeper, Sectional arm, Sectional
6638	Cribs	High rail sleeping quarters for infants which may convert to a toddler bed. Includes Convertible, Mini, and Standard types.
6334	Cube Storage Organizers	Storage unit with cubbies or drawers and the cubes or drawers to be
7441	Curtain Rings	A circular ring for holding curtains on a curtain rod
7442	Curtain Rod Brackets	Hardware used to mount curtain rods. Includes Double curtain rod bracket, Single curtain rod bracket, Traverse curtain rod bracket, Curtain rod tension
7443	Curtain Rod Finials	Decorative ornament used on the ends of curtain rods
7444	Curtain Rods	Device used to suspend curtains. Includes a wide variety of rods such as bay window curtain rods, curved, sash rods, swing arm, tension, traverse,
7440	Curtain Tiebacks & Holdbacks	A decorative strip of cloth, cord, or metal for draping a curtain to the side
7439	Curtains & Drapes	Material used to cover or decorate a window. Includes Curtain panel pair ,Single curtain panel, Curtain panel 4-pack.

6214	Conduit (By-the-Foot)	Conduit (by-the-foot) is SOLD BY THE LINEAR FOOT and are tubing that protects electrical wiring; includes EMT, ENT, IMC, Flex, Rigid and Liquid-
4601	Conduit Benders & Accessories	This category includes electrical, handheld, and mechanical conduit
7686	Conduit Bodies	Conduit bodies refers to a separate portion of a conduit or tubing system which provides easy access through a removable cover to the interior of the tubing system; includes Conduit body cover, Conduit body gasket, Mogul conduit bodies, Service entrance LB conduit bodies, Type c
4628	Conduit Fittings	Conduit fittings are fittings ideal for conduit tubes or pipe; includes Bushing, Cap, Clamp back, Clamp, Connector, Coupling, Elbow, Hangers, Head, Hub, Jumper assembly, Lock-a-liner, Locknut, Nipple, Pennie, Strap,
4604	Cord Covers & Organizers	Cord covers and organizers comprise non-code rated cord organization and protection for use on walls, floors, ceilings; includes Cord cover clips, Cord cover coupling, Cord cover elbow, Cord/Cable organization kit, Flat screen TV kit, Home theater cabling kit, Inside elbow cord cover, Outside elbow cord cover, Overfloor cord protector, Radius corner cord cover, Segmented
7642	DVD Players	DVD players are devices that play DVD or Blue-ray discs.
7413	Dash Cams	Dash cams are onboard cameras that continuously record the view through a vehicle's windshield, often in conjunction with companion applications
5918	Data Cable	Data cables are electrical cables that are used to send information signals; this can be accomplished by optical fibers, coaxial conductors, copper
5108	Decorative Rope & Strip Lights	Tubing with lights enclosed within- Tape lights live in Under Cabinet Lights;
6130	Door & Window Sensors	Door and window sensors are devices that are installed on windows or doors to detect when windows or doors are opened via a magnetic

5076	Doorbell Buttons	Doorbell buttons, typically installed near an exterior door, are signal devices in a doorbell that triggers it to ring or chime when depressed.
4008	Doorbell Kits & Chimes	Doorbell kits and chimes include doorbells and kits required for installation.
5075	Doorbell Parts & Accessories	Doorbell parts and accessories are products for installing, repairing or enhancing use of doorbells and related items; includes Doorbell transformer, Doorbell extender, Doorbell solar panel, Doorbell power supply, Doorbell solar charger, Doorbell graphic, Doorbell skin, Doorbell
6356	Doorbell Wire	Doorbell wire includes single conductors for connecting call bells, buzzer systems, and door chimes on low voltage battery or transformer circuits and multi-conductors suitable for furnace controls; sold by the foot or by
7569	Drone Spare Parts	Drone spare parts are used for repairing, customizing, and storing drones; includes Backpack, Bumper, Case, Controller, Motor(s), and Propeller(s).
7507	Drones	Drones are remote-controlled flying devices, outfitted with cameras, that are used to observe and photograph things from the air.
8198	Dual Armored Cable	Dual armored cable are cables that combine both a power conductor with a control, signal or data cable within one aluminum, steel or PVC armor
5104	Dusk-to-Dawn Flood Lights	Lights that are controlled by ambient light. When external light is shining, dusk-to-dawn lighting extinguishes. when external light is absent, dusk-to-dawn light is activated. Types include: Area light, Canopy light, Floodlight,
6518	Electric Car Charger Accessories	Electric care charger accessories are additional items owners of electric car chargers can buy to use the charger more efficiently or maintain it properly; includes EVC software, RFID card, RFID remote programmer,
5535	Electric Car Chargers	Electric car chargers are devices use to charge electric vehicles.
4611	Electrical Box Covers	Electrical, or junction box covers, are used to conceal or protect electrical outlets. They are generally made from either metal or plastic, can be
7184	Electrical Box Knockout Plugs	Electrical box knockout plugs are used to close exposed holes in an electrical box or metal enclosure, while knockout plugs are used to create exposed holes in an electrical box or metal enclosure; includes both
7244	Electrical Box Mounting Brackets	Electrical box mounting brackets are used to mount ceiling, floor or wall electrical boxes and are typically made from plastic or metal.
7245	Electrical Box Mounting Hardware	Electrical box mounting hardware is used to mount ceiling, floor and wall electrical boxes; includes bar hanger, box holder, and swing ear.

4634	Electrical Boxes	Electrical boxes are mounted boxes used to enclose wire connections for applications such as light switches and electrical outlets; includes Adjustable, Angled, Ceiling pans, Enclosure, ENT, Fire alarm, Handy,
4640	Electrical Disconnects	Electrical disconnects minimize the risk of electric shocks, injuries and deaths and electricity-related fires; includes Safety switch, Enclosed circuit
4871	Electrical Outlet Covers	Electrical outlet covers are designed to cover electrical boxes for
6766	Electrical Outlet Gaskets	Electrical outlet gaskets seal and insulate wall cavities behind outlet and switch plates; they are typically made from foam.
4869	Electrical Outlets	Electrical outlets are receptacles that provide a place in a wiring system where current can be taken to run electrical devices; includes Air conditioner power outlet, Dryer power outlet, Generator power outlet, Outlet, Range power outlet, RV power outlet, Welder power outlet,
4638	Electrical Tape	Electrical tape is a type of pressure-sensitive tape used to insulate electrical wires and other material that conduct electricity; includes liquid electrical
6358	Electrical Whips & Whip Kits	Electrical whips and whip kits are used to connect air conditioners, pumps, motors, or swimming pool devices; includes Lighting whip, Lighting whip kit, A/C whip, A/C whip kit, Modular whip, and Modular whip kit.
4620	Electronics Cleaners	Electrical maintenance accessories are chemicals and tools used to maintain electrical hardware; includes Anti-oxidant compound, Contact cleaner, Duct seal, Lint remover, Freeze spray, Wipes, Cleaning kit, Disc
5088	Emergency & Exit Lights	Used for indoor or outdoor use in hallways, parking areas and garages. Types: Exit light, Emergency light, Exit and emergency light.
6172	Emergency Alert Devices	Emergency alert devices contact help during emergency situations and may include portable or mountable devices.
6643	Emergency Lighting Battery Packs	Emergency battery backup units for light fixtures. Type include: Lithium, Lithium ion (Li-ion), Nickel cadmium (NiCd), Nickel metal hydride
6183	Energy Monitoring Systems	Energy monitoring systems are communications hardware and software used to monitor the performance of a solar PV or thermal system via the Internet; types include Current transformer communication, Inverter-direct
7997	Ethernet Cables	Ethernet cables, sometimes referred to as network cables, are cords that run from a router, modem, or network switch to your computer, giving your device access to the Internet; includes Cat 6, Cat 5e, Cat 5e; Slim Cat 6

4874	Extension Cord Accessories	Extension cord accessories include items that organize and provide storage for extension cords; types include Extension cord reel, Extension cord plug connection protector, Extension cord storage wrap, Extension cord
4626	Extension Cords	Extension cords are used to provide electricity at a distance away from the actual electrical outlet and is also known as a drop cord; includes Flat plug extension cord, Foot switch extension cord, General extension cord, Lighted and locking extension cord, Lighted extension cord, Locking
7457	Fan Controls	Fan controls are typically wall-mounted devices that can turn a fan on or off and allow for the adjustment of fan speed and light, where applicable;
4729	Fire Extinguishers	Fire extinguishers are hand-held device used to put out home fires. Extinguishers contain carbon dioxide and other substances that reduce the fire's heat, smoke and oxygen so small flames can be doused on the spot. Most extinguishers can be used more than once if there are contents
4629	Fish Tape & Poles	Fish tape and poles are stiff metal lines or rods used to pull or route wires through walls and electrical conduits. Types include fish tape, fish poles, fish tape repair kit, pulling head, head pulling device, polyline, glow in the dark fish pole, pulling grip, pull line, pulling rope, telescopic fish pole, cable
7567	Fitness Trackers	A fitness tracker can tell you a lot about your health. Today's fitness trackers monitor your steps, heart rate, sleep patterns and respiration, and can automatically detect when you're doing a strenuous activity. By connecting your fitness tracker watch to the device-specific app on your smartphone, you can see how many calories you're burning in real-time.
5079	Fixed Track Lighting Kits	Light heads mounted at fixed intervals on tracks either directly to ceiling or on a base. Types: Flush-mount light kit, Track bar light kit.
4788	Flashlights	Handheld portable lights that do not have a hardwired power source.
5077	Flexible Track Lighting Kits	Track lighting with a flexible, configurable track and/or light heads.
5070	Fluorescent Lighting Parts & Accessories	Replacement or add-on parts for fluorescent lighting items. Types: Bulb guard, Chain cable, Chain guard, Decorative end cap, Downrod, Lamp
4603	Fuses	Fuses are safety mechanism that keep an electrical breaker from overloading. Types include the common cartridge fuse. These cylindrical-shaped parts are capped on either end with metal. Fuses with a glass cylinder make it easy to determine if the fuse is blown. The Edison-style base helps eliminate error as the screw size is relative to the socket. Types
7513	General Purpose Light Bulbs	Light Emitting Diodes that illuminate the space. Types include: Light fixture,

4607	Generator Power Inlet Boxes	Power inlet box wired to indoor load center and mounted to an exterior wall near where generator is running, power box for generator. An inlet box works in conjunction with a transfer switch, so you can direct power
4873	Generator Transfer Switch Kits	Generator transfer switch kits are installation kits for transfer switches; includes Circuit breaker, Connector, Knife switch, Lock plug, Panel, Transfer
6126	Ground Wire	Ground wire is a bare wire typically made of copper that is stranded or solid. These wires do not have any protective jacket and are used for
4602	Grounding Bars	Grounding bars and grounding rods are electrical connections that divert undesirable current in order to protect humans and equipment. They provide a physical connection to the earth and are used to dissipate
7796	Grow Light Fixtures & Kits	Light fixtures and kits designed to assist with plant growth. Types: Clamp light, Grow light kit, Grow tent kit, Reflector light, String grow lights, Strip
8150	Grow Light Parts & Accessories	Components for use with grow lights. Types: Conversion kit, Digital ballast, Socket adapter, Ceramic metal halide ballast, Grow tent
5144	HDMI Cables	HDMI cable means High-Definition Multimedia Interface, a standard for simultaneously transmitting digital video and audio from a source, such as a computer or TV cable box, to a computer monitor, TV or projector;
5917	Headphones	Headphones are portable speakers that are designed to be worn on your head; includes earbud, over the ear, on the ear, charging case, and
4616	Heat Shrink Tubing	Heat shrink tubing is a thermoplastic tube that shrinks when exposed to heat. When placed around wire arrays and electrical components, heat shrink tubing collapses radially to fit the equipment's contours, creating a protective layer. It may cover parts of individual wires or bundle entire
7797	High Bay Lights	Heavy duty lights used to light both the floor and vertical surfaces
7931	Home Security Systems	Residential systems and components used for home security. Types: Security system kit, Intercom, Intercom frame, Bug detector
8142	Home Theater Parts & Accessories	Home Theater Parts & Accessories are used to connect, power or enhance performance of home theater systems.
5916	Home Theater Speaker Systems	Home theater speaker systems contain multiple speakers of varying sizes and shapes; includes Signal extender, Subwoofer, Theater system wall
7979	Home Utility Monitors	Home utility monitors connect to a home electricity meter or electrical panel and monitor and provide data regarding total home energy use and energy used by individual circuits, often in conjunction with a companion

8199	Inspection Cameras	Inspection cameras are small cameras on the end of a flexible tubing with a handset and screen that allow for seeing into hard to reach locations.
7864	Jumper Cables	Jumper Cables, also known as booster cables or jump leads, are a pair of insulated wires of sufficient capacity with alligator clips at each end to interconnect the disabled equipment/vehicle with an auxiliary source, such
7246	Junction Boxes	Junction boxes are electrical boxes used where wires connect only to each other, never to a switch, receptacle or fixture, and allows circuits to be
8138	LED Panel Lights	Commercial light fixtures which sit flush into drop ceilings
5078	Lamp & Light Controls	Lamp and lighting controls are devices used to control lighting systems in homes; includes Motion-sensor light control, Touch lamp control, Adjustable lamp control, Dusk-to-dawn security light control, Dusk-to-dawn lamp control, Dusk-to-dawn flood light control, Dusk-to-dawn candelabra
6359	Lamp Cords	Lamp cord suitable for lamps, clocks, household fans and small appliances where not subjected to hard usage; sold by the foot or by the roll.
6826	Landscape Lighting Accessories	Add-on or replacement components for landscape lighting systems. Types: Female adapter, Female wire, Lens, Louver, Male adapter, Male wire, Mounting bracket, Shield, Stake, String light installation kit,
6820	Landscape Lighting Batteries	Landscape Lighting Batteries are used in landscape lighting fixtures. Types include: Alkaline, Lithium, Nickel cadmium (NiCd), Nickel metal hydride
6361	Landscape Lighting Cable	Sold by the linear foot: Underground landscape lighting cable is suitable for outdoor accent lighting and landscape lighting applications not exceeding 150 volts. This product can be installed outdoors exposed to sunlight. Low voltage underground landscape lighting cable is suitable for
6821	Landscape Lighting Cable Connectors	Items for connecting multiple landscape lighting components.
5109	Landscape Lighting Transformers	Used to transform 120 volt power to low voltage for landscape lighting.
4006	Light Bulb Changers	Light bulb changers typically consist of long rods with adapters included to change broken or difficult to reach bulbs.
7740	Light Dimmers	Light dimmers are devices which facilitate the dimming functionality of a light; includes Companion Dimmer, Master Dimmer, Light dimmer kit, Light dimmer, Light dimmer starter kit, Plug-in lamp dimmer, and Light dimmer
7266	Light Fixture Extension Cords	Extender provides additional length for installations on high ceilings or for
7741	Light Sensors	Lighting controls whose functionality is automated with sensors and turns your lights on and off depending on whether someone is nearby; includes indoor and outdoor for any kind of light, including LED, fluorescent,

4870	Light Socket Adapters	With a light socket adapter, you can easily allow your fixtures to use larger or smaller light bulbs. You can even convert them into an electrical outlet, so you can power a plugged-in device wherever it's convenient in your home. A socket left empty could also be a fire hazard if dust or lint gets
4868	Light Sockets	Light sockets are wired for various types of lights; includes varieties such as plastic or porcelain fabrication, 1-bulb configurations with multiple grounding-wire outlets, and sockets for ceiling lights, lamps, cleats and more. You can also find a light socket with a cord to replace worn-out cords
7459	Light Switches	Light switches are constantly used to turn on lights, fans and appliances; includes rocker, toggle, tap, framed toggle, push, combination, touch, rotary, momentary, door light, touchless, pull, remote control, lever, and
7460	Lighting Control Parts	Lighting control parts include replacement rotary knobs and slide levers for
5571	Lighting Timer Accessories	Lighting timer accessories are parts used in conjunction with lighting timers; includes Tripper pins, Adapter plate, and Enclosure.
4011	Lighting Timers	Lighting timers turn lights off or on at a pre-determined time. In-wall, plug-in, or wall-mount lighting timers work for almost every type of lighting, from indoor lamps to holiday lights to floodlights. They also work well with
5037	Linear Track Lighting Kits	Track lighting kits set on straight, fixed configuration track.
4637	Lugs	Used with copper wires primarily used for grounding, and electrical burial applications. Not lug nuts (which are found in Specialty Nuts), not for
7767	Media Streaming Devices	Media streaming devices are for use with TVs or other video viewing appliances on which you can stream content; includes Chromecast, Fire TV, HDDomeRun, Premiere, SONOS, Streambar, Streaming Stick, Ultra, and
7999	Mesh Wi-Fi Systems	Mesh Wi-Fi systems employ range-extending technology to create a steady, speedy signal; includes mesh Wi-Fi router and point bundle and add
8151	Metal Detectors	Metal detectors are instruments used to find concealed metal objects; includes item locator and transmitter and wand.
4635	Meter Sockets	A meter socket is a type of outdoors electrical socket that connects a watt-hour meter, or electrical meter, to a house.
5996	Mobile Device Chargers	Mobile device chargers are power adapters that can be used to charge electronic devices; includes Car charger, Charging mat, Combination charger, USB charger, Wall outlet charger, Power bank, Wireless, A/C and

5467	Mobile Phone Cases	Mobile device cases are cases used to protect and carry cell phones, smart phones, and PDAs. They are made from materials such as plastic, nylon, polyester, thermoplastic polyurethane, silicone, and leather; includes cell
6931	Mold Test Kits	Home testing solution that samples for mold and other harmful particulates; includes Allergen test kit, Asbestos test kit, and Mold test kit.
5422	Motion & Light Sensor Adapters	Motion and light sensor adapters are used with outdoor light fixtures to modify existing lights to motion sensor lights; includes Motion sensor, Light
6135	Motion Sensors & Detectors	A security motion detector using passive infrared technology. Types
5069	Motion-Sensor Flood Lights	Motion-activated lights that come on or off with motion.
7840	Network Enclosures & Accessories	Network enclosures and accessories are used to organize and secure networking, storage and telecom equipment; includes Cable management clips, Fiber management spools, Knockout grommets, Mounting plate, Trim
6540	Network Switches & Ethernet Hubs	Network switches and ethernet hubs are computer networking devices that link network segments or network devices; receives a message from any device connected to it and then transmits the message only to the
4639	Non-Metallic Wire	Non-metallic wire is used to transmit electricity. The non-metallic (NM) designation refers to the outer sheathing that bundles individual wires together like a cable. This is in contrast to metallic sheathed cable or conduit wiring, in which the bundle of individual conductors is protected by
6128	Off-Grid Solar Inverters & Power Systems	Off-grid solar inverters and power systems are specialized inverters that work from a battery bank to provide AC power in a off-grid installation.
6618	Outdoor Wall Light Accessories	Accessories for outdoor wall lights. Types: Baffle, Dark sky cup, Lens,
7998	Patch Panels	Patch panels bundle multiple network ports together to connect incoming
6806	Path Lights	Individual path Lights or path light kits for illuminating outdoor walkways or
5914	Phone Cable	Phone cable consists of modular telephone cord used to connect the two
4615	Plugs & Connectors	Plugs and connectors may join two lengths of flexible wire or cable or connect a wire or cable or optical interface to an electrical terminal; includes plug, connector, outlet, and adapter for industrial, heavy-duty,
6081	Portable Power Stations	Portable solar generators are generators that use solar panels that can collect, store, and use solar energy to power household devices. Solar panel generators don't actually generate or produce power the way fossil fuel-powered units do. Instead, solar energy is collected via solar panels

6129	Portable Solar Inverters	Portable solar inverters are small inverters that are carried by a person or mounted in a vehicle, with or without integrated storage, and are used to convert direct current (DC) output from solar panels into alternating
5692	Portable Solar Panel Accessories	Portable solar panel accessories consist of additional accessories used in conjunction with portable solar panels; includes Case, Tripod, Sleeve, Solar
5195	Portable Solar Panels	Portable solar panels collect, store, and use solar energy to power mobile devices or 12-volt batteries, with power outputs up to 200 watts.
5700	Portable Solar Power Kits	Portable solar power kits are complete portable kits used to collect, store, and use solar power. A complete kit must include solar panels, battery
7485	Portable Speaker Cases	Portable speaker cases are cases for portable speakers; category also includes portable speakers, megaphone, condenser microphone kit, portable speaker with microphone, UHF wireless microphone and headset
6656	Power Adapters	Power adapters used with electronic Christmas collectibles.
4644	Power Cord	Power cord is cord that transmits electricity. Typical applications include wiring for industrial machinery, washing machines and various other large appliances, heavy-duty tools, motors and temporary electrical power, and
4867	Power Strips	A power strip is a block of electrical outlets attached to a single power cord. Power strips usually have a circuit breaker to protect against electrical overloads and shortages. Strips have either a plastic or metal case and a flexible power cord that can vary in length depending on your space
6363	Primary Wire	Primary wire is a low voltage wire intended for use at nominal system voltages and provides protection in high temperatures, and fluids
8127	Printers	Printers are used for home printing of documents or photographs and include inkjet printers and photo printers.
8004	Projector Mounts	Projector mounts allow for mounting of projectors on walls or ceilings and also include projector mount extensions and replacement lamps.
5157	Projector Screens	Projector Screen let you go big while offering portable and easy-to-store
7653	Projectors	Projectors are devices used to watch video and cast images on to a wall or screen; types include Business, Classroom, Home theater, Pico, and Pocket.
8039	Public Address System Parts & Accessories	Add-on and replacement parts for PA systems. Types: Accessory kit, Amplifier, Companion speaker, DJ controller, Headphones, Jack box, Line array speaker, Megaphone carry bag, Media player, Microphone, Mixer,
8038	Public Address Systems	Systems which provide for amplification and broadcasting of voice or music. Types: Megaphone, Public address system, Wireless microphone

7594	Raceway	Raceway are surface mounted channels used for installation of line voltage and to conceal cables. They can be round, flat, or squared, and are made
7595	Raceway Accessories	Raceway accessories consist of items used in conjunction with raceway; includes adapter, electrical box, extension box, fan box, switch box kit, receptacle enclosure kit, coupling kit, elbow kit, inside elbow, outside
4750	Radon Detectors	Radon detectors detect air and spots for toxic mold in the home or workplace; includes Radon detector and Hydrogen Sulfide detector.
6613	Recessed Light Accessories	Accessories for use with recessed ceiling fixture installations. Types: Clips, Cover, Furring channel, Gasket ring, Hanger bar, IC box, Tape, Plaster
4009	Recessed Light Housings	The bulk of the fixture which is hidden within the wall or ceiling and contains the electrical connections of the recessed light fixture.
5701	Rechargeable Battery Chargers	Rechargeable battery chargers are stations that are used to charge various battery types; types include AAA, AA, Lithium for RV or cabin or boat, and
6210	Roof Solar Panel Mounting Hardware	Roof Solar Panel Mounting Hardware is specialized hardware for attaching solar mounting rails to a roof; includes Ballast trays, Flashed footings, L-
8131	Screen Protectors	Screen protectors are clear sheets of glass or plastic that adhere to the screens of electronic devices to protect them from damage. Screen protectors are used for devices such as phones, tablets, watches and
7932	Security Alarm Accessories	Home system and personal security component items. Types: Keypad, Personal alarm, Range extender, Remote control, Item locator, Item locator and transmitter, Glass vibration alarm, Indoor siren, Access tag,
6364	Security Cables	Security cables are suitable for interconnection of electrical devices within a security & fire protective signaling system; can be used in dry or damp
7592	Security Camera Accessories	Add-on components to security camera systems. Types: Accessory kit, Camera skin, Charging station, DVR, Extension cable, Infrared Illuminator, NVR, Range extender, Rechargeable battery, Solar charger mount, Solar
7529	Security Camera Mounts	A device used to secure a security camera in place.
6105	Security Cameras	Closed circuit surveillance cameras that transmit a signal to a specific place on a limited set of monitors. Types include: Floodlight, Spotlight, Bullet, Dome, License plate, Pet, Garage, Desk clock, Smartphone charger, Alarm
4614	Service Entrance Cables	Service entrance cables are ideal for service conductors and for feeders and branch circuits in residential and small commercial installations; includes
4007	Shop Lights	Used to light shops, work shops, garages and other spaces.
5675	Shower Radios	Small radio made for listening in the shower or wet areas.

6292	Simulated Security Cameras	A dummy video camera used at the home, office or parking garage to deter
7967	Smart Accessories	Items used to support your smart device. Types: Backpack outlet mount, e-Reader case, In-wall flush mount, Outlet hanger mount, Outlet mount, Outlet shelf mount, Pedestal mount, Streaming device mount, USB outlet
8024	Smart Home Bundles	Smart home bundles are collections of items for the home that are connected to the internet and may include door sensors, lightbulbs, light dimmers, light switches, motion sensors, security cameras, smart hubs,
6132	Smart Plugs	Device which either fully or partially enables automation functionality
6131	Smart Speakers & Displays	Control unit for home automation systems. Types include: Bridge, Speaker,
8206	Smartphone & Camera Accessories	Smartphone and camera accessories are items used in conjunction with smartphones and/or cameras; includes Photographic film, Tripod, Selfie stick, Tripod with ring light, Phone grip, Phone ring, Lightning to 3.5-mm
7531	Smartphones & Cameras	Smartphones are portable telephones with advanced computer-like functionality, while cameras are used to take photographs, either in conjunction with, or without, smartphones; includes Camera, Smartphone, Watch camera, Body camera, Trail camera, Thermal trail camera, A/C and
4779	Smoke Detectors	Smoke detectors are alarms used to detect harmful, or potentially dangerous amounts of smoke; includes Heat detector, Smoke detector, and
6019	Solar Electric Power Kits	Solar electric power kits are full kits for roof mounted solar modules and include everything required to function as a full system; includes Grid-tie, Off-grid, Grid-tie with battery back-up, and Power expansion module.
6184	Solar Panel Mounting Accessories	Solar panel mounting accessories are accessories used with solar panel mounting systems; includes Channel nuts, Cosmetic enhancement, Electrical grounding, Modify mounting configuration, Splicing rails, Tilt legs,
5194	Solar Panels	Solar panels collect and store solar energy for residential and commercial usage; includes monocrystalline, polycrystalline, amorphous, and CIGS.
7630	Sound Bars	Sound bars are low-profile, bar-shaped, devices containing multiple speakers, typically used with a television set, computer, or MP3 player.
5912	Speaker Wire	Speaker wire is designed specifically to connect a speaker to a receiver; can be standard or in-wall, and is sold by the foot or by the roll.
5421	Speakers	Speakers broadcast audio from an audio/video device; includes In-ceiling, In-wall, Portable, Outdoor, Bookshelf, Party, Personal, Computer, and
4598	Specialty Wire & Cables	Specialty wire and cables are copper wires housed in jackets that are rated for corrosive materials and may be used for connecting VHF, UHF, or FM

6808	Spot & Flood Lights	Staked landscape Lighting fixtures used to illuminate the outdoors.
6365	Sprinkler Wire	Sprinkler wire is intended to be buried underground and connects the sprinkler system to landscape lighting. These wires are meant for field and central controls in your underground system. Sprinkler system wire can be purchased by the foot (continuous) or by the roll and a variety of lengths in
6667	String Light Bulbs & Fuses	Replacement light bulbs or fuses for string or net lights and outdoor
4341	String Lights	String lights not associated to a particular holiday but rather with bulb types such as Edison, Fairy, Globe, Micro, Mini, Novelty.
7798	Strip Light Fixtures	Commercial lighting fixtures which use tube lights.
4627	Strut Accessories	Strut fittings are parts used in conjunction with struts to support electrical conduit, cable trays, panel boxes, or other equipment; includes Pipe strap,
4641	Struts	Struts are rods or bars forming part of a framework and designed to resist compression. They are used to support electrical conduit, cable trays, panel boxes, or other equipment; types include Half slot channel, Punched
6367	Submersible Pump Cables	Submersible pump cable is an unjacketed twisted assembly of standard conductors that are rated for wet location use and are used with
4618	Surge Protectors	A surge protector, also known as spike suppressor, surge suppressor, surge diverter, surge protection device (SPD) or transient voltage surge suppressor (TVSS), is an appliance or device intended to protect electrical devices from voltage spikes in alternating current (AC) circuits; types
5072	Switch-Controlled Flood Lights	Floodlights controlled by a switch. Types: Canopy light, Floodlight.
4610	TFFN & THHN Wire	Color coded, heat and moisture-resistant pace insulation.
7947	TV Accessories	Includes bezel frames and digital TV converter boxes. Bezel frames encompass everything around the front of the television that isn't the screen. Digital TV convertor boxes receives a digital television transmission,
6558	TV Antenna Amplifiers & Preamplifiers	Tunes or clears signals for televisions, displays and projectors that do not have built-in tuners. Used for standard and high definition tuning.
7041	TV Antenna Mounting Hardware Kits	Hardware designed for installing antennas.
7300	TV Antenna Mounts	Mounts for securing antennas to roofs and other surfaces
4612	TV Antennas	Used to obtain reception for televisions, reads radio signals.
4479	TV Mounts	Used to mount flat screen televisions to walls.
7610	TVs	Electronic display screen used for watching television programs and movies
7920	Tablet Accessories	Table accessories are used in conjunction with tablets and may include stands, holders, keyboards, keyboard cases, and power banks.

7839	Tablets	Tablets are mobile devices, often with mobile operating systems and touchscreen capability, that perform similarly to computers but may lack
4624	Temporary Power Distribution	Economical way to distribute temporary power.
4599	Terminal Wire Connectors	Terminal wire connectors.
7684	Test Kits	Detection devices for various types of hazardous elements
4613	Test Meter Accessories	Test meter accessories consist of items used in conjunction with test meters; includes probe tip, circuit breaker finder adapter, hanging strap, fuse, case, replacement pins, camera cable, bead probe, non-contact AC
4642	Test Meters	Test meters are devices used to test for various things, such as moisture, electricity, temperature, light, and lead; includes Clamp meter, Moisture meter, Multimeter, Specialty meter, Infrared thermometer, Circuit tester, Circuit analyzer, Circuit breaker finder, Circuit tracer, Fork meter, Voltage
7285	Thermal Cameras	Handheld devices used to detect electrical or mechanical overheating, air leaks and other issues identifiable by thermal imaging.
6369	Thermostat Wire	Wire used specifically in thermostat control applications
7373	Track Lighting Components	Add-ons or replacement parts for track lighting including connectors, cables, transformers, adaptors, kits, power feeds.
7375	Track Lighting Heads	The actual light portion of a track lighting kit. Types: Head(s), Pendant(s).
7795	Troffers	Light fixtures designed to fit into a modular dropped ceiling grid.
7938	Turntables & Accessories	devices that play vinyl records and parts or accessories for said player. Type LOV: Record player carrying case, Vinyl record storage case, Record player stand, Turntable (record player), Turntable Preamp, Record cleaning kit,
4625	UF Wire	Underground feeder.
5909	USB Cables	The cables, connectors and communications protocols used in a bus for connection, communication and power supply between computers and
8197	UV Light Sanitizers	Powered items used for various sanitation or disinfecting needs. Types: UV sanitizing wand, UV box, UV disinfection light.
5064	Under Cabinet Lighting Parts & Accessories	Add-on or replacement components for an under cabinet light system. Types: Channel, Cord and plug, Coupler, Diffuser, Direct wire conversion box, Direct wire converter module, Disk light trim, Hardware kit, Jumper cord, LED driver, Line voltage dimmer, Linking cord, Master switch, Motion-activated switch, Mounting clip, Plug/USB adapter, Remote control, RGB
5110	Under Cabinet Lights	Lighting for use that can be used in or under cabinets. Types: Drawer, Light
5145	Universal Remotes	Universal remote controls used with fans, lights, TV, light controls.

5908	Video Cable Splitters	Splits coax cable outlets multiple ways. Can also be used to split satellite
6512	Video Cable Switches	An HDMI connector that offers 2 or more inputs linking to a single output that allows the user to switch between input sources. This creates
5907	Video Connectors	Connectors that are used at the end of video cables to connect video
7982	Video Doorbells	Video doorbells are doorbells with built-in cameras, often used in conjunction with a computer application, that allow users to monitor an entryway; they may be battery-powered or hardwired into an existing
5906	Voice & Data Connectors	Small clips that are used at the end of voice and data cables to connect
7800	Wall Pack Lights	Wall-mounted outdoor light fixtures used for illuminating areas with
7329	Wall Plate Spacers	Adjusts the depth of the receptacle or switches for proper fit of face plates
4643	Wall Plates	Plates and inserts designed to cover drywall inlet for wall-mounted
6819	Well Lights	Upward lighting usually installed in the ground. Types: Well light, Well
7284	Whole House Surge Protectors	Surge protection devices installed in the breaker panel or next to it, providing protection to all downstream points of current.
6085	Wi-Fi Extenders	Wireless range extenders or wireless repeaters can extend the range of an existing wireless network. When strategically placed, range extenders can elongate a signal area or allow for the signal area to reach around barriers.
6084	Wi-Fi Routers	A device that performs the functions of a router but also includes the functions of a wireless access point and a network switch. It provides
5416	Wind Turbines	Turbine attached to a wheel that generates electricity with wind power.
8171	Wire & Cable Pulling Tools	Wire & Cable Pulling Tools include Cable puller grips, Cable Pulling
4632	Wire Connectors	Conjoins electrical circuits.
4609	Wire Pulling Lubricants	Lubricants for wire pulling, for smooth low-tension wire and cable pulling.
4631	Wire Strippers, Crimpers & Cutters	Tools used to adjust wire's length.
4005	Work Lights	Ideal for use in shops, work shops, garages, etc. to provide light.
7799	Wraparound Lights	Tube light fixtures whose lens wraps around the sides to diffuse the light.
6371	XHHW Wire	XHHW Wire is typically used in conduit or other recognized raceways for services, feeders, and branch circuit wiring -- XLPE (cross-linked
5560	Accent & Trim Tile	Accent & trim tile is decorative tile that is less than 1 square foot. Types include bullnose, corner shelf, border, cove, crown, half round, mud cap, pencil liner, quarter round and threshold. Styles encompass classic, industrial, modern, traditional, transitional, vintage, farmhouse/rustic

4122	Backsplash Panels	Backsplash panels are a section of material added onto the wall behind a sink or a counter, usually in a kitchen. provides an easy-to-clean surface, so that messes or splashes won't mark painted walls or wall paper. Types are kitchen, bath, bar, and multipurpose. Material options are laminate, granite, quartz, solid surface, wood, concrete, composite, stone, metal,
4678	Carpet	Carpet used for covering floors in commercial and residential settings for use in basements, bedrooms, hallways, living rooms, offices and stairs. Carpets can be constructed in Berber, needlebond, pattern, plush, shag, textured, level and multi-level loop styles available in acrylic, nylon, olefin,
4655	Carpet Cutters	Carpet cutters trim carpet to correct length during the installation process. Types include wall trimmers, row cutters, cushion back cutters, and napping shears and handles are available in plastic, rubber, composite,
4651	Carpet Knee Kickers	Carpet knee kickers are hand-held tools that consists of a pin plate attached to a short segment of metal tubing, assists in installing carpet in
4681	Carpet Padding	Carpet padding is underlayment providing extra cushion, placed underneath carpet. Carpet padding material includes foam, rebond, rubber,
5200	Carpet Samples	Carpet samples provide customers with a square or rectangle section of carpet that allows them to envision how it will look in their home. Carpet samples can be constructed in Berber, needlebond, pattern, plush, shag, textured, level and multi-level loop styles available in acrylic, nylon, olefin,
4652	Carpet Seam Rollers	Carpet seam rollers Improve seam strength by forcing adhesives into carpet backing. Types include smooth and star wheel and handle materials can be made of plastic, rubber, composite, wood, fabric, aluminum,
4657	Carpet Seaming Irons	Carpet seaming irons are used for melting adhesive on carpet seaming tape. They are available with adjustable heat settings with traditional or
4664	Carpet Staplers	Carpet Staplers are used for tacking carpet, padding, and adhesive together. Types include cable tackers, hammer tackers, and staple guns in
4677	Carpet Tack Strips	Carpet tack strips are designed to grab the edge of the carpet and hold it to the floor around the perimeter of the room. They can be applied to
5777	Carpet Tile	Carpet tile is a modern and stylish alternative to standard carpet rolls. Carpet tile can be constructed in Berber, needlebond, pattern, plush, shag, textured, level and multi-level loop styles available in acrylic, nylon, olefin, polyester, sisal, solution-dyed polyester, triexta, wool, and solution-dyed nylon fibers. Installation types include connector, floating, full spread

4667	Carpet Tucking Tools	Carpet tucking tools are used by installers to tuck carpet against flooring, stairs, carpet tack strips, vanities and tile. Carpet tucking tools can be made of the following materials: PVC, metal, plastic, vinyl, composite, resin, and
4661	Floor Moulding & Trim	Floor moulding & trim is used to cover transitions between surfaces or for decoration, designed primarily for flooring projects. Types include 4-N-1, base, floor transition, quarter round, threshold, T-moulding, and stair nose while material options are wood, laminate, plastic, vinyl, MDF or metal.
7602	Floor Rollers	Floor Rollers are tools used to embed flooring underlayment. They can be made of aluminum, stainless steel, or PVC material and sometimes includes
7360	Floor Scrapers	Floor Scrapers are tools used for removal of adhesives, carpet, rubber or tile from floors. Blade material choices include aluminum, carbon steel,
4674	Flooring Adhesives	Flooring adhesives are used to bind carpet, laminate, tile, vinyl plank, sheet vinyl and engineered hardwood to surfaces. Types include flooring adhesive, flooring glue, and mastic. Applications include gap filling, multi-purpose, tongue and groove, and sheet vinyl seams. Base material options
4679	Flooring Floats	Flooring Floats are hand-held tool used to install floating floors. They are made of rubber or rubber gum material with float types including grout float, margin or notched margin with cementitious-sanded, unsanded, or
7309	Flooring Tape	Flooring tape is routinely used with carpeting and flooring projects to hold carpet/panels in place, bind up raw edges, or join two or more sections. Types of flooring tape include double-sided seam tape, hot melt seam tape, pressure-sensitive seam tape, and anti-slip rug tape. For use with carpet,
4665	Flooring Trowels	Flooring trowels are used to spread adhesive before laying hardwood floors. Types include sheet, vinyl, carpet, wood, or ceramic with U-notch, square notch, or V-notch notch shapes. Blade material can be made of stainless steel, ground steel or plastic and handle material options are
4654	Flooring Underlayment	Flooring underlayment is used to correct imperfections in the sub-floor and deaden noise and sound transmission. It can be used with concrete, hardwood, laminate, porcelain and vinyl plank flooring in premium and standard grades. Construction types include cushion, felt, foam and
5360	Garage Floor Tile	Garage floor tile protects against corrosive substances like oil, antifreeze, salt, battery acid. It is available as a roll or tile and in a variety of design types such as diamond plate, leather, marble, raised coin, slate, travertine and tread plate and with interlocking, locking, or floating installation

5361	Garage Flooring Corners & Edges	Garage flooring corners & edges are transitional pieces used for garage flooring and may be used as decorative trimming to complement paint and provides a finished look. Made from PVC or polypropylene and for use in
8157	Garage Flooring Rolls	Commercial and residential garage flooring rolls available in a variety of patterns such as diamond, leather, marble, coin, and slate with interlocking, locking, or floating installation options. Salt and scratch
4666	Grout	Grout is a dense fluid used to fill crevices, spaces between tiles and to secure tile to a base. For use with bathroom floors, bathroom walls, fireplace exteriors, garage floors and walls, kitchen backsplashes, kitchen counters, patios, pools, shower floors and walls, and vinyl floors. Types include acrylic premix, sanded, un-sanded, epoxy and all-in-one. For indoor
7247	Grout Additives	Grout additives are used to replace water as the mixing element in preparing grout for use. Grout additives add strength and color consistency. For use with acrylic, sanded grout, un-sanded grout, and urethane grout. Base material types are acrylic, epoxy, latex-based, oil-
7362	Grout Tools	Grout saws are hand tools used to strip, remove or clean old tile grout. The blade is made of steel or titanium. The handle material is made of either
4673	Hard Surface Flooring Tools	Flooring accessories are tools or add-on parts used in conjunction with installing or repairing flooring. Types include installation spacers, flooring pull bar, repair kit, tapping block, scratch repair, extension handle roller, installation kit, seaming tape, moisture detection kit, preparation kit, wood
4668	Hardwood Flooring	Solid pieces of hardwood that is designed for use as flooring. Hardwood flooring types include engineered, solid, locking and waterproof. Wood species include but are not limited to oak, hickory, bamboo and walnut. Color shades are dark, light and medium with texture options such as
6014	Hardwood Samples	Small individual samples of hardwood flooring. This is not intended for use
8299	Hybrid Resilient Flooring	Hybrid Resilient Flooring is a combination of vinyl and laminate that creates an easy-to-install, versatile, durable and hard surface floor. This category
8320	Hybrid Resilient Samples	Hybrid Resilient Samples is a combination of vinyl and laminate that creates an easy-to-install, versatile, durable and hard surface floor.
4682	Indoor Floor Sealers	Indoor floor sealers protect flooring against damage, wear, and tear. Types include floor finish, grout colorant and sealer, grout sealer, joint sealer, sealer and finish, and sealer applicator. For commercial and/or residential

4675	Laminate Flooring	Laminate flooring is multi-layer synthetic floating floor. Water protection and attached pads are options. Laminate styles include wood plank or tile
6032	Laminate Samples	Small individual samples of laminate flooring. This is not intended for use
4669	Mortar	Mortar is a building material comprised of water, sand, cement or lime that is used to fill gaps and bind tile, brick and stone to surfaces. Types include Medium bed, Thinset/Medium bed, Glass block, Latex additive and Thinset.
4659	Multipurpose Flooring	Multipurpose flooring can withstand heavy equipment and vehicles. Types include plank, sheet, tile and roll. For use in basements, exercise rooms,
8086	Rubber Sheets & Rolls	Rubber sheets and rolls for commercial and residential use, available in a variety of rubber based materials such as neoprene, polyethylene, EPDM, cloth-inserted SBR, neoprene, nitrile gum rubber, recycled rubber, styrene-
8087	Silicone Sheets & Rolls	Silicone sheets and rolls available in commercial and medium strength grades and in a wide array of durometer scale hardness values. Properties include high chemical resistance and tolerant of extreme temperatures.
4645	Stair Rods	Stair rods are used to hold the carpet in place between carpeted stairs. Material options include wrought iron, stainless steel, brass, composite,
6814	Stair Stringers	Stair stringers are used for aligning and holding staircase rungs in place. Material options include rubber, thermoplastic rubber or vinyl.
4646	Surface Preparation	Surface preparation products provide a variety of pre-floor installation solutions such as floor patches, levelers, membranes, primer, self-leveling underlayment, skimcoat and floor patch and moisture control systems. Products types include liquid, powder and premixed. Use locations include
4650	Tile	Tile used to cover surfaces such as bathroom floors or walls, fireplace exteriors, garage floors and walls, kitchen backsplashes and counters, patios, pools, shower floors and walls. Tile can be made from ceramic, glass, natural stone, composite, metal, porcelain, stainless steel, wood,
4662	Tile Cutters	Tile cutters are shears that are ideal for cutting tile for fitting or sizing. Tile cutters come in the following types: snap cutter, rail cutter, tile jig, floor cutter, rod saw, scoring tool, scoring wheel, tile cutter kit, tile nipper, rod saw blade, snap cutter jaw, replacement handle, and replacement pad sets.

7363	Tile Edge Trim	Tile edge trim is used to finish and protect tile edges or provide transitions in kitchens, bathrooms, laundry rooms or accent walls. Tile edge trim can be made from aluminum, brass, steel or PVC materials. For use on countertops, floors, movement joints, stairs, or walls. Edge profile includes border, bullnose, connectors, corner, cove base, reducer, step, corner
7364	Tile Installation Kits	Tile installation kits include the basic items necessary to install tile flooring. The items possibly include gloves, grout flouts, general hardware, knee
7365	Tile Membranes	Tile membranes decrease stress between substrate and tile and eliminates the cause of cracking and delaminating of tiled surfaces. They are made
7593	Tile Samples	Tile samples are small individual samples of tile used to determine appropriateness for tile projects. Types include floor and wall tile, floor tile and wall tile. Material options are Ceramic, Glass, Glass/Metal/Stone, Metal, Natural stone, Porcelain, Resin, Wood, Cement and Basalt. Tile looks
7366	Tile Spacers	Tile spacers are small pieces of plastic used to space tiles an equal distance from each other. Tile spacing sizes are 1/16-in,1/8-in,3/16-in,3/8-in,1/4-
7367	Tile Suction Cups	Tile suction cups are used for maneuvering non-porous, smooth tiles, marble, granite and glass during installation. They are made of plastic or
4290	Underfloor Heating	Underfloor heating are devices and accessories used warm rooms through radiant floor heating. Types of devices include electric film, grid modules, heat plates, thermal reflecting foil, valves, microprocessors, air eliminators, purge tee, floor warming mats, thermostats, underfloor heating mats, warming wire, zoned distribution panels, floor heating kits, power
5362	VCT Tile	Vinyl composition tile (VCT) is a flooring tile primarily for commercial use in high-traffic areas. Patterns include solid, speckle, floral, decorative, wood look, parquet or stone look. Scratch resistant, stain resistant, waterproof
6776	Vinyl Flooring Samples	Vinyl Flooring Samples are take home vinyl flooring samples that allow you to try out small portions of floors you might be interested in installing. These samples allow you to clean, walk on and examine different materials in place to help decide on the right floor for your new or remodeled room.
6617	Vinyl Plank	Vinyl plank is an extremely durable synthetic flooring. Installation options include interlocking, peel and stick, glue (adhesive) or loose lay. Water protection types include waterproof or water resistant with acrylic,

4647	Vinyl Sheet Flooring	Sheet Vinyl (Cut-to-Length) is sold on a roll, durable and easy to clean. It is constructed of materials such as fiberglass, felt, vinyl, or a hybrid. Available looks include floral, decorative, solid, speckle, stone look, wood look, parquet, tile look, brick look, marble look, or concrete look. Water
5375	Vinyl Tile	Vinyl tile construction types are homogeneous, linoleum, LVT, rigid core, rubber, rubber composition, VCT, premium, standard, WPC, VT, limestone or SPC. Vinyl tile is available for indoor/outdoor use and residential or commercial applications. Flooring looks include stone, wood, marble and
7784	6-Volt Batteries	6-volt batteries
7785	9-Volt Batteries	9-volt batteries
4730	AA Batteries	AA Batteries are often used for clocks, TV remotes, and toys.
7786	AAA Batteries	AAA Batteries are generally used for thermometers, calculators, and small
7503	Air Fresheners	The air freshener category includes the following types of products - Devices, Dispensers, Refills. These include both electronic items such as plug in warmers as well as wall-hung commercial products along with their
6442	All-Purpose Cleaners	The All-Purpose Cleaners category includes fruit & vegetable wash, microwave cleaners, urine removers, cleaning vinegar, and virucides. Other cleaning categories include Cooktop Cleaners, Countertop Cleaners, Floor Cleaners, Glass Cleaners, Grout Cleaners, Multipurpose Bathroom Cleaners,
6251	Anchoring Adhesive	Anchoring Adhesive is a chemical compound used inside an anchoring hole for added support. Other adhesive categories to consider are Adhesive Putty, Automotive Adhesive, Ceiling Tile Adhesive, Construction Adhesive, Drywall Adhesive, Electrical Adhesive, Fabric Repair Adhesive, Glass
6254	Anchors	The Anchors category includes anchors, concrete anchors, concrete screw anchors, drop-in anchors, drywall anchors, anchor kits, lag shields, lag shield anchor sleeves, mini anchors, anchor sleeves, standard anchors,
6345	Angles	Angles category includes the following type of angles: offset, perforated-round, perforated-slotted, perforated-slotted offset, and solid.
4775	Angles, Brackets & Braces	Angles, brackets and braces are used to secure building materials to a wall or corner and include countertop support brackets, mounting brackets, wall brackets, corner braces, mending braces, flat braces, framing angles, fastener kits, chair braces, handrail brackets, stair angles, T plate brackets,
5764	Anti-Turn Washers	An Anti-Turn Washer is a flat washer with sharp prongs that keeps it from
8271	Apparel Sets	set of two or more garments

7787	Assembly Cell Batteries	Assembly cell batteries are product specific replacement battery packs which can include alkaline, lithium, nickel cadmium (NiCD), and nickel
8313	Automotive Bumpers & Components	Bumpers and associated components provide protection and aesthetic appeal. Designed for optimal impact absorption, these products ensure
8311	Automotive Door Handles	Door handles designed for replacing or upgrading existing handles on vehicles. These products offer durability, style, and smooth operation,
8312	Automotive Grilles & Components	Grilles and related components enhance a vehicle's front-end appearance while protecting essential engine parts. These products combine
4718	Automotive Hardware	Automotive Hardware includes Terminal cap protectors, terminal protectors, top posts, washers, wheel stops, and wiring harnesses. Some important attributes are Material, Brand/Model Compatibility, and Package Quantity. Other categories to consider are Automotive Hand Tools, Car
8315	Automotive Light Assemblies	Light assemblies, including headlights and taillights, provide excellent visibility and enhance vehicle aesthetics. These products ensure optimal
8319	Automotive Mirrors	Mirrors designed to enhance visibility and safety while driving. These products include side and rearview mirrors, offering a clear view of the surroundings and helping to prevent accidents. Built for durability and easy
5785	Awning Window Operators	Awning Window Operators are mechanical devices that facilitate the opening and closing of louver, jalousie, transom, projecting and awning windows. For other items related to Awning Windows please use the
4780	Back Braces & Suspenders	Back Braces and Suspenders provide support and can be used to create custom suspension rigs by adding separate tool belts or rigs. Some
8170	Backplates	Backplates are cabinet hardware that serve as backing for knobs and pulls.
7472	Ball Catches	Ball Catches are door fasteners in which a spring-tensioned metal ball engages the striking plate to keep the door closed until force is applied.
8152	Bar Rails	Bar Foot Rails are attached to furniture to allow people a place to rest their feet. This category includes bar foot rails, bar foot rail kits, bar foot rail brackets, and bar foot rail end caps. Important attributes include Rail
6721	Barn Door Hardware	Barn Door Hardware is used with barn style interior doors. This category includes barn door extension adaptors, barn door handles, barn door hangers, barn door kits, barn door locks, box rails, brackets, bumpers, bypass brackets connecting adaptors, double floor guides, floor guides,
5688	Bathtub & Shower Door Catches	Bathtub & Shower Door Catches fasten tub and shower doors. This category includes bullet catches, catches, friction catches, and magnetic

5686	Bathtub & Shower Door Guides	Bathtub & Shower Door Guides are channels used to keep a sliding or rolling door on track. This category includes guides, guide rollers, and guide
5691	Bathtub & Shower Door Handles	Bath & Shower door handles are used to open or close tub and shower doors. This category includes handles and handlesets.
5685	Bathtub & Shower Door Roller Assemblies	Bathtub & Shower Door Roller Assemblies are small wheels that attach to an axle that runs along a tub & shower door track.
5684	Bathtub & Shower Door Rollers	Bathtub and Shower Door Rollers are small wheels that fit in a track and allow a tub or shower door to slide back and forth. This category includes rollers, roller and bumpers, and roller kits. There is a separate Lowe's
5683	Bathtub & Shower Door Sweeps	Bathtub & Shower Door Sweeps are strips that seals the bottom of tub or
5690	Bathtub & Shower Door Waterproof Stripping	Bathtub & Shower Door Waterproof Stripping is used around shower and tub doors to create a waterproof seal.
6164	Bedside Commodes	Bedside commodes are portable toilets.
6078	Beveled Washers	Beveled Washers have a bearing surface with an oblique angle.
5552	Bifold Closet Door Guide Wheels	Bifold Closet Door Guide Wheels are used to keep bifold closet doors on track. Important attributes include Material, Roller Diameter (Inches), and
5553	Bifold Closet Door Hardware Kits	Bifold Closet Door Hardware Kits include parts needed to repair bifold
5554	Bifold Closet Door Hinges	Bifold Closet Door Hinges are butterfly hinges that fold into themselves for
5555	Bifold Closet Door Knobs	Some important attributes of Bifold Closet Door Knobs are Diameter,
5556	Bifold Closet Door Pivot Brackets	Bifold Closet Door Pivot brackets pivot to allow the door's folding action.
5557	Bifold Closet Door Pivots	Bifold Closet Door Pivots are short pins in which a part rotates or swings. This category includes bottom pivot pins, guide pins, top & bottom pivot pin sets, and top pivot pins. Some important attributes are Material, Spring
5558	Bifold Closet Door Tracks & Track Kits	Bifold Closet Door Tracks & Track Kits are replacement rails for bifold closet doors and/or a complete kit used to replace bifold closet door
4488	Bike Racks & Storage	Hardware used for hanging and storing bikes. Types: Bike hoist, Bike rack, Bike stand, Horizontal bike hook, Vertical bike hook.
7943	Bird & Wildlife Food	Food and treats for bird and wildlife. Types: Bird food, ,Bird nectar, Bird seed, Bird treat, Corn cob, Disposable hummingbird feeder, Hummingbird
6486	Bleach	The Bleach category includes germicidal, household, and outdoor. Some important attributes are Form, Application Method, and Safe for all
7960	Boat & Dock Ladders	Boat & Dock Ladders allow users to get in and out of the water or a boat.
7922	Boat Anchoring	Boat Anchoring includes the following types of anchoring Claw, Delta, Grapnel, Mushroom, Navy River and Slip Ring. Boat Anchoring also includes

7921	Boat Bumpers, Buoys & Fenders	Boat Bumpers, Buoys & Fenders include bumpers, buoys, dock bumpers, fenders, pipe bumpers, and pipe/sleeve bumpers.
7929	Boat Control & Steering Cables	Boat Control & Steering Cables are cables used to connect important functions of the boat (like steering and throttle) to the controls.
7936	Boat Electronics & Accessories	Boat Electronics & Accessories houses electronic items and accessories for a marine environment. It includes amplifiers, autopilot systems, boat compasses, brackets, ethernet switches, extension cables, fishfinders, GPS, imaging systems, map(s) card, marine audio, mounts, power cables,
7954	Boat Fishing Gear	Boat Fishing Gear includes downriggers, downrigger mounts, downrigger weight holders, flash weights, offshore stackers, rigging kits, rod holders, rod holder combo mounts, rod holder extensions, rod holder rail mounts,
7955	Boat Fueling	Boat Fueling covers parts of the boat's fuel system. This category includes female tank ends, fuel demand valves, fuel hose fittings, fuel shut-off valves, fuel supply hoses, fuel tank fittings, fuel tang vent(s), gas caps, gas
7952	Boat Hardware	Boat Hardware is compatible with a marine environment including brackets, line drains, hinges, line strap eyes, mirrors, mooring rings, mounts, base cleats, prop nut kits, rail clips, grommets, deck plates, scupper valves, ski pylons and bases, slider bases, spacer kits, table adapter
7928	Boat Lighting	Boat Lighting includes lighting parts and accessories suitable for marine use. Types of products housed in this category including bar lighting, combo lighting, courtesy lighting, deck lighting, dome lighting, flood lights, licensed lighting, light poles, pontoon lighting, reverse lighting, side
7953	Boat Maintenance	Boat Maintenance includes products used to clean and care for boats (it does not include tools used on boats). This category includes marine fabric care products, marine mildew stain removers, marine resin, outboard
7958	Boat Motor Parts	The Boat Motor Parts category includes brackets, distributor caps, engine mounts, freshwater mounts, hydraulic jack plates, ignition coils, ignition packs, jack plates, motor safety cables, motorwell drain tubes, powerpacks, RPM limiters, sensors, skegs, spark plug wire extension kits, spark plug wire
7950	Boat Propellers & Propeller Hubs	Boat Propellers & Propeller Hubs can be sold individually or together.
7951	Boat Pumps, Parts & Accessories	Boat Pumps includes aerator heads, aerator pumps, ballast pumps, bilge pumps, centrifugal pumps, combo pumps, covers, electromagnetic clutch pumps, hand bilge pumps, impellers, impeller pumps, livewell pumps, motor cartridges, oil change pumps, portable pumps, portable water

7923	Boat Ropes	Boat Ropes are suitable for marine use. This category includes anchor line, anchor line with snap hook, anchor line with thimble, chafe kit, dock line,
7956	Boat Switches & Knobs	Boat switches and knobs are suitable for marine use. This category includes battery disconnect switches, battery switches, bilge pump switches, ignition switches kill switches, replacement knobs, rocker
5765	Bonded Sealing Washers	Flat washer with a neoprene seal that prevents leaks.
5790	Brads & Finish Nails	Brads & Finish Nails used for trim and fine work. This category includes brads, clavos, finish nails, panel board nails, pin nails, and trim nails.
7986	Brake Chemicals	Brake Chemicals include brake cleaners, brake fluids, and brake grease for
4774	Bungee Cords	The Bungee Cord category includes bungee cords, heavy-duty straps, and
7789	C Batteries	The C Batteries category includes alkaline, lithium, nickel cadmium (NiCD), and nickel metal hydride (NiMH) batteries.
6932	Cabinet Bumpers	Cabinet bumpers are small pieces of cushioned material which serve as a bumper or scratch guard for cabinet doors, drawers or furniture.
5347	Cabinet Hardware Accessories	The Cabinet Hardware Accessories category includes catches, door dampers, latches, lazy susan swivel plates, lid supports, magnetic latches,
5348	Cabinet Hinges	Cabinet hinges include concealed, overlay, and inset hinges.
5345	Cabinet Knobs	Cabinet knobs come in a variety of styles and finishes.
7818	Cabinet Latches	The Cabinet Latches category includes cabinet latches, chest latches, flex elbow catches, friction catches, magnetic catches, matchbox latches, roller
7449	Cable Locks	Cable Locks are long cables with a locking device on each end.
7658	Camping Lanterns	Camping Lanterns are enclosed portable lights.
5791	Cap Nails	Cap Nails are used for anchoring house wrap, sheathing, shingles, etc.
7987	Car Additives & Fluids	Car Additives and Fluids are automotive chemicals that include carb cleaners, combustion leak fluids, engine treatments, fuel injector cleaners, fuel treatments, octane boosts, power steering fluids, and starting fluids. Items NOT INCLUDED in this category (but which have their own
4758	Car Battery Chargers	Car Battery Chargers charge directly from a vehicle's power outlet enabling batteries to be charged while driving to work or on a jobsite.
4770	Car Battery Jump Starters	The Car Battery Jump Starter category includes electrical memory savers, jump start tethers, and jump starter kits.
6023	Carabiners	Carabiners are rings with spring clips on one side, often used to fasten

7867	Cargo Carriers	Cargo Carriers are designed to be used with automotive vehicles (for truck specific Cargo Management please see Truck Tool Box and Cargo Accessories, Truck Tool Boxes, and/or Truck Transfer Tanks). This category includes bike racks, bike storage cases, car top mats, cargo bags, cargo
7866	Cargo Racking	Cargo Racking is attached to an automotive vehicle's exterior to allow for increased cargo capacity. This category includes channel kits, cross bars, kayak/paddleboard racks, ladder racks, ladder straps, multi-use racks, and
6466	Carpet Cleaning Solution	Some important attributes of Carpet Cleaning Solutions are Removes Pet Stains, Application Method, and Form. Lowe's also has a category for
5714	Carriage Bolts	Carriage Bolts are threaded bolts with round, smooth heads.
5878	Casement Window Crank Handles	Casement Window Crank Handles include crank, folding, swivel, and t-
5882	Casement Window Locking Handles	Casement Window Locking Handles are available in a variety of finishes and
5885	Casement Window Locks	The Casement Window Locks category includes locks, project-in security
5889	Casement Window Operators	Casement Window Operators are mechanical hardware that facilitate the opening and closing of casement windows.
6427	Cash & Check Safes	The Cash & Check Safe category includes cash boxes, cash management systems, depository safes, drawer safes, drop box safes, home closet safes, security boxes, undercounter depository safes, and utility chest safes.
7823	Cash & Coin Counters	Cash & Coin Counters covers counters and other accessories used to manage currency. This category includes coin counters, coin holders, coin
5792	Casing Nails	Casing Nails are used to trim window frames and decks.
4699	Caster Cups	Caster Cups are cupped disc-shaped items that sit on the floor and in which casters are inserted to prevent the rolling. This category includes anti-dent
4712	Casters	Casters are wheels used to provide 360-degree movement for moving heavy objects more easily while protecting surfaces.
5565	Chain & Cable (By-the-Foot)	Chain or cable sold by the foot rather than by the roll
4765	Chain & Cable (By-the-Roll)	Chain or cable sold by the roll rather than by the foot.
4759	Chain Accessories	Chain accessories include Block, Chain assembly, Clamp, Clamp set, Cleat, Clevis, Clip, Cold shut, Double clevis, Ferrule, Ferrule/Stop, Hoist, Hook, Latch, Link, Load binder, Plate, Pulley, Ring, Ring and plate, Rope/Strap loop, Shackle, Snap, Spiral anchor, Stop, Swaging tool, Swivel, Tensioner,

4684	Chair Leg Tips & Furniture Glides	Chair Leg Tips & Furniture Glides slide over or affix to the bottom of furniture tips to protect floors from damage. This category includes chair leg caps, chair leg glides, chair leg tips, furniture cushions, furniture grippers, glides, gripper pads, leveling glides, leveling pads, swivel glides,
6350	Channels	Channels are narrow pieces of metal with raised corners; intended for all structural applications where greater strength is required. This category
6428	Chest Safes	The Chest Safe category includes chest safes, hotel/residential safes, jewelry safes, laptop security workstations, locking sunglass cases, stay-put
4735	Child Safety Accessories	Child Safety Accessories include safety latches, safety locks, bed rail guards, booster seats, car seats, car shades, safety cushions, safety covers, driveway guards, flat screen TV tethers, furniture straps, high chairs, home safety kits, keyless window restrictors, outlet plugs, portable play pens,
4686	Child Safety Gates	The Child Safety Gate category includes adhesive safety latches, gates, gate adapters, gate extenders, gate ramps, gates with extensions, keyless
5987	Cleaning Cloths	The Cleaning Cloths category includes body wet wipes, chamois, clothes, detergent wet wipes, lens cleaners, lens cleaning cloths, mitts, rags, shop towels, tack cloth, and towels. Some important attributes are Material, Package Quantity, and Length. Lowe's also has categories for Drop Cloths,
6186	Cleaning Gloves	Cleaning Gloves protect hands from cleaning chemicals. This category includes disposable gloves, glove box holders, and rubber gloves. Some important attributes are Primary Material, Size, and Color/Finish Family.

4977	Pet Crates & Kennels	Dwelling or resting place used primarily for training or temporarily
8103	Pet Feeders	Specialized products for feeding dogs and/or cats including elevated, automatic, and gravity feeders along with feeding stations. For more
4985	Pet Fence Receiver Collars	Used with in ground pet fencing for training dogs.
5172	Pet Flea & Tick Treatments	Topical solutions or liquids used to prevent flea, flea larvae and repel pests
5625	Pet Food	Wet food for dogs, typically packaged in cans, pouches, or plastic
5167	Pet Food & Water Bowls	The Pet Food & Water Bowls covers bowl sets, bowls with stands, food bowls, food/water bowls, and water bowls. Some important attributes are Pet Type, Capacity, and For Use With. Lowe's also has categories for
8102	Pet Fountains & Waterers	Fountains and Waterers for animals and pets including cats and dogs. For indoor or outdoor use, with fountain and gravity types, battery-operated or electrical outlet powered and constructed out of aluminum, glass, metal,
5376	Pet Gates	Gates designed to prevent pets from entering a given area
8111	Pet Grooming Supplies & Accessories	Pet Grooming Supplies & Accessories include tubs, towels, dryers, bath mats, hoses, bath attachments, dryer attachments, grooming tables, grooming table attachments, grooming loops, grooming kits, and grooming
4980	Pet Houses	Lowe's has dog and cat houses in multiple sizes to accommodate your pet. Some important attributes of Pet Houses are Pet Type, Recommended Pet Size, and Use Location. Lowe's also has categories for Chicken Coops &
4972	Pet Kennel & Crate Accessories	Attachment or add-on parts for outdoor kennels.
5185	Pet Leashes	At Lowe's, we carry a variety of options, from retractable leashes, that allow your pet more freedom to roam but can be locked off at a certain length when needed, to reflective options for evening outings around the block. Some important attributes of Pet Leashes include Color/Finish Family, Recommended Pet Size, and Decorative/Designer. Lowe's also has

8104	Pet Placemats	Lay down a Pet Placemat under pet food bowls to keep the floor underneath clean as your dog or cat is enjoying a meal. Some important attributes are Pet Type, Antimicrobial, and Recommended Pet Size. Lowe's
8108	Pet Shampoos, Conditioners & Sprays	Pet care products such as Conditioner, Deodorizer, Ear cleaner, Feline urinary tract care, Feline joint gel, Nose balm, Paw balm, Shampoo,
6235	Pet Steps & Ramps	Steps used by pets to access beds, chairs, couches, cars, etc.
8101	Pet Storage & Accessories	Storage bins and accessories for pet supplies. Types: Can cover, Food
8118	Pet Strollers & Bicycle Trailers	Pet transport products - Strollers, Bicycle trailers, Bicycle baskets.
5180	Pet Toys	Interactive items for dog's enjoyment and or nourishment.
7704	Pet Training Batteries	Batteries and battery packs used in pet training equipment.
4986	Pet Training Collars	Worn around a pet's neck for the purpose of training.
8119	Pet Travel Accessories	Pet products for use when traveling. Types: Litter pan, Travel food bowl, Travel kit, Travel mat, Travel water bowl, Water bottle,
5184	Pet Treats	Pet Treats include crunchy treats, dental treats, No-rawhide chews, rawhide chews, snacks, and training treats. Some important attributes are Pet Type, Recommended Pet Size, and Flavor. Lowe's also has categories
8114	Pet Vitamins & Supplements	Pet health products: Types: Calming, Digestive health, Immune support, Hip and joint support, Multivitamin, Skin and coat health.
5198	Pine Needle & Mulch Dyes	Restore the look of your colored mulch and renew faded pine straw and mulch with pine needle and mulch dye. At Lowe's you'll find dye and colorant that can keep your mulch and pine needles looking great year
5228	Pine Needles & Straw Mulch	Used as seed cover, as mulch for gardens, or erosion control.
5221	Plant Bulbs	The Plant Bulbs category includes both annual and perennial bulbs.
6118	Plant Care	Products used for the upkeep of living plants. Does not contain fertilizer.
7469	Plant Food & Fertilizer	Plant food/fertilizer for flowers, vegetables, house plants, trees and shrubs.
5961	Plant Protection	Large bags, blankets or tents used to cover tender plants, shrubs or smaller trees from frost and/or cold temperatures.
4420	Plant Saucers	Protects surfaces from plants, used for decorative display.
4323	Pond Accessories	Replacement, cleaning or decorative items ideal for outdoor ponds.
6500	Pond Cleaners & Filters	Formula specifically designed to clean ponds.
4344	Pond Liners	Used to create and contain a designated space for a pond.
4329	Pond Pumps	Used to circulate water through any add-ons.
6064	Pool Alarms	Alarms used to detect when intruders, unsupervised children or pets have
5934	Pool Algae Control	Kills or prevents green, mustard and/or black algae in pools.

5935	Pool Balancing Chemicals	Products used to balance water in a pool, prevent corrosion, pool surface
6009	Pool Brushes	Pool cleaning tools used to clean and scrub pool walls, floors and corners.
6065	Pool Chemical Dispensers	Devices, either floating or connected to the filter system, used to chlorinate or brominate pool water as a method of cleaning and sanitizing.
6674	Pool Chemical Monitoring Systems	Wireless transmitter and receiver used to monitor pool water chemistry.
6697	Pool Chemical Start-Up Kits	Start-up kit containing chemicals to prep pools for the spring
5931	Pool Chlorine	Chlorine used to kill bacteria and other undesirable organisms in pools.
6066	Pool Cleaning Accessories	Ancillary items to aid in the cleaning of pools. These are not parts.
6767	Pool Cover Drains	Non-electric siphon drains used to remove water from pool covers.
6770	Pool Cover Pump Filter Pads	Filter pads for pool cover pumps are used to block small and large particles, while allowing water to flow through.
6772	Pool Cover Pumps	Pumps used to remove water from pool covers.
6675	Pool Cover Reels	Product used to roll and un-roll a solar blanket over pool
6012	Pool Covers	Pool Covers are used for winterizing, to heat pool water via the sun, to maintain water cleanliness, and/or to prevent accidental falls.
6040	Pool Filter & Skimmer System Parts	Replacement parts for pool filter systems and pool skimmer systems.
5956	Pool Floats	The Pool Floats category includes foam rafts, infant floats, inflatable loungers, inflatable rafts, inflatable ride-ons, inner tubes, noodle chairs, padded loungers, pool mattresses, pool noodles, spring floats, and water
6067	Pool Fountains	Fountains in pools used for aesthetic purposes.
6036	Pool Hoses	Hoses used in cleaning and maintenance of swimming pools.
6679	Pool Lights	Pool Lights can be battery-operated, plug-in, hydroelectric, or solar.
6068	Pool Liner Accessories	Accessories to aid installation or repair of liners for residential pools.
6069	Pool Liners	Pool Liners serve as a barrier to help prevent leaks, which can minimize repairs and extend the life of your pool.
6070	Pool Organization & Storage	Products used to store or organize pool toys, floats or cleaning and or
6010	Pool Poles	Poles that attach to various pool cleaning devices to lengthen the reach of
6039	Pool Pumps	Devices used to propel water into and out of a pool filtration system.
6682	Pool Safety Barrier Gates	Pool barrier gates for above-ground or in-ground pools
6683	Pool Safety Barrier Panels	Pool barrier for above-ground or in-ground pools
7525	Pool Salt	Use pool salt to maintain a healthy swimming pool or hot tub in your home. Pool salt uses chlorine to sanitize pool water and kill germs, keeping you and your family safe. Your pool needs to also have a filter pump so it continuously disperses the salt evenly when circulating around your pool.

6673	Pool Sanitation Systems	Devices used to maintain sanitation in swimming pools.
5938	Pool Scale, Metal & Stain Control	Products used to treat problems associated with hard water, high calcium levels, discolored water, metal stains, and scale formation in pool water.
5939	Pool Shock	Kills undesirable contaminants and aids in preventing cloudy or hazy water.
6034	Pool Skimmer Systems	In-wall devices used to trap surface debris in pools before water flows
6011	Pool Skimmers	Pool water cleaning tools used to catch or net large debris items, such as
6709	Pool Step Pads	A pad placed under the steps in a pool to protect the pool liner from wear
6071	Pool Test Strips	Strips used to test chemical balance in pools to determine if additional chemicals are needed for safe swimming.
6072	Pool Thermometers	Devices to measure the temperature of swimming pool water.
5955	Pool Toys	Products used for play in a swimming pool.
6038	Pool Vacuum Heads	Pole attachment used to remove dirt and debris from below the surface of
6073	Pool Vacuum, Brush & Skimmer Parts	Replacement parts for pool vacuums, pool vacuum heads, pool brushes
6037	Pool Vacuums	Vacuum system used to remove dirt and debris from pool water.
5940	Pool Water Clarifier	Used to clear and/or prevent cloudy pool water.
6035	Pool Winterizing Accessories	Accessories used in the winterization or closing of pools.
6074	Pool Winterizing Chemicals	Chemicals used in the winterization or closing of pools.
8106	Poop Scoops & Accessories	Tools and accessories for picking up animal poop. Includes poop scoops and shovels, poop bags and poop wipes.
4418	Pots & Planters	Used for planting large plants and or many plants at a time
6175	Pumpkins & Gourds	Fresh pumpkins used for pies, decorations and jack-o-lanterns.
8109	Puppy Training Pads	Products for house training a puppy. Types: Artificial grass mat, Artificial grass trainer kit, Training pads, Training rock.
4407	Push Spreaders	Handheld spreading device used for fertilizer, grass seed, etc.
5695	Putting Greens	Putting Green you can set up in your den, office or game room lets your practice your lags and putts whenever you want.
5495	Rain Barrels	We offer a variety of colors and attractive styles of Rain Barrels to ensure that you find the barrel to fit your home's exterior style.
7372	Rain Chain Accessories	Accessories used with rain chains. Types include: Basin, Gutter installation
6654	Raised Garden Bed Boards & Hardware	Raised garden bed replacement or add-on connectors and hardware.
5586	Raised Garden Beds	Raised Garden Bed gives you the ability to plant a garden virtually
7465	Recycling Bins	o make recycling as easy and convenient as possible, choose from a variety of sturdy plastic containers in all sizes, with and without lids, and with or
6285	Remote Pet Trainers	Training device used to prevent barking and other unwanted behavior.

5886	Retaining Wall Block	Blocks used to build retaining walls in landscaping.
5887	Retaining Wall Pins	Small pins used between courses of certain retaining wall block to stabilize
4849	Roses	The Roses category includes climbing roses, ground cover roses, landscape
5562	Seed Blankets	Seed Blankets are made up of fibrous material and laid across an area to
7555	Seed Starters	A system designed to assist with germination of seeds
6079	Shirts	The Work Shirts category includes dress, henley, polo, t-shirt, thermal underwear, and uniform shirts. Some important attributes are Size, Fabric Type, and Style. Lowe's also has categories for Work Jackets & Coats,
5352	Shrubs	The Shrubs category includes accent, feature, flowering, foundation/hedge,
7970	Skin Care	Products for keeping skin healthy. Types: Acne treatment, Anti-aging cream, Body wash, Facial cream, Facial moisturizer, Facial soap, Facial
7574	Smoking Receptacles	Receptacle used to dispose of cigarette butts
6015	Sod	Grass and the part of the soil beneath it held together by the roots or a piece of thin material. Usually sold in long, narrow strips, rolled up for easy
6046	Soil	Ideal for landscaping or use in indoor or outdoor potting containers.
5561	Soil Amendments	To be added to soil in order to improve conditions
4376	Soil Test Kits	Test kit (usually in the form of a probe) used to determine moisture, ph,
6075	Solar Pool Heaters	Devices that collect solar energy to heat swimming pools.
7980	Spreaders & Sprayers Accessories	Add-on or replacement components for spreaders or sprayers. Types: Deflector kit, Grate kit, Hopper cover, Repair kit, Replacement wand.
5293	Stock Tanks	Provides drinking water for livestock or farm animals, can be made of
4864	Stone Veneer	The Stone Veneer category includes capstones, column caps, endcaps, hearthstones, inside corners, keystones, ledge corners, ledge trim, ledger stones, light boxes outside corners, outside corner/finished ends, panels,
7222	Stone Veneer Starter Strips	Starter strip for stone or faux stone veneer applications.
4847	Succulents	Succulents are known as easy to care for plants.
7971	Sunglasses & Glasses	Eyeglasses for all ages and genders used for sight correction or sun protection. See the category "Eye Protection" for safety glasses, face
8092	Terrariums & Habitats	Terrariums & Habitats are enclosures designed to house reptiles and
7995	Tilt Trucks	One-piece molded truck bodies on wheels designed to move large, heavy loads from one place to another. Often used for trash and recycling. See the categories "Wheelbarrows" and "Yard Carts" for outdoor home use.
6451	Toilet Paper	Paper used when cleaning after using the restroom.

7885	Toilet Seat Covers & Dispensers	Disposable pieces of paper designed to be placed on a toilet seat to protect the user from germs. This category includes toilet seat covers, dispensers,
6042	Tomato Cages	Cage like devices used to ensure tomato, pepper and other plants grow upright, and help eliminate overcrowding and unnecessary crop damage in
4435	Trash Bags	Trash bags include garbage bags for home and other uses.
7620	Trash Can Dollies & Caddies	Dollies or kits to be used with trash cans for easy mobility or weighted
6379	Trash Can Lids	Lids that are placed on top of trash and/or recycling receptacles for
4455	Trash Cans	The Trash Cans category includes garbage cans for both indoor and outdoor
6049	Tree Rings	Circular rubber mat used for landscaping around trees, mostly to inhibit growth, retain moisture and protect from weeds.
4409	Tree Stakes & Ties	Tools used to temporarily support young trees to ensure healthy root
4850	Trees	The Trees category includes feature trees, flowering trees, fruit trees,
4984	Underground Pet Fences	In-ground pet containment systems generally require three components to keep pets from crossing the boundary: a transmitter, a length of direct-burial grade boundary wire and a receiver collar. The Underground Pet Fences category includes backup batteries, boundary fence wire, boundary flags, crossing strips, fence kits, and wire/flag kits. Some important
7556	Vegetable & Herb Seeds	Accommodates seeds for vegetable and herb plants
4430	Vegetable Plants	Lowe's has fresh, delicious Vegetable Plants that are ready to go in the
4851	Vines	Plants that derive support from climbing or twining along a surface
4401	Water Shut Offs	Valve or connector used to control water flow; primarily designed for
7843	Weed Killers	Products with various application methods used for killing many different types of weeds. See the category "Moss, Algae & Fungus Control" for products more specific to moss & algae. See the category "Weed
7844	Weed Preventers	Products with various application methods used to block the growth of many different types of weeds. See the category "Moss, Algae & Fungus Control" for products more specific to moss & algae. See the category
5857	Weeders	Weeders are used to remove weeds from gardens or beds. Types: Extendable-handle tool, Hand tool, Long-handle tool, and Vibrating tool.
6393	Windshield Washer Fluid	Automotive fluid that is used to clean windshields.
8097	Appearance Boards	Used for wood working projects where visual appearance is key and strength is not the primary consideration. Types include: Common board,
7368	Attic Ladders	Ladders that are designed to specifically reach into an attic. Types include: Folding, Scissor, Sliding, & various hatch door covers

5273	Automatic Gate Openers	Installation kits used to automatically open gates. Gate Types include: Decorative steel, Aluminum, Chain-link, Wood, Universal
7006	Backer Rods	Used to fill large cracks, gaps and joints before applying sealant to control sealant depth. Types include: Soft cell, Closed cell, Open cell, Hot pour, Hot
7730	Barriers & Dig Protection	A product used to prevent animals from entering an area of yard or landscaping. Recommended Animal Sizes: X-small, Small, Medium, Large, X-
5242	Bender Board	A wood or composite board used for various woodworking projects that conforms to twists, curves and angles.
8048	Chain Link Fencing	All major pieces used to construct a chain link fence. Types include: Fence gate, Fence post, Fence fabric, Fence rail, Fence screen, Fence slats, Fence
7771	Composite Deck Boards	A piece PVC or composite material used for decking and other building projects. Types include: Deck Board, Porch board, Fascia, Riser
8052	Composite Fence Gates	A composite door for a fence designed to open and close to let anyone or anything pass through the fence barrier. This includes composite gates and
8053	Composite Fence Panels	Composite panels used in conjunction with additional materials to build a fence. Types include: Fence panel, Frame, Infill boards
8054	Composite Fence Pickets	Composite pickets are the evenly spaced vertical boards that attach to the horizontal rails on a fence. Top styles include: Dog ear, Flat-top, French gothic, Gothic, Half moon, Lattice-top, Pyramid, Scallop, Square-top,
8055	Composite Fence Posts	Vertical posts used to construct composite fences. Types include: Corner,
8051	Composite Fence Rails	Horizontal rails used to construct composite fences. Types include: Top rail,
8190	Composite Siding Panels	Siding panels made of composite and engineered wood used for external home application. Types include: Lap siding, Panel siding, Shake siding,
8191	Composite Siding Trim	Siding trim made of composite and engineered wood used for external home application. Types include: Outside corner post, Shingle moulding,
5258	DIY Project Brackets	Hardware used in do-it-yourself projects. Types include: Shelving brackets, Workbench brackets, Sawhorse brackets, Firewood rack brackets, Table brackets, Bench brackets, Patio table bracket, Chair brackets, Outdoor
7379	Deck Accents	Decorative additions to deck posts or balusters. Types include: Deck post base trim, Deck post cap collar, Deck rail centerpiece, Deck baluster collar, Deck baluster basket, Deck baluster centerpiece, Deck end cap, Deck
7380	Deck Balusters	Component used as the infill for deck railings. Types include: Deck baluster, Deck spindle, Baluster panel, Railing panel
7400	Deck Board Samples	Smaller representation of our composite deck boards. Types include: Deck

7408	Deck Connectors	Items that assist in the installation of deck balusters or columns. Types include: Baluster connector, Line connector, Stair connector, Baluster stair connector, Deck railing gate frame kit, Deck railing completer kit, Ledger spacer, Post connector, Stair post connector, Angle adapter, Stair stringer connector, 22.5-degree line connector, 45-degree line connector, 22.5-
7523	Deck Gates	External gate attached to a deck railing as a safety and decorative feature.
8246	Deck Handrails	Handrails used for decks or porches. Types include: Bottom or universal rail, Bottom rail, Deck rail, Handrail, Stair rail, Top accent rail, Top rail,
6795	Deck Lights	Lights that are typically used on outdoor railings or wooden decks of a home. Types include: Baluster light, Post light, Rail light, Step light, Wall
7382	Deck Post Caps	A decorative topper connecting to the top of a deck post.
7384	Deck Posts & Post Sleeves	Timber set vertically and used as framework support for decking and covers for these vertical posts. Types include Post, Post sleeve
7410	Deck Railing Systems	Guard rail designed to prevent people falling from decks and porches which include balusters and rails or metal cable. Types include: Cable rail kit, Deck
7388	Deck Tape	Tape used to seal the overlap of deck troughs & joists in order to extend
7623	Deck Tiles	Removable and rearrangeable tiles that are to be configured into a deck surface. Types include: Deck tile, Deck tile transition
8247	Deck Tools & Accessories	Tools & accessories used for building a deck: Types include: Cable, Cable hardware kit, End rail, Full privacy frame, Half privacy frame, Hardware kit, Infill boards, Ledger spacer, Privacy frame, Protector sleeve, Rafter clip, Rail bracket, Rail cap, Rail filler, Rail foot block, Rail sleeve, Railing panel,
6490	Dewatering Bags	Large water-permeable bag made from polyester, polypropylene, or polystyrene used to filter and remove suspended particles from water.
7807	Dimensional Lumber	Timber sawed into planks or other structural members of a standard length, width and thickness. Types include: Laminated strand lumber,
5272	Driveway Gate Opener Accessories	Attachment or add-on parts used with driveway gates, compatible with gate opener kits. Types include: Transmitters, Doorbell button, Wireless digital keypad, Sensors, Wireless intercom/keypad, Automatic gate lock, 12-volt replacement battery, Garage door receiver, Solar panel charging kit,
5259	Driveway Gates	Gates used in driveways, to protect and contain vehicles or automotive
7078	Dryer Vent Caps	Cap used to replace damaged vent hood cap. Types include: Hood, Louvered, Pest guard, Hood with pest guard

7079	Dryer Vent Hoods	Vent product that carries dryer exhaust from vent hose to outside. Types include: Louvered, Louvered with guard, Preferred, Preferred with guard,
5260	Electric Fence Accessories	Accessories for electric fencing including warning signs, boundary flags, driveway crossing strips, surge protectors, wire and flag kits, batteries, and
5261	Electric Fence Chargers	Solar, AC hardwired, or battery-operate device that maintains the charge for an above-ground electric fence, underground electric pet fence or
5262	Electric Fence Insulators	Part for an electric fence that keeps the wire from touching the post or other grounded items. Types include chain-link, corner, high-tensile,
5264	Electric Fence Posts	Vertical posts used to construct electric fences.
7416	Electric Fence Tools	Tools used specifically to construct electric fences such as digital voltmeters, line tighteners, crimping tools, electric fence testers, ground clamps, high-tensile wire cutters, spinning jennys, splicers, 4-slot crimping
5265	Electric Fence Wire & Tape	High-tensile wire, poly rope, poly tape, & poly wire for electric fences.
6492	Erosion Control Blankets	Biodegradable or semi-biodegradable blankets placed on top of growing medium to protect it from wind, water while plants are being established, enhance early germination of seeds, and to help deter soil erosion. Types
6496	Erosion Control Wattles & Logs	Long tubular rolls of various materials wrapped in netting used for sediment control and storm water runoff. Types include: Log, Wattle
4309	Fascia	A frieze or band running horizontally and situated vertically under a roof edge made from aluminum, cedar, vinyl, composite, or spruce pine fir.
8245	Fascia Boards	The board that runs around the perimeter or the back of the deck or deck stairs for a seamless look. Fascia covers the wood perimeter joist of the deck frame and is sometimes called "rim joist cover." Types include Fascia
7420	Fence Hardware, Parts & Tools	All hardware, parts or tools needed to construct a fence with the exception of electric fencing. Types include various brackets, post sets, rings, Screws,
8059	Fence Post Caps	A fitting that covers the top of fence posts; often used for decoration or to keep out water and debris. Types include: Bullet cap, Cross-over cap ,Dome cap, Eye top, Post cap, Post collar, Post cap and collar, Post top, Rail end,
7710	Fiber Cement Siding	Panels of fiber cement siding made from of a mixture of sand, cement and cellulose fibers in various styles and textures. Types include: Lap siding, Panel siding, Vertical siding, Shingle siding panel, Individual siding shingle
8274	Fiber Cement Siding Samples	Smaller pieces of fiber cement siding for customers to take home and see what the color, finish, and texture looks like on their home.
8137	Fiber Cement Siding Touch-Up Kits	Seals fiber cement siding surfaces; touches up nail heads and scratches.

7111	Fiber Cement Trim	Trim boards composed of fiber cement to accentuate corners, columns, fascia, doors, windows. Textures include: Cedarmill, Smooth, Sierra, Stucco,
5269	Furring Strips	Thin strips of tapered wood, often used in leveling and raising surfaces
6488	Geocells	Honeycombed geosynthetic product used for ground reinforcement and
6489	Geotextiles & Geogrids	Permeable fabric or synthetic materials which, when used in association with soil, have the ability to separate, filter, reinforce, protect, or drain. Types include: Biaxial geogrid, Geogrid, Nonwoven geotextile, Uniaxial
8298	Hidden Deck Fasteners	System of clips, plugs, and screws, etc used to secure deck boards via hidden grooves on the sides or bottom without being visible on the top
7165	Horse Stalls & Accessories	Horse stall grill sections & doors for building horse stalls. Types include:
7517	Insulation Accessories & Supports	Insulation supports and miscellaneous insulation accessories such as Insulation collection bags, spray foam insulation guns, & blown-in
7572	Joists	Joists are the long parallel beams (framing members) that support the subfloor and roof rafter application. Types include: I-joist, Truss
7573	LVL	Engineered wood product that uses multiple layers of thin wood assembled with adhesives. Types include: LVL beam, LVL girder, LVL header, LVL rim
5276	Landscape Timbers	Timber used for landscaping. Finishes include: Painted, Prefinished, Primed,
7429	Lattice & Accessories	Strips of wood or vinyl crossed and fastened together. Types include: Lattice, Decorative screen panel, Decorative screen panel kit
8160	Metal Deck Framing	Interlocking joist and ledger systems for building metal deck frames. Types include: 16-gauge joist, 18-gauge joist, 12-in OC rim joist, 16-in OC rim joist, 12-in OC blank u-rim joist, 16-in OC blank u-rim joist, 12-in OC curved rim joist, 16-in OC curved rim joist, Blank s-ledger, 12-in OC s-ledger, 16-in OC s-
8161	Metal Deck Framing Brackets & Accessories	Brackets, straps & other interlocking accessories for building metal deck frames. Types include: Ledger bracket, F-50 bracket, 45-degree bracket, Rim joist bracket, Single hanger bracket, Double hanger bracket, Single beam/Post bracket, Double beam/Post bracket, 12-in OC blocking, 16-in OC blocking, Post/Pier bracket, Beam cap, Joist cap, 7-in stair bracket, 7-3/4-in
7418	Metal Fencing	All major items needed to construct a metal fence. Types include: Fence
7113	Metal Siding Trim	Trim pieces for metal siding including F-channels, gables, J-channels, J-trim, outside corner posts, sheet, Starter strips, trim coils, undersills, J-corner
4304	Mobile Home Hardware	Hardware particularly made for the construction of mobile homes. Types include: Strap, Anchor, Bolt, Screw, Nail, Angle, Vent cap, Stabilizer plate,

4298	Mounting Blocks	Blocks of varying material used for mounting fixtures to existing siding. Types include: Electrical, Light, Plumbing/Hose, Universal
7392	OSB Tape	Tape that protects against water intrusion and air leakage, to be used with OSB System Panels. Types include: Panel system tape, Panel system tape
5281	Outdoor Privacy Screens	Privacy screen designed for outdoor use. Types include: Screen, Balcony
7834	Outdoor Stair Risers & Treads	Risers, treads, and stair systems for outdoor stairs.
7386	Outdoor Stair Stringers	The main structural supports for deck stairways made from aluminum, wood, alder, cedar, hemlock fir, pine, redwood, southern pine, southern
8096	PVC Trim Boards	Trim and common boards composed of PVC and used as a wood replacement product for a variety of different applications.
8130	Plywood & Sheathing	A type of wooden board made from sheets of wood glued together. Types include: MDO plywood, Plywood sheathing, Plywood subfloor, Plywood
7691	Pressure Treated Lumber	Treated Timber sawed into planks or other structural members of a standard length, width and thickness. Contact types allowed include: Above
7391	Railroad Ties	Wooden borders used in landscaping
7430	Rolled Fencing	Fencing that is packaged rolled-up which is mainly used for animals and gardens. Types include: Bamboo fencing, Barbed wire, Barbless wire, Hardware cloth, Poultry netting, Reed fencing, Thatch panels, Welded wire,
7117	Siding Tools & Accessories	Miscellaneous tools used for installing or removing various types of exterior siding. This category includes removal tools, joist flashings, starter strips, siding clips, siding and trim cutters, siding gauges, siding brakes and
4310	Skirting Panels	Metal or vinyl decorative panels used to skirt mobile homes, hot tubs, and other applications to hide underpinning and structure foundations.
7120	Skirting Trim	Used for installing and trimming skirting panels. Types include: Bottom rail, Ledge trim, Ledge trim corner, Starter strip, Top rail
4278	Soffit	Siding pieces made from varying materials used on the underside of an architectural feature such as a roof or a ceiling. Types include: Center
5296	Studs	A vertical framing member in a building's wall of smaller cross section than a post. Types include: Pre-cut, Standard, Stud, Pre-cut stud
8066	Temporary Fencing	Fencing designed to be movable and temporary used for creating barriers for safety, privacy, pets, etc. Types include: Safety netting, Poly sheeting,
6495	Turbidity Curtains	Floating, flexible sediment control barriers designed to prevent the spread of sediment and silt in bodies of water. Types include: Type 1 DOT, Type 2

7409	Under Deck Ceiling Systems	Tools used to funnel water run-off from pooling in the underside of a deck ceiling system. Types include: Downspout, Panel, Slope building bracket, Trough, Under deck ceiling kit, Fastener, Panel screws and caulk, Post
8060	Vinyl Fencing	All major components used in constructing a vinyl fence. Types include: Fence rail, Fence gate kit, Fence gate, Fence panel, Fence post
4280	Vinyl Siding Panels	Home siding panels made from vinyl. Types include: Beaded, Board and batten, Dutch lap, Scallop, Shake, Traditional, Round cut, Clapboard, Log, &
7403	Vinyl Siding Samples	Smaller representations of our vinyl siding panels. Type include: Beaded, Board and batten, Double 4 dutch lap, Double 4.5 dutch lap, Double 5 dutch lap, Double 4 traditional ,Double 5 traditional, Hand-split shake,
7115	Vinyl Siding Starter Strips	Starter strips of varying materials used for starting a vinyl siding installation
7114	Vinyl Siding Trim	Face plates, F-channel, H-trim, J-channel, corner posts, and other trim pieces for completing a vinyl siding installation
6165	Wheelchair Accessories	Accessories that increase wheelchair safety and comfort. Types include: Wheelchair arm rest, Wheelchair oxygen tank holder, Wheelchair pouch, Wheelchair safety strap, Wheelchair seat back cushion, Wheelchair seat
6100	Wheelchair Ramp Components	Individual parts that are used to build a wheelchair ramp. Types include: Cross beam, Cross brace, Leveling foot, Square post extender, Standard
6099	Wheelchair Ramp Landings & Runs	Flat, level part of a ramp and the actual sloped piece of a ramp, respectively. Types include: Bottom run, Ramp run, Right- and left-turn
5802	Wheelchair Ramps	Ramps that facilitate access to an entrance or exit in place of stairs. Types include: Folding, Modular, Panel, Portable, Threshold, Solid
8062	Wood Fence Gates	A wooden door for a fence designed to open and close to let anyone or anything pass through the fence barrier. Types include: Anti-sag gate kit,
8064	Wood Fence Panels	Wooden panels used in conjunction with additional materials to build a fence. Types include: Fence panel, Frame, Infill boards
7422	Wood Fence Pickets	Wooden pickets that are the evenly spaced on vertical boards which attach to the horizontal rails on a fence. Fence Top Syles include: Dog ear, Flat-top, French gothic, Gothic, Half moon, Lattice-top, Pyramid, Scallop, Square-
8065	Wood Fence Posts	A wooden post set in the ground as a supporting part of a fence. Types include: Corner, End, Line, Universal, Blank
7426	Wood Fence Rails	Horizontal rails used to construct wood fences. Types include: Top rail, Rail.
7168	Wood Siding & Accessories	Siding panels, trim, & shingles comprised of wood for exterior use on a

5425	Accent & Picture Windows	Accent and picture windows include accent and special shaped windows, such as round, oval, octagon, square and rectangle window shapes.
7698	Accordion Doors	Accordion doors are interior doors that open by folding back in sections, rather than by swinging in or out on hinges.
7461	Acoustic Panels & Rolls	Acoustic panels and rolls are panels and rolled materials that are used for sound or vibration absorption, reflection and echo reduction for various
6909	Appliques & Sconces	Appliques and sconces are ornate accents for fireplaces, staircases and other interior and exterior areas of the home.
4813	Awning Accessories	Awning accessories are attachments or add-on parts, including covers, that accompany awnings or assist in constructing awnings.
5784	Awning Window Parts & Accessories	Awning Windows Parts & Accessories aid in the maintenance of louver, jalousie, transom, projecting, and awning windows. This category includes E-clips, jalousie link assortments, latch hooks, link kits, link repair bolts and bushing, operator angle adapters, poles and hooks, repair screw and
5410	Awning Windows	Awning windows are windows which are hinged at the top and open out
4816	Awnings	Awnings are sheets of canvas or other materials stretched on a frame that keeps sun or rain off a window, door or patio; includes fixed and
7164	Barn Doors	Barn doors are interior doors that slide horizontally on a track instead of
6910	Baseboard Moulding	Baseboard Moulding is decorative moulding used primarily for capping walls to floors. Types include baseboard, base cap, bathtub and shoe.
5473	Basement Hopper Windows	Basement hopper windows are small windows that are hinged on the
8163	Braces	Braces are decorative and structural elements installed on trusses and
8100	Brackets	Brackets are decorative, non-structural, elements that are installed on buildings where an exterior wall meets the soffit. Types include Gable
5890	Casement Window Tracks	Casement Window Tracks are mechanical rails that keep casement windows secure in the window jamb and running on course.
5411	Casement Windows	A casement is a window that is attached to its frame by one or more hinges at the side. They are used singly or in pairs within a common frame, in which case they are hinged on the outside. Casement windows are often held open using a casement stay. Frame material options are Aluminum,
6912	Ceiling Domes	Ceiling domes are recessed or surface mounted trim pieces used to
6913	Ceiling Medallions	Ceiling medallions are decorative ceiling accents used above a ceiling fan or light fixture; includes split and whole ceiling medallions.

6914	Ceiling Rings	Ceiling Rings are moulding rings used to bring attention and detail to a ceiling and are often found around a ceiling medallion and/or light fixture
6556	Cellar Door Accessories	Cellar door accessories are accessories and additions for cellar and basement doors; includes Extension kit, Foundation plate, Header, Lock kit
4829	Cellar Doors	Cellar doors include heavy-duty doors and parts designed for cellars and
6915	Chair Rail Moulding	Chair rail moulding is used to trim a wall at the chair rail level or to act as a transition between paneling and the wall; includes chair rail and chair rail
7699	Closet Doors	Closet Doors are doors for a closet. Types include bifold, sliding and pivot.
7169	Column Cap & Base Kits	Column cap and base kits are kits that include both a column cap and base and are used for design aesthetic and functional additions to a column.
4811	Column Hardware	Column hardware are made to mount a post flush with the top of the
7172	Column Wraps	Column wraps are design accessories that are fitted around the outside of an existing column; includes column wraps made from wood, PVC,
7173	Columns	Columns are upright pillars used as structural support or as design elements in exterior and interior spaces; may be load bearing or stand-
6916	Corbels	Corbels are decorative moulding shelf brackets used to support small loads or cover other brackets and come in a number of materials, styles and
4511	Corner Guards	Corner guards are used to protect wall corners from damage; includes inside corner and outside corner guards.
6810	Cove Moulding	Cove moulding is concave trim installed at the conjoining of walls and ceilings, or on stairs where risers meet treads.
7863	Crosshead & Window Header	Crosshead and window header are decorative elements that horizontally span across the top of a door or window opening; they are typically made
6917	Crown Moulding	Crown moulding is used for capping walls to ceilings in a decorative way; includes Bed, Crown, Picture, Running trim.
6919	Door Casing Kits	Door casing kits are complete kits to trim an interior or exterior door;
4810	Door Jamb Security & Repair Kits	Door jamb security and repair kits are used to repair or protect door, jambs and hinges; includes Bracket, Bumper, Chain lock, Doorbell, Doorbell accessory, Guard, Guide, Handle, Hanging kit, Hasp, Hinge, Knocker,
5412	Double Hung Windows	Double hung windows are windows where both the upper and lower sash
4809	Dowels	Dowels are solid, cylindrical or square, rods, usually made of wood, plastic,
6921	Entry Door Casing Accents	Accents used to decorate window and door casing.
7303	Epoxy Guns	Epoxy dispensing gun

5219	Exterior Shutter Hardware	Exterior Shutter Hardware are used to install or repair exterior shutters and parts. Types include Fasteners, Hinge cap, Pintle, Screws, Screw and hinge cap set, Shutter cap, Shutter hinges, Shutter slide bolt, Shutter stay, Spike
4824	Exterior Shutters	Hinged panels fixed outside a window to provide security, privacy or block
7781	Faux Beams	Faux Beams are trim used to create the appearance of a solid beam and add an aesthetic appeal without having the solid beam expense. Types include Decorative Beam, Decorative Bolt Plate, Decorative Bracket and
6922	Finials	Decorative stair railing caps installed on top of a newel post.
4808	Fireplace Mantels	Large shelf placed above a fireplace.
4826	Fireplace Surrounds & Pilasters	Fireplace surrounds and pilasters are decorative elements that encase a
6830	Flashing Kits	Flashing kits are items used in installation of Windows, Doors and Skylights sold in a kit. Types include curb mount skylight flashing kit, deck mount skylight flashing kit, flush mount skylight flashing kit, and curb mount solar
7700	French Doors	A door with rectangular panes of glass extending the full length of the door
6519	Front Door Glass Inserts	Decorative glass inserts and frame designed to replace existing sidelight glass. This is not an entire sidelight unit.
7236	Front Doors	A door used as a primary entrance to a residential or commercial structure.
5521	Garage Door Opener Keypads	Keypad placed outside a garage and requires a code for entry in the garage.
5522	Garage Door Opener Parts & Accessories	Garage Door Opener Parts and Accessories include Battery, Door monitor, Frequency conversion kit, Installation kit, Internet gateway, Light control, Parking assist, Powerhead, Rail extension kit, Rail system, Screw drive lubricant, Surge protector, Wall controls, Sensor, Replacement chain, Light bulb, Quick release key, 8-ft chain rail extension kit, 10-ft chain rail
5523	Garage Door Opener Remotes	Replacement garage door opener remotes are designed to open and close compatible garage doors from a distance.
4822	Garage Door Openers	Mechanism used to raise and lower garage doors.
5520	Garage Door Parts & Hardware	Hardware specifically for the maintenance and operation of garage doors.
7535	Garage Door Screens	Screen that covers the opening of a garage.
4830	Garage Doors	A door on a garage that can either be opened manually or by a garage door opener. they allow passage of vehicles in and out of garage.
4660	Glass Block	Decorative glass blocks used in windows, showers and bathrooms.
7239	Glass Block Accessories	Air vents designed to be used in glass block configurations
5423	Glass Block Windows	Window composed of glass blocks.
4861	Handrails & Accessories	Railings used for staircase or wall installations.

8022	Hidden Door Parts & Accessories	Hidden door parts and accessories include hardware kits, door jamb kits and moulding kits for use in conjunction with hidden doors.
8021	Hidden Doors	Hidden doors are doors that are disguised to resemble a non-door feature, such as a bookcase, and are used to conceal the entry to a room.
4827	Hurricane Shutter Panels & Hardware	Strong and durable shutters and parts.
7847	Moulding (By-the-Foot)	Moulding sold by the linear foot in increments of 1 ft.
7773	Moulding Blocks	Moulding blocks used to connect base, crown or chair moulding
6923	Niches	Decorative recessed or surface mounted wall accents.
8164	Outlookers	Outlookers are wooden or synthetic joists that extend in cantilever from an exterior wall of a building to support roof sheathing and to provide a
8001	Patio Door Components	Patio door components include operating panels, stationary panels, frames and screens used in conjunction with patio doors.
4807	Patio Doors	A sliding or hinged glass door that allows access from a room in the house
4978	Pet Door Accessories	Attachment or add-on parts for pet doors.
4987	Pet Doors	Sizable doors installed for pets to enter or exit residential or commercial
6924	Picture Frame Moulding	Decorative wall trim used to create a picture frame look.
6925	Plinths	Decorative moulding blocks used with door casing and baseboard
4835	Pocket Door Frames	Used instead of swinging doors to create space.
5574	Pocket Door Guides	Tracks that guide a pocket door while opening and closing.
5575	Pocket Door Hardware Kits	Kit that contains various replacement parts for pocket doors.
5576	Pocket Door Pulls	A handle used for opening and closing a pocket door.
5577	Pocket Door Rollers	Operational hardware that allows a pocket door to slide open and closed.
7701	Prehung Interior Doors	A door that comes already mounted onto the frame
5426	Projection Windows	Bay, bow, or garden windows.
7464	Radiator Covers	Decorative coverings to sit over radiators, used for style and safety.
6926	Rosettes	Decorative accents used in fireplaces or on the corners of window and door
7702	Saloon & Cafe Doors	A pair of lightweight doors that have hinges that allow the door to swing
4823	Screen Doors	Doors and replacement door screens for providing ventilation and
4815	Security Doors	Heavy-slab doors built for extra security. these doors may be built with fiberglass, heavy wood, and wrought iron. other elements such as
5239	Shims	Thin strip of wood or metal, used for leveling or adjustments
6817	Shoe & Round Moulding	Rounded moulding used to cover transitions between surfaces, for trim
5220	Shutter Tops	Decorative accents used for window shutters.
5413	Single Hung Windows	Window which has a stationary upper half and a bottom sash that slides

4817	Skylight Accessories	Attachment or add-on parts ideal for installation or enhancement of
4818	Skylights	Windows installed in ceilings for incoming of natural light.
7703	Slab Doors	A slab is a door that comes without the frame, hinges or hardware
7212	Sliding Patio Door Security Bars	Telescopic Security Bar Lock, Adjustable Security Door Door Security Bar
5816	Sliding Window Pulls & Latches	Devices used to open/close and secure horizontal sliding windows.
5787	Sliding Window Sash Lifts	Used to aid in the opening of windows.
5803	Sliding Window Sash Locks	Locks used to secure a window closed.
5414	Sliding Windows	Window that has one stationary sash and one that slides to the left or right.
7661	Square & Lattice Moulding	A thin thickness moulding used to make your own lattice or square to
4858	Stair Balusters & Accessories	Used as support spindles between treads and handrail.
4859	Stair Newel Posts & Installation Kits	Posts used at the beginning, end, or middle of stairs to anchor railings
7156	Stair Nosing	Pieces used to adorn the edges of stair cases.
7134	Stair Railing Kits	Railing kits used for stairs or balconies
7130	Stair Risers	Vertical pieces used to build, replace or extend a set of stairs.
7131	Stair Treads	Horizontal pieces used to build, replace or extend a set of stairs.
7133	Staircase Kits	Kits used to build spiral or modular staircases.
4821	Storm Doors	Installed in front of an exterior access door to protect from bad weather and ventilation; there are three types: full view, ventilating and rollscreen
4805	Storm Windows	Second additional door that is installed within the door frames of an exterior opening at a house or apartment building. they operate in the same way as a conventional door, but they are usually thinner, lightweight and contain some glass panels. prevents outdoor elements like debris and
6395	Table Aprons	Boards making up the sides of the table base and connect the legs
4806	Table Leg Hardware	Hardware used to install table legs
4820	Table Legs	Supporting element for tables
6394	Table Tops	Piece of wood that serves as the top surface a table
4825	Tubular Skylights	Tube-shaped tunnel used to bring natural light indoors.
4828	Wall Panel Moulding	Moulding used to connect pieces of wall panels together and to provide
4286	Wall Panels	Wood or composite panels used as a decorative feature or cover on walls.
6928	Wall Planks	Wood or composite planks used as a decorative feature on walls.
6929	Window & Door Moulding	Strips of moulding used to trim a window or door
7490	Window Frame Repair	Products used to repair and maintain window frames.
4294	Window Joining Kits	Installation for conjoining windows.
7537	Window Screens	Screen that covers the opening of a window.

5176	Window Security Bar Hardware	Attachment or add-on parts used to enhance security on residential
5174	Window Security Bars	Metal rods installed over windows and doors to defend against burglary
5311	Wood Veneer	Wood veneer that can be applied to wood or metal
6517	Adhesive Removers	Adhesive removers are products that remove adhesive residue from a
4254	Air Paint Sprayers	Air paint sprayers evenly distribute paint through a nozzle tip using compressed air. Power sources are gas, battery or electric. Use locations include interior and exterior. For use with acrylic paints, decking, doors, elastomerics, fencing, floors and ceilings, furniture and cabinets, lacquers,
7644	Airbrush Kits	Airbrush kits contain paints and parts necessary for airbrushing items. Base materials types are acrylic, enamel, epoxy, latex, oil-based and water-
7453	Airless Paint Sprayers	Airless paint sprayers are tools that atomizes and sprays paint without the use of compressed air. Types include handheld and stationary. Power source options are electric, gas and battery. Use locations are exterior, interior, and interior/exterior. Use options include commercial, acrylic
7289	Anti-Slip Tape	Anti-slip tape is used to prevent slipping and skidding on flooring. Types include rolls and tread strips. Use locations include interior and exterior. For use on wood, concrete/masonry, tile and metal. Feature options
7290	Automotive Adhesive	Automotive adhesive is a specialty adhesive designed to seal and protect various components of an automotive exterior/interior. Bonds fabric with
5985	Bucket Accessories	Bucket accessories are bucket part add-ons including bucket lids, bucket bases, paint can lids, bucket hooks, bucket scoops, bucket dolly, follow plates, bucket caddy, bucket gear belt, paint can hooks, bucket handle clips
4450	Buckets	Buckets are an open container with a handle, used to hold and carry liquids or other material. Types include double bucket, general bucket, paint bucket, squeegee bucket, paint can, and collapsible bucket. They are oval, square and round in shape and the bucket tub material is made of either
8230	Cabinet & Furniture Paint	Cabinet paint and furniture paint is designed for decorative or protective use, specifically for indoor and outdoor cabinets and furniture. Base material is latex and acrylic. Sheen choices are flat, gloss, satin and semi-
4462	Caulk	Caulk is a waterproof filler and sealant, used in building work and repairs. Types include advanced sealant, latex, silicone, solvent and polyurethane along with drywall sealant. Caulk project types include exterior projects, interior projects, window & door, kitchen & bath, interior paint & trim and multi-use. Use locations are exterior, interior and interior/exterior.

4473	Caulk Accessories	Caulk accessories are tools or add-on parts used with caulk. Types include caulk finishing tool, caulk applicator tool, caulk plug, caulk spreader, caulk tool kit, caulk trowel, caulk storage container, caulk replacement piston,
4474	Caulk Guns	Caulk guns are hand tools used to evenly dispense caulk through a nozzle from a caulk cartridge. Types include ratchet, rod, pinion and rack. Battery
4538	Caulk Strips	Caulk strips are flexible, self-adhesive trim strips which are available for use anywhere that one would use traditional caulk, trim, or molding. As caulk strips, they can be used to keep moisture from seeping into gaps around sinks, bathtubs, showers, floors, walls and anywhere one would put
8229	Ceiling Paint	Ceiling paint is a durable high viscosity paint designed for strong adhesion to textured ceiling surfaces. Sheen choices are flat and super flat. Base material options are latex, acrylic, and oil-based. Features include
7551	Concrete Additives	Concrete additives are used to change pigment, color and add anti-skid
7550	Concrete Preparation	Concrete preparation products are used for cleaning, priming and degreasing concrete floors and they increase adhesion that allows coatings to bond tighter to concrete. Types include cleaner, etcher, primer, cleaner
4442	Concrete Stains & Sealers	Concrete stains & sealers provide a permanent color and a protective barrier to concrete surfaces. Types include concrete stain, concrete stain and sealer, concrete sealer, concrete etching stain, and concrete etching stain and sealer. It comes in concentrated or ready-to-use forms. Base materials options are gel, oil-based, oil-modified, water-based, acrylic, acid-
7292	Construction Adhesive	Construction adhesive is a general-purpose adhesive used for attaching drywall, tile, molding, and fixtures to walls, ceilings, and floors. It is most commonly available in tubes intended for use with a caulking gun. Types include contact cement, polyurethane, latex, solvent, and polymer-based.
8231	Countertop Paint & Coatings	Countertop Paint and countertop coatings are used to refresh countertop surfaces. Types include: refinishing kit, refinishing paint, refinishing coating
7547	Craft Paint	Craft paint is an ultra-flat finishing paint typically used on furniture or decorative pieces to give a saturated or distressed look. Base material types are acrylic, enamel, epoxy, latex, oil-based, and water-based. Specialty finish options include brushed suede, chalkboard, chalky, crackle,

8084	Craft Supplies	Craft supplies are kits or materials for art and craft projects. Types include craft apron, craft gloves, craft masks, palette, easel, craft stencil, letter cutout, word cutout, stretched canvas, canvas board, craft surface, craft glitter, glitter glue, chenille stems, craft foam, craft felt, craft puffs, craft straws, craft sticks, craft sand, craft gems, beads, wiggly eyes, doilies,
7404	Decorative Finishes	Decorative finishes improve the look of a wood object with color, luster, texture and some provide a protective layer. Types include glaze, wax, paste and colorant. Specialty finish options are antiquing, clear, crackle, limewash, whitewash, weathered crackle, and glitter. Base material choices
7713	Door & Trim Paint	Door and trim paint is designed for use on doors and various trim types such as baseboards, moldings, soffits, and fascia. Base materials options are acrylic, oil-based and water-based. Sheen types are high-gloss, satin, and semi-gloss. For interior and exterior locations. Door paint and trim paint for use in kitchen/bath, cabinets, exterior doors, fiberglass, garage
4449	Double-Sided Mounting Tape	Double-sided mounting tape is a tape with adhesive on both sides for double-sided tape applications. Types include roll, squares, strips and discs. For use on concrete/masonry, drywall, glass, laminate, metal, plastic, tile, vinyl, wood and kitchen backsplashes. Feature options are removable,
4468	Drop Cloths	Drop cloths are a piece of cloth, plastic, etc. used to cover floors, furniture, etc. as a protection against dripping paint. Tarp material choices are plastic, canvas, paper, butyl-backed canvas, polyester, polypropylene,
6287	Dry Erase Paint	Dry erase paint is a smooth, hard finish that creates a unique writeable and erasable surface for dry erase markers. This product is available in white,
4453	Duct Tape	Duct tape is a strong, cloth-backed, waterproof adhesive tape. For use on concrete/masonry, drywall, glass, laminate, metal, plastic, stucco, tile and wood. Feature options include double-sided, heavy duty, reflective,
4741	Epoxy Adhesives	Epoxy adhesives are used for bonding metal, wood, glass, ceramic and plastic in diverse applications where high strength bonds are required. Forms include putty, liquid and resin. Container types are bottle, tube, cartridge, dual-cartridge, stick, can, jar and bucket. Feature options are
6270	Exterior Paint	Exterior paint is designed for decorative and/or protective use outdoors of a home or a building's shingles or siding. Sheen options include eggshell, flat, gloss, high-gloss, matte, satin, semi-gloss, soft-gloss, and super flat. Base material types are latex, epoxy, acrylic, oil-based and lime. Paint and

6119	Exterior Stains	Exterior Stains are coatings used to protect and color exterior surfaces. Types include clear, solid, semi-solid, semi-transparent, transparent, and bleaching. Base material types are acid based, asphalt, oil-based, oil-modified, water-based, and solvent-based. For use on composite decking,
7307	Fabric Repair Patches	Patches used to adhere and fix tears in materials.
7395	Garage Floor Paint	Garage floor paint are coatings used to beautify and protect your garage or concrete based floors. Product types are garage floor epoxy, garage floor primer, garage floor touch-up, garage floor polycuramine, and garage floor paint. Transparency options are solid, semi-transparent and transparent. Base material types are acrylic, epoxy, latex, oil-based, water-based and
7190	Glazing Points	Thumbtack sized points used to hold glass in place when glazing or
7454	HVLP Paint Sprayers	HVLP paint sprayers are paint sprayers that use low pressure to expel high volumes of paint. Types include handheld and stationary. For use with acrylic paints, decking, doors, elastomerics, fencing, floors & ceilings, furniture & cabinets, lacquers, latex paints, oil paints, oil-based stains,
4434	Heat Guns	A heat gun is a device used to emit a stream of hot air, usually at temperatures between 200 to 1000 degrees F. Heat guns are used for removing paint and flooring, bending plastic, shrink wrapping, thawing pipes and more. Heat guns can be corded or cordless and options include
7712	Industrial Enamel Paint	Industrial enamel paint is paint that air-dries to a hard, usually glossy, finish, used for coating surfaces that are outdoors or otherwise subject to hard wear or variations in temperature. Base materials are oil-based or water-based. For use on aluminum, barn and fence, brick, concrete, doors, drywall, fiberglass, masonry, metal, plaster, stucco and wood. Feature
7101	Inner-Fed Paint Rollers	Inner-Fed Paint Rollers store paint in a tube and feed the roller fresh paint when painting. Features include beveled ends, ergonomic handle, shed resistant and splatter shield included. For use on Brick, Concrete/Masonry, Decks and Fences, Doors and Cabinets, Smooth
4447	Interior Paint	Interior Paint is designed for decorative or protective use indoors, specifically on walls and trim. Sheen options include eggshell, flat, gloss, high-gloss, matte, satin, semi-gloss, soft-gloss, and super flat. Base materials types are latex, epoxy, acrylic, oil-based and lime. Specialty finish options are chalkboard, chalky, dry erase, glitter, glow in the dark,

7135	Interior Stains	Interior stains are used primarily to color interior wood products, such as furniture and flooring. Sheen options include eggshell, flat, gloss, high-gloss, matte, satin, semi-gloss, soft-gloss, and super flat. Base materials types are oil-based, oil-modified and water-based. Transparency options are solid, semi-transparent and transparent. Application methods are
6752	Lead Test Kits	Test kits for lead detection on multiple surfaces
7396	Marine Paint	Marine paint, aka boat paint, is designed to protect your boat from the elements such as sunlight and fresh and salt water. Types include marine paint, marine paint and primer, marine primer, marine paint additive,
7405	Marking Paint	Marking paint provides bright markings with short- and long-term resistance to outdoor elements. It can be applied on surfaces such as concrete, gravel, asphalt and grass. Application methods includes brush,
4460	Masking Paper & Film	Masking paper and film make quick work of covering large areas to protect them from paint splatter, particularly if you're using a paint sprayer or large roller. It is resistant to paint solvents, urethanes, base coats, and clear coats. Types include masking film, masking paper, and red rosin paper.
7319	Masking Tape	Pressure-sensitive adhesive and easily removable tape, made of paper,
6753	Mini Paint Rollers	Mini paint rollers are great tools for painting small surfaces, edge and trim areas and hard-to-reach places. Most products come with a mini roller frame and a cover. Roller material options are cotton, foam, lambskin, mohair, polyester, polyester/wool, synthetic blend, teflon, velour,
6531	Moisturizers	Moisturizers are creams and lotions designed to moisturize the skin. Types include foot creams, hand creams and lotions.
7320	Multipurpose Adhesive	Multipurpose adhesive is designed to bond with a variety of materials including for use on brick, ceramic, concrete, foam, glass, leather, metal, paper, plastic, rubber, stone and wood. Types include bonding, extreme condition, hardware, outdoor, polyurethane, silicone, subfloor and deck,
4464	Packing Tape	Packing tape, box-sealing tape, parcel tape or is a pressure-sensitive tape used for closing or sealing corrugated fiberboard boxes. It consists of a pressure-sensitive adhesive coated onto a backing material which is usually a polypropylene or polyester film which is oriented to have strength in both the long (machine) direction and the cross direction. Types include

6751	Paint Additives	Paint additives aid in providing enhanced features to surfaces. Types include paint color flakes, paint conditioner, paint crystal, paint hardener, paint odor remover, paint scent additive, paint texture additive, paint
6740	Paint Applicator Kits	Paint applicator kits that include several items used for painting tasks such
4471	Paint Brushes	Paint brushes are handled brushes used for applying paints, stains, urethanes, and varnishes to a surface. Types are trim brush, stain brush, art brush, chalk & wax brush, wall brush, general purpose brush, chip brush, corner brush, sash brush, brush set, and faux finish brush. Head shapes are
6747	Paint Bucket Openers	Paint bucket openers are specially designed devices for opening lids on
6765	Paint Can Drip Catchers	Paint can drip catchers are devices that attach to the base of a paint can to catch paint drips and runs after the can is tipped over to pour paint.
6758	Paint Can Pour Spouts	Paint can pour spouts are spouts that attach to paint buckets and cans to control the flow of paint that prevents splashes. Attachment methods are bucket lid attachment and can attachment. Fits bucket size 1-gallon, 2-
7775	Paint Cleanup	Paint cleanup are products used to clean up paint projects and tools. Types include brush cleaner and hand cleaner. Form options are gel, liquid, and
6742	Paint Grids	A paint grid is an attachment to a bucket that provide a gridded ramp for paint rollers and brushes. They are made of plastic or metal materials. For
4451	Paint Guides	Paint guides are used as a guide for applying paint, providing protection to trim and areas where paint is not desired. They protect surfaces from spatter and over-painting. Material choices are metal, wood, plastic, and
7776	Paint Mixers	Paint preparation products are used to prepare paint project areas and tools. Types includes deglosser, masonry cleaner, paint stir stick, mildew treatment, rust converter, paint storage bag, paint roller repair kit, window
6761	Paint Multi-Tools	A classic paint multi-tool, or 5-in-1 tool used to open paint cans, scrape off dried or spilled paint, spread putty, clean out cracks and grooves, and remove paint from a roller with one tool. Types include: Paint can rim
6734	Paint Pails	Paint pails are used for holding and carrying paint that may or may not include a studded ramp and a brush holder.
4431	Paint Roller Covers	A paint roller cover is a cylinder covered with an absorbent fibrous material which is used for covering surfaces with paint or stain. They are attached to paint roller frames. Roller types include jumbo, trim, mini and standard. Roller material options are polyester/wool, synthetic blend, teflon, polyester, mohair, foam, cotton, lambskin, polyamide, velour, microfiber

4439	Paint Roller Frames	Paint roller frames are metal or plastic frames that serve as the skeletons for paint roller covers and are reusable for future painting projects. Feature types include compatible with extension pole, ergonomic handle, quick
4845	Paint Samples	Paint samples are small batches of paint that allow customers to try a color before painting an entire room. Types include: peel and stick paint sample, paint sample base, paint sample and paint fan deck. Paint color
4433	Paint Scrapers	Devices used for scraping away and removing paint. Types include: Paint scraper tool, Paint scraper replacement blade
6248	Paint Sprayer Parts & Accessories	Paint sprayer parts and accessories includes paint sprayer gun, paint sprayer hose, paint sprayer bag conversion kit, paint sprayer backpack, paint sprayer pressure roller kit, paint sprayer pressure roller cover, paint strainer, paint sprayer cup, paint sprayer liner, paint sprayer pump repair kit, paint sprayer gun repair kit, paint sprayer filter, paint sprayer battery,
6247	Paint Sprayer Tips & Extensions	Paint sprayer tips and paint sprayer extensions are small metal and plastic pieces used at the end of sprayers to maximize consistency when applying a coating. Types include paint sprayer tip, paint sprayer nozzle, paint sprayer extension, paint sprayer tip guard, paint sprayer atomizer valve,
6123	Paint Strippers & Removers	Paint Strippers & Removers takes off paint, varnish, shellac, epoxy, and other coatings from substrates. Surface types include concrete, drywall, masonry, metal, multi-surface, plastic, stucco and wood. Strength options are extra-strength and regular. Form types are gel, liquid, paste, semi-
4443	Paint Thinners	Paint Thinners are used to thin oil-based paints and stains for a smoother finish. May also be used to clean machinery or paint spills. Types include acetone, denatured alcohol, dimethylformamide (DMF), lacquer thinner, linseed oil, methyl ethyl ketone (MEK), methyl hydrate, mineral spirits,
6741	Paint Touch-Up Tools	Paint touch up tools are kits or devices that supply paint and accessories used to restore an item's paint finish. Types include: Touch-up cup, Spray
6737	Paint Tray Liners	Paint tray liners eliminate the need to clean out paint trays between colors or coats. Materials choices are metal and plastic.
4454	Paint Trays	Paint Trays are used for storing paint in a well and applying it to a paint roller with a ridged slope for distribution.
4467	Painters Tape	Pressure-sensitive adhesive tape designed for use in painting to protect paint lines and safeguard windows, woodwork, and other areas from paint

4441	Patching & Spackling Compound	Patching and spackling compound is used for repairing nicks, cracks and scratches on drywall and other surfaces. Types include concrete patch, fiberglass resin repair, hardener, patching compound, spackling, spray spackle, stucco patch, window glazing compound, touch up spackle stick, all in one, body filler and acoustical putty. Base materials options are Benzoyl
4274	Plastic Sheeting & Film	Plastic Sheeting & Film. Plastic film is a thin continuous polymeric material. Thicker plastic material is often called a "sheet". Plastic sheets and films are used in a wide variety of applications including construction, insulation, landscaping, painting, roofing and vapor barrier. Duty applications are Light-duty (Up to 1 Mil), Medium-duty (2-3 Mil), Heavy-duty (4-5 Mil), and
7552	Pool Paint	Pool paint is a chemically engineered paint designed to withstand UV rays, pool cleaners, and chemical treatments. Water compatibility is fresh, salt and chlorinated. Base material options are acrylic, enamel, epoxy, latex, oil-
7553	Porch & Floor Paint	Porch & Floor Paint provides a non-glare, very low sheen coating which gives floors tough, long-lasting protection. Base material types include acrylic, enamel, epoxy, latex, oil-based, water-based, stain, and acrylic enamel. Sheen options include eggshell, flat, gloss, high-gloss, matte, satin,
4469	Primer	Primer is a preparatory coating put on materials before painting use to prevent the absorption of subsequent layers of paint or the development of rust. Types include bonding, high build, PVA, high hiding, multi-purpose and drywall. Base material options are alcohol-based, oil-based, shellac, water-based, nitro-combination, lime and latex. For use on brick, cabinets,
6997	Putty Knives	Putty knives are hand tools used for scraping surfaces or spreading material such as plaster. Putty Knives can be reusable or disposable. Handle material options are aluminum, composite, fiberglass, plastic, rubber, steel, wood, nylon, thermoplastic rubber and vinyl. Blade material options are
6290	Rubberized Coatings	Rubberized coatings are a flexible coating that may be applied by dipping an item into the substance or spraying an item with the coating to provide
6467	Rust Removers	Scrub-free rust remover, rust remover spray and toilet tabs make rust removal simple and efficient. Biodegradable options and formulations that don't contain harsh or abrasive chemicals, ensuring that people and surfaces are protected. Some unique rust treatment options don't actually

4448	Sanding Blocks & Sponges	Sanding blocks are soft foam sponges with a sanding abrasive coating designed for contour and flat sanding. Grit options are 20, 36, 40, 50, 60, 80, 100, 120, 150, 180, 220, 240, 320, 400, 600, Multi-grade pack and 16.
7137	Sealers	Sealers are a coating, essentially a plastic in the form of a liquid until it dries, that helps protect furniture and flooring from nicks, scratches and spills. Types include lacquer, polyurethane, sanding sealer, shellac, varnish, resin and acrylic. Base materials options are oil-based, oil-modified, water-
8204	Specialty Adhesive	Specialty Adhesives include glues and bonding agents for a variety of specific purposes including adhering surfaces together in extreme
8227	Specialty Paint Applicators	Specialty paint tools used for faux finishes and other paint projects. Types include: Paint edger, Stain pad, Paint graining tool, Paint mitt, Paint spatula,
8205	Spray Adhesive	Spray Adhesive is a liquid or foam adhesive intended for bonding a variety of materials. Some spray adhesives are repositionable. Many are not
4472	Spray Paint	Spray paint is an aerosol paint used for painting, polishing and applying sealants to various surfaces. Types include spray paint, spray paint and primer in one and spray primer. For use on options include appliances, automotive, concrete, fabric, farm equipment, glass, metal, plastic, stone,
6746	Spray Paint Marking Wands	Spray paint marking wands are applicators used for holding spray paint in order to create a straight line to mark a field, parking lot, or other surface.
4438	Steel Wool	Fine strands of steel matted together into a mass, used as an abrasive.
8203	Super Glue	Super Glue is a strong fast-acting adhesive
4734	Surface Repair	Surface repair are Items and/or kits used to repair damaged surfaces such as wood, tile, and ceramic. Types include anti-slip coating, tub and tile chip repair kit, multi-surface repair kit, wood hardener, wood stabilizer, and cable repair kit. Material options are epoxy, resin, acrylic putty, liquid, two
6605	Texture Sprayers & Parts	Texture sprayers and their associated parts are units with a funnel shaped hopper that stores and feeds textured material to a gun for surface application. Types and parts include texture sprayer, texture sprayer nozzle, texture sprayer hose, texture sprayer repair kit, texture sprayer air
7406	Tub & Tile Paint & Coatings	Tub and tile paint and coatings are used to refresh countertop and cabinet surfaces. Types include refinishing kit, refinishing paint, refinishing coating and chip repair kit. Tub paint, tub coating, countertop paint, countertop

5699	Wall & Ceiling Textures	Wall and ceiling textures create small shadows used to hide uneven and imperfect surfaces. Types include ceiling texture, wall and ceiling texture, and wall texture. Finish options are knockdown, popcorn, sand, stone,
4436	Waterproofers & Sealers	Waterproofers & sealers provide a watertight barrier to prevent leaks and water intrusion. Types include resurfacer, waterproofer and sealer. Transparency options are solid, semi-transparent and transparent. Base materials choices are acrylic, acid based, acrylic/oil, asphalt, latex, oil-
6194	Wire Brushes	Wire brushes consisting of stiff metal wire bristles used for scraping and cleaning extremely hard surfaces. Bristle material choices are brass,
7321	Wood Adhesive	Wood adhesive are used to tightly bond pieces of wood together. Dry color choices are black, blue, bronze, brown, clear, off-white, white and yellow. Features include moisture resistant, paintable, quick dry, and waterproof.
7141	Wood Conditioners	Restore the natural beauty of wooden furniture and fixtures with wood conditioner. Choose from oil-based, water-based and wax-based wood conditioners. A wax-based conditioner can restore shine and add a layer of protection to your wooden furniture. Water-based conditioners are ideal for softwoods like pine and spruce, and oil-based conditioners enhance the
7318	Wood Filler	Wood filler is used to rebuild, restore and replace rotted or damaged sections of wood. Options are low odor, paintable, sandable and stainable. Base material choices are epoxy, solvent-based, water-based and acrylic.
7142	Wood Oils	Wood oils are used to penetrate and protect wood surfaces. Types include bamboo oil, boiled linseed oil, butcher block oil, danish oil, lemon oil, rejuvenating oil, teak oil, tung oil, cutting board oil and ipe oil. Options
6375	Wood Stain Repair	Wood stain repair are tools used on wood surfaces to repair small imperfections. Types include wood putty, blend pencil, stain marker and
4880	ABS DWV Pipe & Fittings	ABS DWV pipe and fittings are colored black and are used for residential and commercial sanitary systems; includes elbows, tees, pipe, adapters,
7629	Access Panels	Access panels are panel boxes, installed on a flush surface, that provide access to plumbing or mechanicals. Can be constructed of plastic, metal or
4566	Air Conditioner Parts & Accessories	Air conditioner parts and accessories are components that make air conditioners run well and effectively. Types include line sets, window covers, heat strips, support brackets, condenser pads, wall sleeves, coil cleaners, refrigerant, wall sleeve grilles, drain kits, drain line cleaners, window kits, exhaust hoses, ac remote controls, blower wheels, hex hubs,

7043	Air Deflectors	Air deflectors redirect air coming out of a ceiling register or floor register vent. Types include baseboard, ceiling, floor and sidewall/ceiling. Material options are plastic and polyester fiber. Mounting types choices are
7855	Air Exchangers	Air Exchangers are devices equipped with fans that circulate air from an indoor area and replace it with air from outside. Some air exchangers may also filter air particles. Types include Heat recovery, and Heat/Moisture
7585	Air Filter Accessories	Air filter accessories are items used with or for Air Filters; includes cleaner sprays, enhancer sprays and register vent filters.
7584	Air Filters	Air filters are products used in conjunction with HVAC systems to reduce solid particles such as dust, pollen, bacteria and mold from the air; includes electrostatic pleated, pleated, electrostatic, basic flat, cut to fit, adjustable
7705	Air Gaps	Air Gaps are products that create a vertical space between the sink rim and the water outlet which keeps contaminants in the drain line from entering the potable water system. Types include Air gap, Air gap cap, Air
4105	Air Purifier Filters	Air purifier filters are used in conjunction with air purifiers to remove contaminants from the air; includes HEPA, True HEPA, and non-HEPA
4091	Air Purifiers	Air purifiers are devices that filter and remove harmful particles from the air, typically in conjunction with HEPA and/or UV filters.
7978	Air Quality Monitors	Air quality monitors are devices that detect airborne particles and other common pollutants and irritants; measurements are typically displayed on
5702	Appliance Outlet Boxes	Appliance outlet boxes are used to make plumbing and gas valves accessible for appliances such as washing machines, ice makers and steam
4910	Appliance Supply Lines & Drain Hoses	Appliance supply lines and drain hoses allow water to circulate throughout an appliance; includes Dehumidifier drain hose, Dishwasher connector, Dishwasher drain hose, Ice maker connector, Washing machine connector, Washing machine drain hose, Washing machine fill hose, Water heater
7635	Backflow Preventers & Vacuum Breakers	Backflow preventers and vacuum breakers are used in water systems to prevent water from being siphoned backwards; includes Pressure vacuum breaker, Double-check backflow preventer, Reduced pressure backflow preventer, Atmospheric vacuum breaker, Vacuum breaker, Backflow

7640	Ball Valves	Ball valves are one-way valves that are opened and closed by pressure on a rotary ball. Materials types include ABS, brass, bronze, copper, CPVC, PVC Sch 40, polymer, and stainless steel. Inlet and outlet thread types available are compression, press, copper sweat, CPVC, FIP, FNPT, iron pipe size, MIP, MNPT, PEX Barb, Push-to-connect, PVC, X Barb, Copper sweat/MIP, CTS,
7738	Baseboard Heater Covers	Baseboard heater covers are housing parts for baseboard hydronic or electrical heating systems; includes Front cover, Right end cap, Left end cap, Inside corner, Outside corner, Splice plate, Enclosure, Cover, Wall
7735	Baseboard Registers & Diffusers	Baseboard registers are grates equipped with a damper, while baseboard diffusers are grates that are designed to force air in a specific direction; both are used in the baseboard location; includes baseboard register,
4575	Bathroom Sink Faucet Handles	Bathroom sink faucet handles are handles for bathroom sink faucets; includes lever, knob, cross, industrial and oyl handle types.
4936	Bathtub & Shower Drain Accessories	Bathroom and shower drain accessories are used in conjunction with bathtub and shower drains; includes closure assembly, drain cover, face plate, trim kit, strainer dome cover, washer, linkage, replacement
4585	Bathtub Drains	Bathtub drains are used for drainage in tubs; includes foot lock, triplever, cable drive, lift and turn, roller ball, strainer, chain and stopper, lift and lock, rotary, pop-up drain, press and flow, overflow shoe, clicker stopper,
7621	Bathtub Faucet Handles	Bathtub faucet handles are handles for bathtub faucets; includes lever,
5232	Bathtub Parts	Bathtub parts are parts and accessories used for bathtub installation; includes bathtub apron, bathtub feet, bathtub base, bathtub and shower repair kit, bathtub inlay kit, side wall panel, tub extension kit, bathtub
4883	Black Pipe & Fittings	Black pipe and fittings are black iron, threaded or welded, pipe and fittings used with black iron pipe systems; includes nipple, pipe, coupling, elbow,
7604	Boilers	Boilers refers to heat-only, or conventional, boilers; includes natural gas, oil/gas mix and liquid propane boilers.
4911	Brass Fittings	Brass fittings are used to connect pipes or to change the direction of water flow in pipes; includes adapters, couplings, elbows, caps, nipples, unions,
4885	CPVC Pipe & Fittings	CPVC (chlorinated polyvinyl chloride) pipe and fittings are pipe and fittings used for CPVC pipe systems; includes adapter, elbow, pipe, coupling, tee,
6703	CSST Pipe, Fittings & Accessories	CSST accessories are accessories used in conjunction with Corrugated Stainless Steel Tubing pipe; includes bonding clamp, cutting tool, replacement rings, floppy protective armor, striker plate, test gauge and

4887	Cast Iron Pipe & Fittings	Cast iron pipe and fittings are used in building construction for water related fixtures and are also applicable for soil pipe fittings for roof and yard water drainage. Types include cesspool plates, P-trap, cap, test tee, cleanout, long sweep, short sweep, blind plug, bend, sanitary tee, wye,
7046	Ceiling Diffusers	Ceiling Diffusers are grates placed in the air supply openings of a home which diffuse air flow in different directions. Types include 1-way, 2-cone, 2-
6552	Central Air Conditioners	Central air conditioners circulate cool air through a home or building and help to dehumidify the incoming air. Compressor types include reciprocating, rotary and scroll. Cooling stages are available in single-stage,
7637	Check Valves	Check Valves are valves that close to prevent the backward flow of fluid. Types include In-line check valve, swing check valve, slip check valve, dual check valve, spring loaded check valve, universal flow check valve, hydronic
7193	Chimney Attic Insulation Shields	Chimney attic insulation shields are shields that prevent insulation debris from accumulating next to chimney pipe.
7195	Chimney Brush Rods	Chimney brush rods are poles that attach to brushes used to clean and maintain chimneys. They can be made of fiberglass, nylon, and
4577	Chimney Brushes	Chimney brushes are brushes designed to clean the inside of chimneys; includes square, round and rectangular chimney brushes.
4560	Chimney Caps	Chimney Caps cover and protect chimney tops. They prevent sparks from landing on your roof, animals from nesting and rain from entering your
7194	Chimney Ceiling Plates	Chimney ceiling plates are plates that provide a finished look where
7197	Chimney Dampers	Chimney dampers are devices that seal chimneys shut when a fireplace is not in use, keeping warm air in your house. They can be made from cast aluminum, cast iron and plastic materials and come in rectangular, round
4591	Chimney Pipe	A chimney pipe is steel tube that allows smoke and gas to flow out from a furnace or fireplace and up the top of a chimney.
7198	Chimney Pipe Accessory Kits	Chimney pipe accessory kits are kits containing chimney pipe accessories used for installation, wall support, ceiling support and roof support.
7199	Chimney Pipe Locking Bands	Chimney pipe locking bands are locking bands that reinforce chimney pipe
8145	Commercial Toilet Flush Valves & Repair Parts	Commercial toilet flush valves & repair parts include automatic flush systems, vacuum breakers, vacuum breaker tubes, diaphragm assemblies, urinal drop in valves, flushometers, flush valve sensors, sensor control modules, handle repair kits, hydraulic plungers, adjustable tail pieces, flush

4889	Copper Pipe & Fittings	Copper fittings are used to connect pipes or change the direction of water flow in pipes; includes Adapter, Air chamber, Bushing, Cap, Coupling,
4892	Corrugated Drainage Pipe	Corrugated drainage pipe is used most commonly for drainage systems; includes Solid, Perforated, Culvert, Drain pipe, Flex, French drain,
4891	Corrugated Drainage Pipe Fittings	Corrugated drainage pipe fittings are connectors to pipes that have a series of surface ridges and grooves that promote flexibility in deployment and use. Fitting types include elbow, wye, tee, adapter, cap, downspout adapter, distribution box, sump pump basin, basin lid, envirochamber, bull run valve, splice, corner guard, split coupler, snap coupler, inside coupling,
7047	Door Frame Fans	Door frame fans are placed in the corner of a doorframe for room to room
6485	Drain Cleaners	Drain cleaners are chemical compounds specifically designed to clean various types of drains; includes foam, gel, liquid, packets, powder and
4586	Drain Openers	Drain openers are tools used for removing blockage in plumbing drains; includes bladder, drain stick, air tool, hair snake and gas tool.
5873	Drip Irrigation Accessories	Drip irrigation accessories are tools and parts used to maintain or repair both drip and micro spray irrigation systems. Types include cut/punch tools, extension risers, goof plugs, hole punches, micro stakes, micro stake assembly, mister riser assembly, tubing cutters, tubing stakes, tubing
5876	Drip Irrigation Emitters & Micro Sprays	Drip Irrigation Emitters & Micro Sprays are devices that distribute water throughout a drip or micro spray irrigation system. Types include Drip irrigation bubblers, Drip irrigation drippers, Drip irrigation flag drippers, Drip irrigation micro sprayers, Drip irrigation misters, Drip irrigation multi-
5869	Drip Irrigation Filters & Regulators	Drip Irrigation Filters & Regulators are filters or regulators that prevent foreign objects from clogging a drip irrigation system. Types include drip irrigation backflow preventers, drip irrigation filters, drip irrigation filter/regulator combinations, and drip irrigation pressure regulators. Thread type options include hose thread, hose/pipe thread, NPT, and pipe
5870	Drip Irrigation Fittings	Drip irrigation fittings are connectors that attach sections of tubing together or attach tubing to other drip irrigation parts. Types include drip irrigation couplings, drip irrigation crosses, drip irrigation elbows, drip irrigation end caps, drip irrigation female adapters, drip irrigation flow

5871	Drip Irrigation Kits	Drip Irrigation kits include Drip irrigation bird bath kit, Drip irrigation conversion kit, Drip irrigation flower bed kit, Drip irrigation garden kit, Drip irrigation landscape kit, Drip irrigation micro-spray kit, Drip irrigation patio kit, Drip irrigation repair kit, Drip irrigation starter kit, Drip irrigation tree
5872	Drip Irrigation Manifolds	Drip irrigation manifolds are a group of irrigation valves that send water to multiple watering zones. Number of ports run 1 through 12 and some have adjustable flow controls. Thread types include barbed, combination, hose
5874	Drip Irrigation Tubing	Drip irrigation tubing transports water throughout a drip irrigation system. Types include drip irrigation distribution tubing, drip irrigation emitter tubing, and drip irrigation soaker tubing. Fits tube size are 1/8-in, 1/4-in, 1/2-in, and 5/8-in. They are made from polyethylene, poly/nylon,
5875	Drip Irrigation Valves	Drip irrigation valves control the flow of water in an irrigation system. Types include drip irrigation 4-in-1 valves and drip irrigation on/off valves. Some come with adjustable flow controls. Tread types are available in three types including barbed, NPT and compression. Inlet sizes in inches are
7048	Dryer Vent Boxes	Dryer vent boxes are installed in wall behind a dryer allowing it to be placed flush against a wall. Material types are aluminum, galvanized steel
7064	Dryer Vent Draft Blockers	Dryer Vent Draft Blockers are used to prevent outside air from entering house through a dryer vent. Material types are aluminum, galvanized steel
7065	Dryer Vent Extenders	Dryer vent extenders are fitting used to extend the connection coming off the dryer to the vent hose. Material types are aluminum, galvanized steel
7066	Dryer Vent Kits	Dryer vent kits are used to complete the installation of a dryer vent system. They can be used with electric dryers, gas dryers or both. Kit types are indoor hook-up, outdoor exhaust, indoor hook-up and outdoor exhaust.
7071	Duct Caps	Rain caps prevents rain, snow and debris from entering the chimney. Material types are aluminum, and galvanized steel.
7055	Duct Fans	Duct fans boost warm and cool airflow to rooms and help to make the most of HVAC systems. Types include axial and centrifugal and are made of aluminum, galvanized steel, ABS or plastic materials. Blade material options
7045	Duct Parts	Duct dampers are movable plates located in ductwork that regulates and redirects airflow. They are used heavily in zoned systems. Types include adjustable draft regulators, butterfly dampers, draft doors, powered, round
7057	Duct Pipe	Duct pipe is round and oval pipe used in HVAC applications to distribute warm and cold air. Material options are aluminum, galvanized steel, and

7060	Duct Sealants	Duct sealants for use on low, medium and high velocity ducts to form a flexible, durable seal against air leakage. Type options are oil base and
7050	Duct Transitions & Connectors	Duct boots are transitions from round pipe or insulated flexible duct to a rectangular register or stack duct. They are made of galvanized steel. Types include 90 degree register, 90 degree round to oval, 90 degree stack, ceiling register, ductboard register, end register, oval stackhead, round to
7609	Ductless Mini Splits	Ductless mini splits are ceiling or wall-mounted units that offer air conditioning, ventilation or heating for small to medium areas. Variable speed compressor technology and auto shut-off mode options help you reduce your energy costs. With some basic DIY skills, you can even install
6699	Electric Baseboard Heater Accessories	Electric Baseboard Heater Accessories includes electric baseboard heater corner connector, electric baseboard heater cover, electric baseboard heater end cap, electric baseboard heater inside corner, electric baseboard heater joiner kit, electric baseboard heater load transfer plate, electric baseboard heater outside corner, electric baseboard heater pedestal,
4589	Electric Baseboard Heaters	Electric baseboard heaters are electric heating system positioned along the baseboard of a wall. There are two distinct unit types. Convection units are the most common type of electric baseboard heating and work by drawing cold air in through the bottom of the unit and emitting hot air from the
6700	Electric Wall Heater Accessories	Electric Wall Heater Accessories includes electric wall heater adapter plate, electric wall heater cord, electric wall heater element, electric wall heater grill, electric wall heater knob, electric wall heater limit, electric wall heater motor, electric wall heater mounting frame, electric wall heater plug,
6412	Electric Wall Heaters	Electric wall heaters provide precise temperature control, allowing you to increase the warmth of any room. As another layer of your heating and cooling system, these heaters are designed to add extra heat to specific
4336	Evaporative Cooler Accessories	Evaporative Cooler Accessories include Pump, Motor, Cover, Drip tray, Replacement pad, Thermostat control package, Water hook-up kit, V-Belt, Compression union, Compression sleeve and nut, Compression nut, Float valve, Roof jack, Purge pump, Motor pulley, Pump installation kit, Odor neutralizer, Motor clamps, Thermostat wall switch, Motor plug, Leg kit,

4324	Evaporative Coolers	Evaporative coolers, also known as swamp coolers, works by using vapor to expel cool air, providing a cost-effective way to reduce room temperatures without central air conditioning. Types are portable, roof mount and window. Air flow direction is downdraft, sidedraft and updraft. Pad types options are aspen, cellulose, and polyester. Options includes built-in water
8293	Expansion Tanks	Expansion Tanks are small tanks attached to the water supply pipe of a water heater. They handle the thermal expansion of water, preventing excessive pressure and the resulting water returning through the supply
4912	Faucet Aerators	A faucet aerator, usually found on kitchen and bathroom faucets, shapes the water stream leaving the spout, providing a straight and evenly pressured water flow for washing hands, cleaning dishes and doing other tasks. It also prevents splashing and conserves water use. Types include
4916	Faucet O-Rings	Faucet O-Rings are used to repair faucet stems, valves, single handle faucets, pop-assemblies, bath drains and more. Applications include Sink,
4917	Faucet Repair Kits & Components	Faucet repair kits and components include Repair kit, Cartridge repair kit, Faucet ball, Faucet seat, Faucet seat kit, Faucet spring kit, Faucet springs, Trim kit, Valve control with battery box, Replacement kitchen faucet handle, Aerator filter, Brush attachment, Extension kit, Extension nut,
4563	Faucet Stems & Cartridges	Faucet stems and cartridges are devices used for starting, controlling, and stopping the flow of hot or cold water in sink faucets, tubs, and showers. Functions are hot, cold and diverter and types are stem and cartridges. They are made of brass, plastic or combined brass and plastic materials.
5905	Flex Pipe Fittings & Risers	Flex Pipe Fittings & Risers are parts that connect sections of pipe to each other or other components in an underground sprinkler system. Types include cut-off risers, cut-off riser extensions, flex pipe adapters, flex pipe couplings, flex pipe elbows, flex pipe swing joint elbows, flex pipe tees, flexible risers, preassembled flex pipe swing joints, saddle tees, and risers.
4567	Flexible Duct	Flexible duct, aka flex duct, are flexible or semi-rigid hoses used in HVAC and other ventilation applications for use in tight spaces. Material types include polyester, foil, aluminum, vinyl and PVC. Insulated with fiberglass is
7073	Floor Registers	Floor registers are grates with dampers or flaps that cover duct/floor openings and adjust the air floor accordingly. They can be made of ABS resin, aluminum, cast iron, steel, wood, oak, brass, combo brass/steel, hickory, red oak, white oak, brass and cast iron and polystyrene. Designs

4115	Forced Air Furnaces	Forced air furnaces heat air for circulation through the HVAC ductwork to warm a house. Fuel types are propane, natural gas, oil, and electric. Air delivery configurations include downflow, upflow, upflow/horizontal, upflow/downflow, and upflow/downflow/horizontal. Furnace venting types
6554	Furnace Accessories	Furnace accessories are replacement parts including Combustible base, Filter rack, Furnace igniter, LP conversion kit, Return air box, Return air drop assembly, Blower, Fan limit, Ceramic fuse link, Furnace air pressure switch, Furnace control board, Furnace flame sensor, Furnace inducer assembly, Furnace inducer motor, Furnace roll out switch, Heat sequencer,
4895	Galvanized Pipe & Fittings	Galvanized fittings are for use in plumbing and piping systems that have a protective zinc coating that prevents corrosion and rust. Types include plugs, Union, elbows, street elbows, couplings, reducing couplings, tees, caps, bushings, floor flanges, cross tees and nipples. Inlet and outlet thread
7632	Gate Valves	Gate valves are valves with a sliding part used to start or stop fluid flow. Material construction options are ABS, brass, bronze, copper, lead-free brass and ductile iron. Inlet thread types include copper sweat and FNPT. Inlet and outlet diameter options are 0,1/4-in, 1/2-in, 3/8-in, 5/8-in, 3/4-in,
7068	Grilles	Grilles are vents through which air is pulled out of a room for circulation back to the central heating or cooling unit. Use locations are baseboards, floors, sidewalls/ceilings, and toe spaces. Designs are louvered, perforated, lanced, egg crate and wicker. Grilles are made of aluminum, steel, wood,
7859	HVAC Components	HVAC components are individual parts of HVAC systems and include air handlers, blower motors, blower motor assemblies, condenser fan motors, fan coil units, reciprocating, rotary and scroll compressors, transformers,
7311	HVAC Foil Tape	HVAC Foil Tape is pressure sensitive tape used for the sealing of joints and seams of air ducts. Types include FSK Insulation Tape, Insulation Seaming Tape, High Temperature Flue Tape, Vent Sealing Tape, Dryer Sealing Tape
4922	Hand Augers	Flexible auger used to remove clogs in plumbing that cannot be loosened
6553	Heat Pumps	A heat pump is a device used to warm and cool indoor air. Compressor type options are reciprocating, rotary, and scroll. Coil styles include fully cased or uncased. Heat pumps can be used in commercial, mobile home
5893	Hose-End Water Timers	Hose-end water timers are devices that schedule watering for hose end irrigation systems. Types include digital hose end timers, mechanical hose end timers and digital hose end timer with drip adapters. Battery options

7597	Hydrants	Hydrants are yard hydrants which are attached to water main supply lines and are used to supply running water to farms, campgrounds and rural homes. Many are frost proof. They are made of either brass or bronze materials. Inlet thread types are male or female and inlet sizes are 1/4-in,
8207	Hydraulic Hose Assemblies	Hydraulic hose assemblies are hoses that come with fittings and are ready to connect to equipment; they are used for transferring water and/or
4876	Hydronic Baseboard Heater Accessories	Hydronic Baseboard Heater Accessories include Air eliminator, Air vent, Boiler and heating cleaner, Circulator flange, Circulator pump, Controller, Oil nozzle, Power head, Pressure regulator, Relay, Switching relay, Temperature and pressure gauge, Zone valve, End cap, Hydronic baseboard heater manifolds, Hydronic baseboard heat transfer plates, Hydronic
4570	Hydronic Baseboard Heaters	Hydronic baseboard heaters use heated water or other liquid to control the
5894	Irrigation Timer Accessories	Irrigation timer accessories include pump start relay, rain sensor, replacement transformer, timer cabinet, timer fuse, timer pin, timer
5895	Irrigation Timers	Electronic devices that schedule watering for sprinkler irrigation systems. Features include In-Ground Moisture Sensor Compatible, Indoor/Outdoor, Interval Setting, Multilingual Programming, Number of Programs, Number of Start Times, Number of Zones/Stations, Odd/Even Days Setting, Rain
5892	Irrigation Valve Boxes	Irrigation valve boxes are plastic enclosures that protect irrigation system
8009	Machine Auger Parts & Accessories	Machine auger parts and accessories are items for use in conjunction with machine augers and include replacement cutter sets and cable protection
4924	Machine Augers	Machine augers are flexible augers, powered by electricity, used to remove clogs in plumbing that cannot be loosened with a plunger. Cable material types are galvanized wire, music wire, flat rod, black oxide drain cable and
5904	Manifold Fittings	Manifold fittings connect connects tubing, hose, or pipe and provides a junction point for supplying multiple lines from a single source of fluid. Types are anti-siphon nipple, cap, poly adapter, swivel adapter, swivel
7681	Manifolds	Manifolds are control center hubs that distributes supply water from a heat source to distribution and return lines that circulate hot water in heating systems. Outlet material types include brass, copper, iron, plastic, and

6549	Misting Attachments & Accessories	Misting attachments & accessories are devices or add-on parts for misting systems. Types include misting fan ring, hose attachment, misting nozzle plug, misting nozzle, automatic drain valve, flexible mist nozzle extension, heavy duty mist mounting tubing clamp, mist tubing stucco anchor, coupling with mist nozzle, mist coupling, mist elbow, mist hose adapter,
6548	Misting Systems	Misting systems are used in hot areas to keep the environment cool by spraying a fine mist of water. Misting systems components include a water pump, spray nozzles, hoses, and a fan. Types are high pressure, mid
5682	Mounting Rings	Decorative drainage for sinks.
4578	Non-Programmable Thermostats	Non-programmable thermostats are simple, easy to use, manual thermostats that will allow users to turn on heating or cooling systems and set the appropriate temperature. Switching mechanisms are electronic or mechanical and temperature displayed options include current room
4897	Outdoor Drainage Accessories	Outdoor drainage accessories are devices required to install a drainage system in a lawn. Types include grates, catch basins, channel drain kits, channel drains with grates, corrugated pipe fabric, sub-surface drainage, adapters, channel corners, concrete tape, channel tees, couplings, pop-up
4914	Outdoor Faucet Covers & Freeze Caps	Freeze caps are placed over outdoor faucets during extremely cold weather to prevent damage to the water source.
4899	PEX Pipe, Fittings & Specialty Tools	PEX pipe and crimp fittings are devices used to make PEX to PEX connections and transitions to PEX pipe systems. Types clamps, plugs, adapters, connectors, elbows, couplings, tees, valves, manifolds, nuts, caps, rings, hangers, stops, and pipes. Inlet and outlet thread types are male,
4881	PVC DWV Pipe & Fittings	Fittings used for pvc or dwv pipe systems. PVC DWV pipe and fittings includes coupling, tee, elbow, wye, cap, plug, bushing, adapter, trap,
4902	PVC Pipe & Fittings	PVC fittings are used for pvc sch 40 pressure pipe. Types include tees, elbows, couplings, risers, adapters, bushings, caps, plugs, traps, unions and nipples. Inlet and outlet thread types are socket, male, female, spigot and
7070	Periscope Dryer Vents	A type of vent used in place of a traditional vent hose allowing the dryer to be placed close to the wall when space is limited.
7314	Pipe & Valve Lubricants	Pipe and valve lubricants are compounds used for sealing and lubricating pipe and valve joints. Types are grease, repair grease, sealant, silicone grease, and cutting oil. For use with faucets, metal pipes or plastic pipes.

4580	Pipe Cements, Primers & Cleaners	Pipe cements, primers & cleaners are products used to clean, prime and bond pipe. Applications include PVC cement, ABS cement, CPVC cement, PVC/ABS transition cement, shower pan liner cement, primer, cleaner, PVC cement and primer, all-purpose cement, all-purpose cement and primer,
4926	Pipe Cutters	Pipe cutters are tools used for specifically cutting pipe. They are made of metal or plastic. Types include copper tube cutter, poly tube cutter, PVC cutter, replacement cutting accessories, PEX cutter, PEX cutter replacement blades, internal PVC cutter, replacement cutting wheel, poly
4568	Pipe Insulation	Tubular pipe insulation is an insulated pipe wrap used to reduce heat loss and prevent freezing of water pipes. It can be made from foam, fiberglass
4905	Pipe Support & Clamps	Pipe support and clamps are used to support and attach pipes into place. Types include clamps, hangers, tapes, straps, stud guards, pipe hooks, hangers, connectors, brackets, ceiling flanges, hooks, grommets, tab tape, tubing nailers, fasteners, toilet carrier brackets, fit kits and flange spreaders. They can be built of cast iron, copper plated steel, copper-plated
5681	Pipe Wrap Tape	Tape that adheres to the exterior of pipes, widely used in plumbing/HVAC for temporary and semi-permanent leak repairs and surface protection.
7315	Plumbers Putty	Moldable setting compound designed for use with stainless-steel sealing applications such as frames and faucets
5351	Plumbers Tape	Adhesive film tape used in plumbing applications to seal pipe
4923	Plumbing Installation Kits	Multit-piece kits used for plumbing installation and maintenance.
4927	Plumbing Wrenches & Specialty Tools	Plumbing Wrenches and Specialty Tools types include adjustable wrenches, removal tools, fitting removal tools, combo wrenches, basin wrenches, flaring tools, basin wrenches, drain removal wrench, pliers, tube benders, plumbing tools sets, tight space copper cutters, screw feed copper cutters
4576	Plungers	Used to release stoppages in plumbing.
7334	Polyethylene Pipe, Fittings & Accessories	Polyethylene pipe, fittings & accessories are synthetic resin pipes and associated parts. Types include lock stop, meter bar, stab coupling, pipe, 90 elbow, 90 elbow with side outlet, straight fitting, insert coupling, adapter, coupling, tee, female adapter, reducing elbow, reducing tee, cross, increasing adapter, plug, reducing adapter, reducing coupling, insert
8254	Pool Heaters	Gas or Electric powered heaters for swimming pools

7633	Pressure Relief Valves & Regulators	Pressure relief valves & regulators are valves used to control or limit pressure in a system. Types are pressure relief valve, pressure reducing valve, pressure regulator valve, temporary bypass kit, pressure reducing boiler feed valve, direct burial cover kit, temperature and pressure relief valve, thermal expansion relief valve, water hammer arrestor and vacuum
4588	Pressure Tanks	Pressure tanks store water and maintain household system pressure. Tank types are vertical, horizontal, and expansion. They are made of titanium, stainless steel, carbon steel, or aluminum materials. Pressure relief valves
4571	Programmable Thermostats	Programmable thermostats allow you to select different temperature settings for various times of the day or week through automation. Program types include 7-day, 5-1-1 day, 5-2 day, basic schedule and selectable-
4909	Push to Connect Fittings	Push fittings are a type of easily removed compression fitting or quick connect fitting that allows an air (or water) line to be attached, nominally without the use of tools. Types include couplings, adapters, elbows, tees, stops, valves, connectors, caps, replacement kits, hoses, stiffeners, and hammer arrestors. Inlet and outlet thread types are push-to-connect, OD
7072	Register Boosters	A register booster fan is also known as a duct booster fan or a vent booster fan. It increases the airflow coming out of your home's ventilation system, helping to move air through the system's ducts to bring faster cooling and heating of your home as needed. Types are flush fit and sit on top. Design
6633	Repair Wrap	Repair wrap is a self-fusing, multipurpose wrap that seals and protects surfaces against leakage, corrosion and scratches.
7676	Replacement Water Filters & Cartridges	Replacement water filters and cartridges are available replacements in single or multi-pack sets, featuring filters that capture at very low micron levels and fit most drop-in style filter systems from the leading brands.
4921	Residential Toilet Flush Valves & Repair Parts	Residential toilet flush valves and toilet repair parts include flush valve, shank washer, flush valve seal, actuating unit, actuating lift chain, flush valve assembly, dual flush conversion valve, dual flush conversion valve
7779	Reverse Osmosis Filtration Systems	Water filtration systems whose filtration process is to dissolve inorganic solids (such as salts) and remove them from a solution (such as water). This is accomplished by household water pressure pushing the tap water
5913	Riser Flex Pipe	Piping that transports water throughout an underground sprinkler system.
7793	Septic Accessories	Items for use with Septic Systems.

6468	Septic Cleaners	Septic cleaners are powder, packets or liquid formula used for the cleaning and maintenance of home septic tanks. Types include shock, cleaner and treatment. Application methods are crystals, drop-in tablets and pour bottle. Feature options available are breaks down grease, breaks down
7794	Septic Tanks	Septic tanks are an underground tank in which waste sewage is collected and allowed to decompose through bacterial activity before draining by
4903	Sewage Pipe & Fittings	Sewage pipe & fittings are fittings used for pvc sewer drain pipe systems. Types include couplings, tees, elbows, wyes, caps, plugs, adapters, bushings, pipes and sewer main. Trend types are male, female, compression, socket, spigot, hub, ABS and gasketed. Gasketed and use with
4893	Shower Drains	Shower Drains are fixtures that connect to extended plumbing providing an exit point for water, wastewater and other liquids. Types include bell trap drain, cleanout, general-purpose drain, grid drain, pop-up drain, saddle tee, shower drain, snap-in drain, strainer, floor drain, linear shower drain, tile
7680	Shower Head Filters	Shower head filters are small filtration systems that remove contaminants out of shower water before usage. Some have the ability to reduce chemicals, chlorine taste and odor, cysts, iron lead, micro-organism,
7636	Shut-Off Valves	Shut-off valves are devices that control water flow to household plumbing fixtures. Types include straight valves, angle valves, stop and waste valves, 3-way valves, saddle valves, supply stops, dual shut-off valves, dual outlet valves, add-a-tee and washing machine valves. Material types are ABS,
7736	Sidewall & Ceiling Registers	Sidewall and ceiling registers are grates with dampers or flaps that cover duct openings in sidewalls and ceiling and they can adjust the air flow accordingly. Types include 1-way, 1-way curved, 2-way, 2-way curved, 3-way, 3-way curved ,4-way, and 4-way curved. They can be made from ABS
7638	Sillcocks & Hose Bibbs	Sillcocks & hose bibbs are outdoor water faucets attached to the exterior of a house. Types include hose bibb, sillcocks and sillcock valves. They can be made of brass, bronze, lead-free alloy, or stainless steel materials.
7706	Sink Drain Repair Parts	Repair parts for the sink which include the Ball rod assembly, Pull rod assembly, Clevis clip, Stopper Rod, and Clevis.
4928	Sink Drains & Stoppers	Sink drains and stoppers allows sinks to be filled and drained with water at a given point in time. Types include decorative sink drains, drain covers, drain fittings, grid strainers, sink drain kits, sink stoppers, sink pop up drains, sink pop up drain kits, pull-out drain assemblies and offset drains.

6951	Sink Mounting Hardware	Sink mounting hardware are parts for installing and securing a sink. Types include sink frames, sink mounting clips, and sink mounting hardware kits. Sink mount types include above center, apron front/farmhouse, drop-in,
6080	Smart Thermostats	Smart thermostats are thermostats that can be used with home automation and are responsible for controlling a home's heating, ventilation, and air conditioning. Types include room sensors, thermostats, and power connectors. Control types are dial, touch screen, dial and touch
4565	Solder	Solder is a fusible metal alloy used to join together metal workpieces. Applications for solder includes electronics, copper pipe and general metal. Solder can be lead free and have various tensile strengths and working
4931	Soldering Accessories	Soldering accessories are add-on parts and tools used to assist in soldering metal parts together. Types include silicone grease, sand cloth, acid brush, cleaning brush, fitting brush, copper tubing brush, solder paste, plumber's bread, torch kit, torch kit refill, fuel cell refill, soldering flame protector,
4584	Soldering Flux	Soldering flux is a cleaning agent used prior to the soldering phase and results in a better bond. Types include nokorode, petroleum, pre-tinning,
7202	Stove Pipe	A stove pipe or stovepipe, is a pipe, usually of thin sheet metal, used to conduct smoke or fumes from a stove into a chimney flue. Insulated and telescoping are options. They can be single wall or double wall constructed.
7203	Stove Pipe Fittings	Stove pipe fittings are parts used to connect a stove with a chimney flue. Types include adapters, caps, connector drawbands, draft control regulator, elbows, increasers, flue stoppers, reducers, Slip connectors, spacers, stove dampers, tees, trim collars and unions. They are made of
7206	Stove Thermometers	Thermometer that monitors stove temperature.
7209	Structural Pipe & Fittings	Structural Pipe and Fittings are components used to join pipe sections together for plumbing projects or to build home structures and furniture. Components include Bushing, Cap, Combination socket, Corner swivel, Coupling, Cross tee, Elbow, Floor flange, Gate eye, Ground socket, Hook, Long tee, Nipple, Pin fitting, Plug, Rail support, Reducing coupling, Short
4938	Supply Line Accessories	Supply Line Accessories are ideal for installation of supply lines used for water flow with shut-off capability. Types include Nipple, Compression nut, Cone washer, Threaded cone washer, Lock nut, Shank nut, Tee, Coupling, Union, Stiffener, Replacement handle, Compression nut and sleeve,

4572	Supply Line Connectors	Supply Line Connectors are devices that help to manage, control, or stop the flow of water. Types are Valves, Connectors, Add-A-Tee, Saddle valves, Female adapters, Male adapters, and Pipe nipples. Material choices are
6562	Thermostat Accessories	Thermostat Accessories contains items which are used in conjunction with thermostats. Includes thermostat covers, guards, face plates, and trim kits.
7075	Through Wall Fans	Through wall fans circulate warm or cool air from one room to another. The power source can be corded or hardwired. Housing material can be plastic or metal. Fan speed options are 1-speed, 2-speed, or variable speed.
4935	Toilet & Faucet Supply Lines	Toilet & faucet supply lines are small hoses and connectors that direct water from water source to the toilet tank or faucet. For use with faucets, toilets and risers. Tubing material options are PEX, PVC, stainless steel, copper, braided stainless steel, braided PVC, braided rough brass, and
6529	Toilet Accessories	Toilet Accessories are products used to maintain waterless toilets, low-flush toilets, composting toilets and composting toilet systems. Types include Bulking material for composting toilets, Liquid enzyme spray for composting toilets, Composting toilet fan, Bacteria and enzyme mix for
4587	Toilet Fill Valves	Toilet fill valves control the amount of water pumped into a toilet holding tank. Types include fill valve, and overflow water conserver. Options include universal fit, anti-siphon, chemical resistant, for use with urinals
4929	Toilet Flanges	Toilet flanges, aka closet flanges, are the points of connection of the toilet to the floor and the drainpipes. They are secured by using bolts. Types include anchor flange, Closet flange, flange repair ring, toilet flange, toilet flange extender kit, toilet flange spacer kit, and urinal flange. Material types include plastic, metal, vitreous china, ceramic, aluminum, brass,
4582	Toilet Flappers	Toilet flappers are a mechanism in a toilet tank that is the moving part of the flush valve, sealing water into the tank and allowing water to exit the tank when you flush. They are made of either plastic, rubber or vinyl
4574	Toilet Handles	Toilet Handles are handles on the outside of a toilet tank that actuates the flush valve. Types include both handles and handles with levers. Material
4528	Toilet Hardware & Accessories	Toilet hardware and accessories are toilet replacement and add-on parts. Types include flush actuator, inlet spud, mounting kit, seat post mounting kit, bulking material composting mix, urinal flush pipe, toilet seat warmer, carbon filter, toilet battery compartment, waterless toilet refill kit, toilet actuator, toilet assembly kit, toilet nut, toilet bolt caps, toilet hardware kit,

4934	Toilet Repair Kits	Multi-piece repair kits that include a combination of the following: fill valve, flush valve, flapper, float ball, flush lever, tank-to-bowl hardware,
4597	Toilet Wax Rings & Floor Seals	Toilet wax rings & floor seals are a ring of molded wax that acts as a watertight seal between the bottom of the toilet and the waste pipe. Types include jumbo toilet wax ring, jumbo toilet wax ring with bolts, toilet gasket, toilet gasket repair kit, toilet seal, toilet seal repair kit, toilet wax ring repair kit, toilet wax ring with bolts, toilet wax ring with sleeve, toilet
7639	Tub & Shower Valves	Tub and shower valves control water flow and hot and cold temperature mixing to tub and shower fixtures. They can be made of brass, bronze, copper, CPVC or polymers. Types include shower valves, diverter valves, mixing valves, pressure balancing valves, thermostatic mixing valves,
4593	Tubing & Hoses	Tubing & hoses allow the controlled flow of liquid. Types include clear vinyl tubing, black vinyl tubing, reinforced braided vinyl tubing, polyethylene tubing, utility hose, fuel hose, high-pressure spray hose, pool and spa vacuum hose, spa flex hose, automotive heater hose, reinforced air hose, garden hose, bilge pump discharge tubing, flat discharge hose, washer
8006	Tubing & Hoses (By-the-Foot)	Tubing & hoses are used in various applications, sold by the foot, and include clear vinyl tubing, reinforced braided vinyl tubing, spa flex hose and garden hose, black vinyl tubing, polyethylene tubing, utility hose, automotive heater hose, pool and spa vacuum hose, reinforced air hose
7675	Under Sink Filtration Systems	Under sink filtration systems provide clean water straight from your faucet. Stages available include single-stage, dual-stage, triple-stage, 4-stage, and 5-stage. Some systems provide reverse osmosis. The systems can reduce chemicals, chlorine taste and odor, cysts, iron, lead, mercury, micro-
4937	Under Sink Plumbing	An under sink piping system used for the drainage of water. Under sink plumbing types include tailpieces, connectors, couplings, lavatory drains, double off-sets, disposal kits, elbows, extension tubes, J-bends, nuts, traps, threaded tubes, tees, wall bends, end outlet continuous waste, center
5898	Underground Irrigation Accessories	Underground irrigation accessories are parts that complement an installation or repair of an underground irrigation system. Types include auto drain valves, sprinkler donuts, sprinkler flags, splash shields, underground irrigation filters, hydrant elbows, hydrant repair kits, hydrant

5899	Underground Irrigation Tools	Underground irrigation tools are devices used to install and maintain subsurface irrigation systems. Types include coring tools, riser extractors, spray head pull-up tools, sprinkler adjustment keys, sprinkler donut cutters, sprinkler head wrenches, sprinkler multi-tools, sprinkler tool kits, tunneling
5896	Underground Sprinkler Manifolds	An underground sprinkler manifold is a pipe that branches into multiple openings to deliver water to multiple watering zones. Types include anti-siphon and inline. Material wise, they can be made of plastic, brass, zinc,
5900	Underground Sprinkler Nozzles	Underground sprinkler nozzles are replacement nozzles for yard sprinkler systems. Types include gear drive insert nozzle, spray head nozzle and shrub adapter. Spray pattern options include adjustable, center strip, end strip, full-circle, half-circle, multi-stream, quarter-circle, side strip, single-stream, square, 1/3-circle, 2/3-circle and 3/4-circle. Nozzle thread type are
5901	Underground Sprinkler Valve Accessories	Underground sprinkler valve accessories are largely replacement parts for sprinkler systems. They include replacement diaphragms, replacement
5902	Underground Sprinkler Valves	Underground sprinkler valves are devices that assist with water flow to buried sprinkler systems. Types include battery-operated irrigation valves, converter valves, electric angle irrigation valves, electric anti-siphon irrigation valves, electric inline irrigation valves, irrigation indexing valves, manual anti-siphon irrigation valves, manual irrigation valves, and stop and
5903	Underground Sprinklers	Underground sprinklers are devices that effectively and automatically distribute water to a lawn or garden. Type include automatic sprinkler systems, bubbler sprinklers, impact sprinklers, pop-up spray head sprinkles, shrub head sprinklers, spinning sprinklers, gear drive rotors, impact rotors, pop-up impact sprinklers and pop-up rotors. Spray pattern options are
6125	Valve Repair Parts	Valve repair parts are kits or parts used to repair damaged in-line or water delivery valves. Types include repair kits for brass valves, bronze valves, universal hydrant, vent float, water hydrant, PRV cartridge, stop valve and garden valves. Replacement kits include multi-turn valve stem and multi-turn valve handles. Repair and replacement parts include sillcock valves,
7076	Vent Covers	Vent covers are shields that prevent air from passing through register vents. Material wise, they can be made of plastic or metal or a combination of metal and plastic. Mount types include adhesive, magnetic and screw

4561	Washers, Gaskets & Bonnet Packing	Washers, gaskets & bonnet packing are seals or packing used between parts or pipe. Types include washer retainers, slip joint washers, cone washers, bonnet packing, cap thread gaskets, no rotate washers, diverter washers, basket strainer washers, rubber washers, assorted, basin mack
6107	Water Delivery Valves	Water delivery valves are valves that start and stop the flow of water. Types include boiler drain valves, garden valves, deck mount valves, no-kink boiler drain valves, test cock valves, wall faucet valves and washing
7677	Water Filter Pitchers	Water filter pitchers remove impurities or solid particles from tap water. Types include personal water filters and water filter pitchers. Filtration methods are alkaline, charcoal, ultraviolet UV, GAC, carbon block, coconut shell carbon, chlorgon, KDF, polyphosphate, reverse osmosis and ion exchange. Maximum cup capacity is 7-cup, v10-cup, v11-cup, v18-cup, v5-
7446	Water Heater Accessories	Water heater accessories are add-on items, not actual parts of the water heater. They include vent kits, installation kits, vent extensions, enhancement kits, enclosures, suspended platform with drain fittings, water heater stands, controllers, recess boxes, strap kits and more. For use
7838	Water Heater Pans	Water heater pans are installed beneath water heater tanks to prevent damage from water heater overflows and leaking pipes by catching water and draining it away. They include drain pans, drain pans with fittings and
7447	Water Heater Parts	Water heater parts that are required for operation as well as replacement. They include tune-up kits, screw elements, terminator kits, connector hoses, thermocouples, installation kits, thermostats, adapters, isolation
4090	Water Heaters	Water heaters produce and store hot water for homes and businesses. Fuel source choices include electric, liquid propane or natural gas in regular, short, tall, tabletop and lowboy styles. Venting types are atmospheric, direct, power, power direct, and indirect. Ignition type options are electric,
6385	Water Leak Detectors	Water leak detectors are small sensors that detects moisture levels to monitor for potential flooding in your home. Types include leak detectors, extension cables, and backup batteries. Works with iOS Google Assistant,
4583	Water Pump Accessories	Water pump accessories are products utilized for the enhancement or repair of an existing water pump. Types include check valves, adapters, hoses, kits, float switches, septic tank riser kits, septic tank riser pipes,

4877	Water Pumps	Water pumps move water through force from one place to another. Types include well pumps, specialty pumps, utility pumps, sump pumps, chemical pump, and standard water pumps. Power source options include gas, electric, and water. They can be built of materials such as thermoplastic,
4596	Water Softener Salt	Salt is put into a water softener to act as the sodium element in a chemical reaction to eliminate calcium and magnesium ions.
4573	Water Softeners	Water softener uses sodium (usually in the form of salt) to help replace calcium and magnesium ions (characteristics of hard water) in water.
4878	Water Softening & Filtration Accessories	Water softening & filtration accessories are items for faucet filters and add-ons that eliminate impurities in water. They include connector kits, mounting brackets, formula, UV replacement lamps and sleeves, water conditioning, tank wrenches, UV lamp and sleeve replacement kits, sump
7708	Water Storage	Water storage containers are made of plastic or steel materials and can be used for home or portable applications.
7648	Water Test Kits	Water test kits identify elements in water. They can be used to test water for alkalinity, bacteria, chlorine, copper, fluoride, hardness, hydrogen
4879	Well Pump Covers	Well pump covers make an area more visually appealing and protect machinery from the elements. Well pump covers are made from polyethylene foam, polyethylene/fiberglass or polyester and are sometimes artificial rocks. They can be used with backflow devices, cable pedestal boxes, house numbers, pressure tanks, valves, well pumps, and
7678	Whole House Filtration Systems	Whole House Filtration Systems make water clean for household use. Can be used for hard water, soft water and well water situations. Systems have a potential to reduce bacteria, chemicals. chlorine taste and odor, cysts,
6787	Air Hockey Striker & Puck Sets	Strikers and pucks used in playing the table game of Air Hockey
6266	Air Hockey Tables	Air Hockey Tables can be freestanding or tabletop style.
7903	Aquatic Sports	The Aquatic Sports category include various types of sport products for use on the lake or pool. Types: Body board, Deck tube, Inflatable buoy with deck float, Inflatable buoy with tow rope, Inflatable raft, Inflatable waterski, Junior water skis, Kneeboard, Sumo and splash guard, Tow rope,
6566	Artificial Christmas Garland	The Artificial Christmas Garland category includes flower, fir, arti pod, ash, aster bean, pine, beaded, boxwood, cedar, chestnut, lights, cypress, eucalyptus, fabric, feather, glitter, fruit, holly, jingle bell, land lotus, mahogany, maple, mittens, mixed green, mixed needle, ornament, palm,

6576	Artificial Christmas Trees	The Artificial Christmas Tree Category includes palm, poinsettias, spiral topiary, tinsel, traditional, triple ball topiary, twig, and whimsical trees. Important attributes are Christmas Tree Height, Pre-Lit, and Shape. Lowe's also has several other Christmas categories including Christmas Tree Skirts
6565	Artificial Christmas Wreaths	Some important attributes of Artificial Christmas Wreathes are Pre-Lit, Diameter, and Flocked. Lowe's has many other Christmas categories including Fresh Christmas Wreaths, Artificial Christmas Garland, and Fresh
6575	Artificial Hanukkah Garland	Artificial garland that wraps around banisters or mantels.
6711	Attachment Cultivators	Tow-behind attachment for turning over and aerating soil.
6339	Attachment Snow Blowers	Lawn mower or tractor attachment used to move large amounts of snow.
4027	Attachment Tank Sprayers	Attach onto an atv. used to apply pesticides and insecticides.
7498	Automatic Grill Cleaners	A machine or tool that cleans a grill without much effort from the owner
5854	Axe & Maul Accessories	Accessories used in conjunction with axes or splitting mauls.
4393	Axes	Devices used mostly to chop wood and other various materials.
6277	Basketball Systems	Basketball systems that can be placed inside or outside.
7339	Beach & Camping Chairs	Beach & Camping Chairs are portable chairs designed to be used outdoors. This category includes beach, beach lounge, bungee, camping, directors, tailgate, and toddler tailgate chairs as well as tailgate sets and tailgate
7340	Beach Umbrellas	Umbrellas used at the beach to block the sun
6259	Beverage Coolers	Insulated jug used to keep liquids cooler than ambient temperatures. Typically used in sporting events or on job sites.
6197	Beverage Dispensers	Item used typically for parties, picnics and gatherings to dispense lemonade, coffee, tea or flavored water to attendees.
8169	Bike Accessories	Add on and replacement parts for bicycles. Types: Bike basket, Bike bell, Bike computer, Bike GPS, Bike light, Bike lock, Bike tool set, Helmet, Pedals, Tube, Tubeless sealant, Water bottle cage, Bike water bottle, Bike
7909	Bikes	Bicycles- Types: Balance bike, Bike, Road bike, BMX, E-bike, Fat bike, Rocker to balance, Balance to pedal, Mountain bike, Tricycle, Tandem bike
4355	Bird Feeder Accessories	Attachment or add-on parts that are used for mounting, hanging, and extending the altitude of bird feeders. Used in conjunction with bird
5835	Bird Feeders	Devices that hold bird seed for bird feeding and bird watching.
7039	Birdbaths	Birdbaths are designed for washing and watering of birds, and are aesthetically pleasing outdoor accent pieces.
7894	Bleacher Cushions & Seats	Cushions or seats designed to be used on bleacher stands.

6241	Bollards	Bollards are used for crowd control or barrier to entry.
4491	Bottle & Jar Openers	Bottle openers, jar openers and corkscrews and are a must-have at any party. Operation types are manual and electric. Mount type options are
6435	Bounce Houses	Inflatable structures made of a flexible material or fabric that is filled with
6712	Box Scrapers	Tow-behind attachment used for leveling, clearing or spreading soil.
5941	Built-In Gas Grills	Outdoor grills, built-in to an outdoor kitchen, requiring natural gas or liquid
6149	Built-In Grill Cabinet Parts	The Built-In Grill Cabinet Parts category includes double doors, double drawers, liners, natural gas side burners, propane side burners, pull-out trash drawers, refrigerators, refrigerator frames, side burner covers, single
6630	Canoe Paddles	Paddles commonly used in canoes consist of a wooden, fibreglass, carbon fibre, or metal rod (the shaft) with a handle on one end and a rigid sheet (the blade) on the other end. Canoe Paddles grip types include palm and T-
6050	Canopies	Temporary outdoor shading device supported on a framework of poles with a peaked top made of fabric. These devices are quick and easy to
6052	Canopy Parts & Accessories	Canopy Parts and Accessories are replacement parts for outdoor canopies. Types include canopy wall panels, canopy weight plates, canopy insect net, canopy replacement top, thatch runner, foot pad connector and canopy
5148	Canopy Storage Shelters	Protects against outdoor elements such as uv rays, water and inclement weather. used with an automobile, deck or patios.
7852	Carpports	A carport is a covered structure used to offer limited protection to vehicles, primarily cars, from rain and snow. The structure can either be free standing or attached to a wall. Unlike most structures, a carport does not have four walls, and usually has one or two. Carports offer less protection than garages but allow for more ventilation. Roof style options are flat,
4992	Chainsaw Accessories	Attachment or add-on parts for chain saws.
4959	Chainsaw Bar & Chain Oils	Reduces high speed throw off and extends life of sprocket.
4993	Chainsaw Bars	Holds aligned chains for chain saws, to be placed on chain saw.
4994	Chainsaw Chains	Rotating blade that is aligned onto a chain saw bar.
4055	Chainsaw Safety Equipment	Some important attributes of Chainsaw Safety Equipment are Use, Color/Finish Family, and Package Contents. Lowe's also has categories for Chainsaw Accessories, Chainsaw Bar & Chain Oils, and Safety Accessories.
4082	Chainsaws	A chainsaw that is run by battery for small trim jobs and is rechargeable by
8144	Charcoal & Accessories	Charcoal plus accessories for charcoal plus various types of lighters,
4361	Charcoal Grills	Full-size outdoor grills requiring charcoal for heating and cooking.

6117	Charcoal Lighter Fluid	Flammable liquid poured over charcoal and ignited to start charcoal
8147	Charcoal Smokers	Both Horizontal Charcoal Smokers & Vertical Charcoal Smokers.
6966	Chiminea Covers	Covers for outdoor chimineas used to protect against outdoor elements.
5370	Chimineas	Whether you're enjoying cool summer evenings or crisp fall days, a Chiminea's cozy fire elevates any outdoor space.
7756	Christmas Decor	The Christmas Decor category includes artificial trees, blankets, candles, craft pumpkins, decorative hooks, door decoration, figurines, free standing decorations, hanging decorations, lights, mats, ornaments, pillows, plush toys, rugs, scent sprays, tabletop decorations, tableware, and window
5973	Christmas Hooks & Hangers	Hooks, hangers and holders used to support indoor and outdoor holiday
6663	Christmas Icicle Lights	Single strands of wire with icicle type lights affixed at intervals.
6662	Christmas Inflatables	Christmas Inflatables are decorations designed primarily for outdoor use. Some important attributes are Theme/Design, Inflated Height (ft.), and Animatronic. Lowe's has many other Christmas categories including
7327	Christmas Light Tools	Tools used on bulbs for Christmas Lights.
6660	Christmas Net Lights	Lights on wire strings in a net configuration typically used for outdoor use
4366	Christmas Ornaments	The Christmas Ornament category includes clips, ornaments, and ornament sets. Lowe's has many other Christmas categories including Christmas Hooks & Hangers, Christmas String Lights, and Artificial Christmas Garland.
6582	Christmas Pathway Markers	A series of Christmas themed lights or markers used to decorate pathways.
7325	Christmas Picks	Christmas Picks are used to accent holiday decorations such as trees, garland, and wreaths. Some important attributes are Color/Finish Family, Material, and Package Quantity. Lowe's has a number of other Christmas
6657	Christmas Rope Lights	Lights housed within tubing used for decoration at Christmastime.
4348	Christmas Stockings	Some important attributes of Christmas Stockings include Theme/Design, Length (Inches), and Color/Finish Family. Lowe's has a number of other Christmas Categories including Christmas Ornaments, Fresh Christmas
6563	Christmas String Lights	Some important attributes of Christmas String Lights are Bulb Type, Indoor/Outdoor, and Power Source. Lowe's has many Christmas categories including Christmas Icicle Lights, Christmas Net Lights, and Christmas Light
4335	Christmas Tree Skirts & Collars	Used to cover a small area underneath a Christmas or holiday tree, where
4334	Christmas Tree Stands	Devices placed below Christmas trees that prevent them from falling over.
5974	Christmas Tree Toppers	A decoration that goes on the top of a Christmas Tree
6564	Christmas Villages	Christmas decorations consisting of small scale homes and characters.

7672	Climbers	Products that children climb-on in playsets.
7451	Combo Grills	Grills designed to be compatible with more than one fuel source
5599	Commercial Bike Racks	Metal or plastic racks made for temporary storage of bicycles in a
5923	Commercial Charcoal Grills	Outdoor grills used in commercial or public settings that require charcoal
5530	Commercial Pet Waste Stations	Waste stations for use in dog parks, doggie daycares, or any location where
7872	Commercial Trenchers	Used to create a clean trench with a flat bottom and smooth walls
5372	Construction Heaters	Portable heaters for use on construction sites that use kerosene fuel.
6148	Cooking Sprays	Sprays used in cooking, typically to ensure the food does not stick to the cooking surface. These sprays may be flavored.
4960	Corded Electric Cultivators	Plug-in, a lighter garden tool that breaks up loosened soil that has been broken up by vegetation. makes pulling up weeds easier.
4081	Corded Electric Push Lawn Mowers	Corded Electric Push Lawn Mowers are plug-in walk behind mowers. This category includes push and self-propelled mowers. Some important attributes are Mower Cut Width, Amperage, and Discharge Location. Lowe's also has categories for Gas Push Lawn Mowers, Reel Lawn Mowers,

4803	Playhouses	Lowe's has indoor playhouses for rainy days or outdoor playhouses for fun
4976	Playset Accessories & Components	Attachment or add-on parts used with playset to enhance playtime.
4988	Playset Hardware	Anchors, handles, chains, brackets, braces, and tarps for use with playsets
4045	Plug Lawn Aerators	Plug Lawn Aerators are used to open compacted soil allowing water and
4384	Pole Pruners	Extension tool with blade used to reach branches.
5856	Pole Pruning Saws	Non-electric tool with blade used to prune.
4034	Pole Saws	Power Tool for branch cutting and pruning.
6381	Pool Balls	Round spheres used in all the different versions of billiards or pool.
6383	Pool Cue Racks	Rack used to store pool cues and accessories.
6382	Pool Cues	Tapering rod or stick used to strike a cue ball in a game of pool.
6384	Pool Table Accessories	Accessories or add-ons used to play the game of pool.
7870	Pool Table Covers	Protective and dust covers for pool tables.
6281	Pool Tables	Tables used for playing the game of pool or billiards.
6051	Porch Swing & Glider Canopies	Replacement canopies for patio porch swings and gliders.
4328	Porch Swings & Gliders	Swinging chairs and benches, possibly hanging.
5197	Portable Cooler Accessories	The Portable Cooler Accessories category includes cooler cable locks and brackets, cooler covers, cooler tie down kits, cooler trays, cup dispensers, cup holders, cups, cutting boards, dividers, fishing rod holders, gear bags, handles, ice packs, seat cushions, spigots, tie down kits, and wire truck
4357	Portable Coolers	The Portable Coolers category is for INSULATED food/beverage storage units including 3-in-1 coolers, backpack coolers, bag coolers, cart coolers, chest coolers, insulated drink carriers, insulated lunch boxes, marine coolers, personal coolers, and wine totes. Some important attributes are

4080	Portable Generators	These are not stationary generators, these can be used with another
8148	Portable Grills	Grills or griddles designed to be portable, this does not include full size
5845	Post Hole Diggers	Non-electric, pole-mounted tool with blade used to prune; primarily in
6653	Potting Benches	A kind of workbench used for small gardening tasks such as transplanting
4947	Power Equipment Accessories	Not relating to mowers, trimmers, string trimmers.
4939	Power Equipment Air Filters	Captures airborne particles including dust, pollen, mold, pet dander and smoke as they are circulating between inside the home and the hvac unit.
4952	Power Equipment Batteries	Power Equipment Batteries are used for outdoor power equipment.
6634	Power Equipment Combo Kits	Kits which include multiple battery-powered pieces of outdoor power
4065	Power Equipment Covers	Protection cover for outdoor power equipment including tractors,
6196	Power Equipment Fuel	2-cycle or 4-cycle fuel for outdoor power equipment.
4941	Power Equipment Fuel Filters	Fuel filters for outdoor power equipment.
4951	Power Equipment Oil Filters	Oil filters used in power equipment engines.
4050	Pressure Washer Brushes & Brush Kits	Brushes and brush kits designed for use with pressure washers.
4052	Pressure Washer Chemicals	Chemicals used to clean while using pressure washers.
4019	Pressure Washer Hoses	Water hoses used in conjunction with pressure washers.
4033	Pressure Washer Nozzles	Controls the degree of spray on a pressure washer.
7836	Pressure Washer Parts	Pressure washer parts including pressure washer disconnect plugs, pressure washer filters, and pressure washer o-rings.
4036	Pressure Washer Pumps & Pump Kits	Pumps and pump kits designed for use with pressure washers.
4053	Pressure Washer Spray Guns & Wands	the Pressure Washer Spray Guns & Wands category includes dirt blaster wands, drain cleaner hoses, extension wands, replacement spray guns, replacement wands, spray guns, spray gun kits, spray wands, telescoping
7831	Pressure Washer Surface Cleaners	Pressure washer powered surfaces cleaners, including rotating surface
4058	Pressure Washers	Compared to electric pressure washers, gas-powered pressure washers offer more mobility and power, so you can tackle large jobs like cleaning decks, patios, sidewalks and siding. Some important attributes are Engine Brand, Usage, and Pressure Rating Range. Lowe's also has categories for
5371	Propane Heaters	Portable heaters for use on construction sites that use liquid propane fuel.
4394	Pruning Blades	Blades used for pruning saw, pruning poles, etc.
4967	Pump Saver	Helps prevent harmful buildup of hard water mineral deposits.

7287	Pumpkin Carving Tools & Kits	Pumpkin Carving Tools & Kits are used in decorating pumpkins. This category includes carving tools, jack-lantern lights, pumpkin carving kits, pumpkin painting kits, pumpkin push-ins, pumpkin stands, and scoops. Some important attributes are Color/Finish Family, Theme Design, and
4428	Rain Gauges	Measures precipitation from the rain, outdoors use.
8005	Recreational Vehicle Accessories	Accessories for ATVs, UTVS and dirt bikes. Includes windows, cab heaters,
4040	Reel Lawn Mowers	Uses a reel of blades to cut grass. push reel mower.
6590	Replacement Engines	Full engines used to replace existing engines in lawn mowers.
6108	Replacement Grill Brush Heads & Cleaning Blocks	Replacement heads for grill brushes or scouring pads, or replacement grill
4958	Riding Lawn Mower Accessories	Attachment or add-on parts used with riding mowers.
4118	Riding Lawn Mower Canopies	Protects from sun and light while on tractor.
8000	Robotic Lawn Mower Parts & Accessories	Parts and accessories for robotic lawn mowers including robotic lawn mower blades, robotic lawn mower wall hanger and blade drive pulleys.
7589	Robotic Lawn Mowers	Robotic Lawn Mowers don't just cut the grass - they're intuitive enough to know when to mow and what to leave behind (like grass clippings to naturally fertilize the soil). Some important attributes are Cutting Range/Yard Size, Auto Charging Base, and GPS Assisted Navigation. Lowe's
6341	Sandboxes	Plastic or wood box partly filled with sand for children to play in.
7917	Scooters	Powered scooters and mopeds belong in this category.
7826	Seasonal Decorations	Decorations that are designed/themed around the Spring season.
6174	Shade Sail & Fabric Accessories	Hardware and accessories used with shade sails or shade fabric outdoors to
7344	Shade Sails & Fabric	Rectangular, square or triangular heavy cloths mounted to trees or
5852	Shovels & Spades	Tool used to cut through soil, transplant material, etc.
6775	Shuffleboard Accessories	The Shuffleboard Accessories category includes brushes, wax, pucks, and
6282	Shuffleboard Tables	Tables used for playing the game of shuffleboard.
7673	Slides	A smooth sloping surface for children to slide down. Generally part of a
4954	Small Engine Replacement Parts	Replaceable parts for small engines on lawn mowers, tractors, and more.
5292	Small Outdoor Storage	Storage Containers for deck, patio, and other outside uses.
6136	Smoker Boxes	Small, lidded boxes used to hold wet wood chips that, when inserted into a hot grill, smolder and smoke to add flavor to food on the grill.
6781	Snow Blower Base Attachments	Attachment snow blower for use with wheeled base engine.
4865	Snow Blower Parts & Accessories	Snow blower parts and accessories all used in maintenance.

4073	Snow Blowers	Snow blowers are the independently powered solution to remove snow from unwanted areas. This category includes Corded Electric (Electric), Cordless Electric (Battery), and Gas Snow Blowers. Lowe's also has a
6502	Snow Plow Accessories	Attachment or add-on parts or kits for snow plows mounted to ATVs,
4075	Snow Plows	Plows or removes snow from unwanted places.
4373	Snow Shovels	Shovel designed specifically to remove snow, ice typically from driveways
5846	Specialty Harvesting Tools	The Specialty Harvesting Tools category includes bean hooks, corn knives,
5847	Specialty Landscaping Tools	Landscaping tools used for uncommon tasks that feature a long handle.
4049	Spike Lawn Aerators	Spike Lawn Aerators rotate to breaks up compacted soil.
5853	Splitting Mauls	Devices similar to axes used mostly to chop wood.
7882	Sports Equipment	The Sports Equipment category includes balls, assorted sports equipment sets, badminton shuttlecocks, ball bags, nets, baseball bats, gloves, covers, field cones, flag football belts, flying discs, goggles, helmets, hockey goals, hula hoops, inline skates, longboards, pinnies, ring toss, scoreboards,
7230	Sports Inflatables	Inflatable sports decorations designed primarily for outdoor use.
5457	Spray-On De-Icer	Spray-on product used to remove ice from surfaces, such as car
5839	Squirrel Feeders	Devices made specifically to feed squirrels. Typically holds seed, peanuts or
6624	Stand Up Paddle Boards	A surfboard designed to be stood on and propelled by a person with a
5294	Storage Shed Accessories	Attachment or add-on parts for outdoor storage units.
5295	Storage Shed Expansion Kits	Installation kits used for expanding outdoor storage buildings.
4079	String Trimmer Attachments	Attachments used specifically on string trimmers.
4025	String Trimmer Heads	Some important attributes of String Trimmer Heads are Universal Fit, Blade Material, and Size of Line. Lowe's also has categories for String Trimmer
4021	String Trimmer Line	Line used on a string trimmer that cuts/trims weeds and grass.
4039	String Trimmer Mowers	String Trimmer Mowers are especially useful on very uneven ground and
4072	String Trimmer Parts	The String Trimmer Parts category includes air filters, blade retaining kits, bump knob assemblies, cutting head inserts, electric start adapters, engine starters, fuel filters, fuel line repair kits, hangers, replacement blades, replacement bump knobs, replacement spools, replacement spool caps, spool cap covers, straps, and wear kits. Lowe's also has categories for
4078	String Trimmers	Battery-powered (electric) piece of outdoor equipment used to trim grass and weeds in tight, hard-to-reach areas. Used especially after mowing. May
7919	Stump Grinders	Tool used to remove remaining tree stump from ground.
4415	Sundials	Garden decor used to tell the time by the sun's rays.

7690	Swings	A seat suspended by ropes or chains, on which someone may sit and swing
4041	Tarp Accessories	Accessories used with tarps, including tarp hooks, tarp zippers, tarp clips, dust barrier kit, dust barrier zipper kit, & dust barrier zipper door
4066	Tarps	Used for any number of outdoor storage, protection or cover solutions for anything from feed stock piles to trucks.
6434	Tent Accessories	Tool and or accessories used to pitch or repair a tent.
7907	Tents	Whether you're enjoying an intimate outing or going outdoor camping with a group, Lowe's offers plenty of options for a good night's rest under the stars. The Tents category also covers screen tents. Some important attributes are Material, Interior Peak Height, and Carry Weight. Lowe's also
4429	Thermometer Clocks	Temperature reader for indoor or outdoor climate and clock.
7890	Tiller Parts & Attachments	Attachments for garden/dirt tillers go here. Types of attachments include edgers, wheels, tines, bumpers, plows, aerators and dethatchers.
4026	Tillers	Tillers turn the soil allowing water, oxygen and nutrients to pass through
4943	Tire Inner Tubes	Inner tubes for a tire, maintenance part.
4944	Tire Repair Sealant	Tire Repair Sealants seal tires with a synthetic solution. This category includes aerosol, packet, and pour spout sealants.
6666	Tissue Paper	Sheets of tissue paper typically used in gift boxes and bags.
6655	Tornado Shelters	Above-ground and in-ground shelters to protect people and possessions in
4038	Tow-Behind Lawn Vacuums	Vacuums that are pulled by larger outdoor power equipment.
4084	Tow-Behind Spreaders	Used to distribute weed killer and or fertilizer across the lawn.
4956	Trail Cutters	Attach onto an atv, cuts saplings, tree stems and brush up.
4957	Trail Mowers	Trial Mowers attach to other vehicles to be towed and cut grass. This category includes finish cut, finish cut tow-behind, and tow-behind
6401	Trampoline Accessories	With Trampoline Accessories, you can help ensure everyone has a safe and enjoyable trampoline experience. This category covers anchor kits, covers, game kits, ladders, replacement mats, safety enclosures, safety pads, and spring kits. Some important attributes are Primary Construction Material,
6400	Trampolines	A device consisting of a piece of taut, strong fabric stretched over a steel
5946	Turkey Fryers	Products used to fry turkeys or other foods in oil using liquid propane gas.
7918	UTVs & Golf Carts	Utility terrain vehicles (UTVs), all terrain vehicles (ATVs) and golf carts are motorized vehicles that handle tough terrain and navigate the outdoors with ease and speed. Golf carts are motorized carts for carrying golfers and their equipment over a golf course. Engine choices include gas and electric.

4138	Utility Carts	Utility Carts are a great way to store and move supplies in the office or at home. Types include bin, cabinet, chair, folding table, rack, shelf, table, and wire-spool carts. Lowe's also has categories for Yard Carts, Dump Carts, and
5304	Vinyl & Resin Storage Sheds	Outdoor storage buildings or sheds made of vinyl and resin.
6260	Water Bottles & Mugs	The Water Bottles & Mugs category includes canteens, insulated cups, lowballs, sippy cups, stemless wine glasses, travel mugs, travel mug and sippy cups, travel mug sets, tumblers, tumbler sets, water bottles, water bottle covers, water jugs, water glasses, and wine tumblers. Lowe's also
4426	Watering Cans	Watering Cans are used to distribute water across garden, lawns, plants,
7432	Weathervanes	Revolving pointer showing wind direction, typically mounted on top of a
7599	Wheelbarrow & Yard Cart Accessories	Accessories to be used with wheelbarrows or yard carts including cargo covers, tool holders, and wheelbarrow handles.
4390	Wheelbarrows	Wheelbarrows are carts used to move larger quantities. Types include Push
4042	Wheels & Tires	Wheels and tires that go on how riding mowers and tractors.
7805	Wildlife Houses	Wildlife Houses include bat houses, bee houses, and butterfly houses.
4339	Wind Chimes	Suspended outside the house, usually made of wood or metal.
5958	Wind Spinners	Lawn and garden decorations. Types include wind socks and wind spinners.
6204	Winter Sports	Products used to slide down snowy hills in a seated or belly-down position. Typically elongated with special runners to steer or guide the rider.
4983	Wireless Pet Fences	Wireless Pet Fences employ either static or tone correction, or a combination of both, to help train your dog to remain away from the areas that are off-limits and to keep him or her safe - no underground wiring is required. Some important attributes are Application, Maximum Coverage
5405	Wood & Pellet Stove Accessories	Attachment or add-on parts used with a stove.
7782	Wood Chips	Wood chips used for burning as fuel for a bbq grill.
5994	Wood Grilling Planks	Meats, seafood or veggies are placed on these wooden boards, then onto a hot grill to add a different flavor to them and to retain moisture.
5402	Wood Pellets	Renewable fuel used for burning for firepits, fireplaces, and chimineas.
4981	Wood Playsets & Swing Sets	Wood playset kits or playground equipment for commercial or residential
5310	Wood Storage Sheds	Wood Storage Sheds provide a sturdy and strong option for keeping lawn mowers, shovels, tools, bikes and more safely stored and protected from the elements. Some important attributes are Storage Capacity Range, Style, and Shed Features. Lowe's also has categories for Metal Storage Sheds,
5406	Wood Stoves & Wood Furnaces	Indoor stoves or furnaces which burn wood to provide heat for occupants.

5368	Wood-Burning Fire Pits	In addition to creating a cozy spot to relax outdoors, Wood-Burning Fire Pits also provide ample warmth so that you can enjoy your backyard on
6413	Wood-Burning Fireplace Inserts	Inserts or actual firebox for wood burning fireplaces.
4411	Yard Carts	Yard Carts are used to dump or haul yard waste or building materials, etc. Some can be pulled behind a lawn tractor or ATV. Types include Utility cart, Garden cart, and Wagon. Lowe's also has categories for Dump Carts and
7734	Zero-Turn Riding Lawn Mowers	Riding mowers with a turn radius of zero.
7581	Abrasive Wheels	The Abrasive Wheels category includes pads or wheels used with power
4194	Adjustable Wrenches	Adjustable wrenches have heads that are adjustable to fit multiple-sized
4243	Air Blow Guns & Air Chucks	Air Blow Guns & Air Chucks can be used for painting, spraying, tire inflation, or removing debris. Types include Air blow guns and Tire inflators
4231	Air Compressor Accessories	Air Compressor Accessories include air control units, bases, beads, chucks, cleaners, connectors, couplers, filters, fuels, gauges, grinders, guns, hose reels, kits, manifolds, needles, oils, plugs, pumps, regulators, retainers,
8015	Air Compressor Fittings	Air Compressor Fittings include Couples, Plugs, Kits, Plugs, Splitters, and
4152	Air Compressor Hoses	Air Compressor Hoses are designed for use on air tools. This category includes Air compressor hose and Air compressor hose reels.
7598	Air Compressors	Single and two stage gas or electric air compressors.
4207	Air Cut-Off Tools	Air Cut-Off Tools are pneumatic devices used to cut metal.
4230	Air Drills & Drivers	Air Drills & Drivers are pneumatic tools used for hole making and fastening.
4132	Air Grease Guns	Air Grease Guns are pneumatic tools which use air to apply grease.
4131	Air Grinders	Air Grinders are pneumatic tools used for grinding or cutting.
4145	Air Hammers	Air Hammers are used for fast cutting action especially for medium exhaust system panel cutting and general repair work.
4159	Air Impact Wrenches	Air Impact Wrenches are pneumatic wrenches with maximum torque.
4142	Air Inflators	Mechanical devices and pumps that are used primarily for inflation
4126	Air Ratchet Wrenches	Air Ratchet Wrenches are pneumatic ratcheting wrenches with maximum
4221	Air Sanders	Air Sanders are pneumatic power sanding tools.
4248	Air Tool Kits	Air Tool Kits are kits that contain multiple products, designed for use with compressors, but do not include a compressor. Types include Air die grinder kit, Air nailer kit, Air tool automotive maintenance kit,
4186	Angle Grinders	Angle Grinders are power tools used for cutting, grinding, and polishing. Types: Angle grinder, Cut-off tool, Die grinder.

6316	Auger Bits	Large drilling attachments for auger powerheads, used to drill through ice or dig through earth. Types: Earth auger bit, Ice auger bit, Flex auger bit,
6271	Auger Blades	Auger Blades are replacement blades for auger bits.
6272	Auger Extensions	Attachments for augers to extend drilling depth.
4032	Auger Powerheads	Outdoor power equipment used for digging large, deep holes quickly, or drilling through ice. Requires the use of a bit or blade.
8020	Auto Diagnostic & Testing Tools	Tools used to test automotive systems. Types: Antifreeze tester, Carbon pile load battery tester, Circuit tester, Compression and pressure testers,
5233	Automotive Hand Tools	Various tools for specific automotive applications.
5340	Band Saw Blades	Saw blades consisting of a continuous band of metal with teeth along one
4201	Bench Grinders	Bench Grinders are grinders for semi-permanent placement either on a bench or also stand alone tools. Types include Bench grinder and Stationary
4205	Bench Jointers	Benchtop tools used for jointing and surfacing of soft woods, hard woods
4147	Benchtop & Stationary Tool Accessories	Accessories for use with benchtop or stationary tools. Types: Activation cartridge, Adhesive-backed measuring tape, Belt cleaning stick, Casters, Depth stop, Drill press accessories, Dust collector bags, Extensions, Guide track; kit, Insert plates, Jointer knives, Miter gauge, Mobile base & extension, Panel carrier, Planer accessories, Power tool motor, Roller table,
4233	Benchtop Sanders	Sanding tools that require placement on a flat surface area to set up and
4193	Biscuit Joiners	Woodworking tool used to join two pieces of wood together.
7937	Boat Covers & Bimini Tops	Protective covers for boats, jet skis and components as well as bimini frames and tops. Types: Boat cover, Bimini frame, Bimini top, Cover
4128	Bolt Cutters	Plier like tools used for cutting bolts, threaded rods, chain or other metal
7277	Bolt Extractors	Extractors used to removed rusted, painted-over, stripped and tight bolts.
6593	Bottom Tool Cabinets	Tool storage unit that sits on the ground, typically has casters and may or may not open from the top. Types: Bottom tool cabinet, Side tool cabinet.
8300	Brad Nailers	Brad nailers are ideal for precision work and delicate trim projects. They use small brads, making them perfect for securing lightweight moldings, trim, and other delicate woodwork without splitting the material. Brad
8019	Brake Tools	The Brake Tools category includes Brake bleeder, Brake caliper set, Brake caliper tool set, Brake line assorted fitting kit, Brake lining gauge, Brake service kit, Brake shoe retaining spring tool, Brake spring pliers, Cylinder hone tools, Disc brake pad spreader, Electronic digital rotor micrometer,

5234	Breaker Bars	A breaker bar is a long non-ratcheting bar that is used with socket wrench-style sockets. They are used to break loose very tight fasteners because their additional length allows the same amount of force to generate significantly more torque than a standard length socket wrench. Their use prevents damage to the ratcheting mechanism of a socket wrench. Often,
7007	Brick Tongs	Brick tongs are used to carry multiple bricks at one time.
5998	Cabinetry & Joinery Router Bits	Router Bits for joinery and decoration on furniture, cabinets, and related
4252	Calculators	Used to compute numbers, to solve mathematical equations.
7563	Calipers	Used for measuring small increments of distance. Types: Dial, Digital,
7973	Car Seat Covers	The Car Seat Covers category includes both custom and universal
4237	Chalk Reels	Ideal for marking long, straight lines on relatively flat surfaces, much farther than is practical by hand or with a straightedge.
5316	Chisel Mortising Bits	Ideal for cutting or drilling square holes.
7278	Chisel Sets	Sets of chisels ideal for cutting or shaping brick, cement block, cinder block, trimming excess mortar, metal, wood and other items. Types: Air chisels, Cold chisels, Construction chisels, High impact chisels, Masonry chisels,
4249	Chisels	Ideal for cutting or shaping brick, cement block, cinder block, trimming excess mortar, metal, brick and other items. Types: Air, Brick, Cold, Concrete, Construction, Electrician, Flooring, Masonry, Tile, Utility,
4251	Chop Saws	Saws with circular blades attached to a base with guide. Used to cut steel,
5336	Circular Saw Blades	Saw blades consisting of a circular disc with teeth along outer edge to cut various materials. Types: Chop saw blade, Circular saw blade, Concrete saw blade, Miter saw blade, Miter/Table saw blade, Table saw blade, Tile
4197	Circular Saws	Handheld saws with circular blades. Types: Circular saw kit, Compact saw kit, Circular saw, Compact saw, Multi-saw kit, Multi-saw
7214	Clamp Attachments	Items used to enhance clamp functionality. Types: Bar clamp hold-down jig, Bar clamp wide pads, Clamp engineers jaws, Clamp pads, Clamp stand, Clamp vise jaw caps, Edge clamp accessory, Heavy-duty clamp coupler, Jaw
4134	Clamps	Ideal for holding work pieces, aligning and supporting and assembly box joints. Types: Band, Bar, C-clamp, Corner, Handscrew, Parallel Jaw, Pipe,
4843	Combination Wrenches & Sets	Tools with a wrench head on each end, individual or sets. Types: Box end,
4192	Concrete Saws	When your project requires you to cut through concrete or asphalt you
7016	Concrete Vibrators	Portable tool that consolidates, pulls and vibrates air bubbles out of poured
7359	Contour Gauges	Tool for recording the cross-sectional shape of a surface

6904	Cordless Screwdrivers	A hand tool that uses rechargeable batteries instead of electrical cords to power a strong reversible motor attached to a shaft
4129	Creepers & Work Seats	Creepers allow users to more easily slide in and out of confined spaces. Work seats are designed for functionality in a shop environment.
4141	Crowbars & Pry Bars	Ideal for nail pulling and jobs that require heavy demolition work. Types: Crowbar, Digging bar, Indexable pry bar, Moulding pry bar, Wrecking bar,
4244	Cutting Pliers	Pliers with a cutting blade on each jaw. Types: Cutting, Diagonal cutting, Side cutting, End cutting, Linesman cutting.
7017	Demolition Hammers	Power tool used to break up brick, concrete and asphalt
7281	Diamond Core Drill Bits	Useful for drilling into hard materials.
7651	Diamond Saw Blades	Circular saw blades made of or finished with diamond material
4838	Dies	Used to add or repair worn threading on a cylindrical object (repair threading on a bolt or to make a bolt out of an ordinary rod). it's
7499	Dovetail Jigs	Jigs used with router to form dovetail cuts
5317	Drill Bit Extensions	Drill Bit Extensions add length to regular drill bits.
7626	Drill Parts & Attachments	The Drill Parts & Attachments category includes Backer pads, Blade kit, Box cutter attachment, Burr quick change adapter, Chucks & Accessories, Drill dust guard, Drill guides & Templates, Drill press fence, Drum sander kit,
4169	Drill Presses & Punches	A large machine for drilling or punching
4190	Drills	Handheld drills, both corded and cordless.
5204	Drive Tool & Socket Accessories	Driver accessories such as extensions, adapters, spinner handles
5211	Driver Sockets & Sets	Parts that are inserted on a driver tool (drill, screwdriver, wrench)- they have different bit types (hex, torx, phillips) depending on the fastener type
7099	Drywall Bench Replacement Parts	Replacement parts for drywall benches. Types: Leg extension kit for drywall bench, Replacement extension leg brace for drywall bench, Replacement leg for drywall bench, Replacement rubber foot pads for
5567	Drywall Benches	Benches used for handling walls and overheads where scaffolding and
5568	Drywall Stilts	Stilts used for handling walls and overheads where scaffolding and ladders
7764	Dust Collection Attachments	Add on tools used with dust extractors. Types: Bit, Blast gate, Connection, Elbow, Extension wand, Guard, Hose, Hose adapter, Hose clamp, Nozzle kit,
7766	Dust Collection Bags	Collection bags used with dust extractors.
7765	Dust Collection Filters	Dust Collection Filters are used in dust extractors.
4163	Dust Collectors	Dust Collectors keep your workspace clean and free of harmful air pollutants. This category includes concrete and saw dust collectors.

5999	Edge-Forming Router Bits	Router bits to create functional or decorative edge forms on a workpiece.
7770	Electric Staple Guns	Electrical powered staple guns, can be corded or cordless.
7243	Electrical Outlet Cutouts	Tool used to create an electrical outlet cutout in drywall
4257	Files	Tools used to cut fine amounts of material from a workpiece. Types: Mill bastard, Mill round, Half round, Mill flat, Mill mini, File set, Rasp, File handle, Flat smooth cut, Handy, Axe sharpening, Single cut, Flat bastard,
8303	Finish Nailers	Finish nailers are versatile tools used for a wide range of finishing tasks. They are perfect for installing crown molding, baseboards, door and window casings, and cabinetry. Finish nailers use slightly larger nails than
8294	Flooring Cutters	Flooring Cutters are specialized cutting tools used to make straight and accurate lines for flooring installation. Types include floor cutters, floor
8302	Flooring Nailers	Flooring nailers are specialized tools for installing hardwood flooring. They drive nails or staples at the correct angle and depth to secure floorboards without damaging the wood. These nailers make the installation process
8301	Framing Nailers	Framing nailers are powerful tools designed for heavy-duty construction tasks. They can drive large nails into thick lumber, making them essential for framing walls, building decks, and constructing wood structures. These
7348	Garage Cabinets	Individual, heavy duty cabinets used for garage storage- Freestanding or
7355	Garage Storage Hooks	Hooks and hangers mounted on rails or surfaces to provide additional garage storage space. Types: Multipurpose hook, Multi-tool hanger, Utility hook, Drill hanger, Ladder hanger, Shelf hanger, Utility hanger,
7349	Garage Storage Systems	Garage Storage Systems are sets of storage components sold together as a system. This category includes freestanding and wall-mounted storage
8228	Glass & Tile Drill Bits	Glass & Tile drill bits are specially designed to be used on those surfaces. Lowe's also has categories for Masonry Drill Bits, Twist Drill Bits, and Step
7189	Glass Cutters	Glass Cutters can help with replacing a pane of glass from a picture frame or creating a cut-glass project of your own design.
7624	Grinder Parts & Attachments	Replacement parts and attachments for corded and cordless grinders. Types: Backing pad, Dust collection guard, Grinder cage mount, Grinder flange set, Grinder flaring cup, Grinder guard, Grinder shaft, Hook and loop
5545	Hammer Drills	Ideal for high-speed applications and bit retention.
4177	Hammers	Handheld tool ideal for inserting nails or related items into a variety of materials. Types: Ball peen hammer, Claw hammer, Dead blow hammer, Drilling hammer, Framing hammer, Tack hammer, Hammer and mallet set,

7822	Hand Saw Blades	Blades for hand saws such as Bow saws, Coping saws, Hacksaws, or
4182	Hand Saws	Uses a hard blade or wire with an abrasive edge to cut through softer materials. Types: Back saw, Cable saw, Carpenter saw, Compass saw, Coping saw, Door jamb saw, Drywall saw, Hack saw, Hand saw, Jab saw,
4181	Handheld Torches	Torches and gas cylinders used for spot applications. Types: Torch cylinder, Torch head, Torch kit, Cane torch.
4240	Hex Keys & Torx Keys	Tools used for tightening or loosening hex (six sided) or torx (star) head
5224	Hole Saw Arbors	Used to connect the hole saw to a drill chuck.
5225	Hole Saw Extensions	Hole Saw Extensions work with arbor hole saws.
5235	Hole Saw Pilot Bits	Ideal for use with hole saws to drill through metal or wood.
5226	Hole Saws & Kits	Circle shaped saw blades and kits used for recessed lighting and door locks. Types: Door lock kit, Hole saw kit, Hole saw, Recessed lighting hole saw,
7220	Home 3D Printer Filaments & Accessories	The Home 3D Printer Filaments & Accessories category includes build plates, build sheets, filaments, glue sticks, and laser materials.
4178	Household Tool Sets	Tools designed with general home repair, upkeep, and maintenance in
5318	Impact Driver Bits	Bits and bit sets for use in impact drivers. Types: Bit, Bit adaptor, Bit guide,
4133	Impact Drivers	Drivers that deliver strong rotational force with forward thrust.
5206	Impact Sockets & Impact Socket Sets	Impact Sockets and Impact Socket Sets are used with air tools.
4213	Impact Wrenches	Socket wrench power tool delivering high torque output. Types: Cordless Impact Wrench, Cordless Ratchet Wrench, Corded Impact Wrench.
4761	Jacks	Jacks provide lifting leverage to various types of items. Types: Air lift, Axle jack, Bottle jack, Clutch jack, Farm jack, Floor jack, Forklift jack, Jack adapter set, Jack handle extension, Jack handle protector, Jack kit, Jack stand, Low profile floor jack, Low profile transmission jack, Portable jack,
5320	Jigsaw Blades	Jigsaw Blades consist of a thin band of metal with teeth along one edge to cut various materials; specifically for use with jigsaws.
4262	Jigsaws	Jigsaws are ideal for cutting arbitrary curves, such as stenciled designs or other custom shapes, into a piece of wood, metal, or other material.
7628	Jobsite Blowers	Jobsite Blowers are large fans that provide air circulation.
5193	Kids Project Kits	Project kits for the beginning woodworker.
5192	Kids Tools & Kits	Kids Tools are ergonomically sized for children. This category includes aprons, awls, clamps, cordless drills, files, flat-head screwdrivers, goggles, hammers, phillips head screwdrivers, saws, tool belts, tool boxes,

5465	Knee Pads	Knee pads are constructed with foam, gel pads or hard plastic materials to accommodate any surface. The Knee Pads category includes flooring, garden, hard shell, low profile, non-marring, ortho wrap, over under,
6994	Knockdown Knives	Knockdown knives are used for creating a desired textures on walls and
4623	Knockout Punch Sets	Knockout punches (also known as panel punches or chassis punches) are used to create a hole in electrical boxes, electrical panels, or other sheet
7842	Labels & Label Makers	Label makers and label supplies such as makers, label tape, heat shrink
7562	Laser Distance Measurers	Measure short and long distances using a laser beam.
4258	Laser Level Accessories	Laser Level Accessories aid in the use of laser levels. These include Grade rods, Leveling rods, Line detectors, Mounts, Pole systems, Target plates,
4130	Laser Levels	Laser Levels are leveling tools that utilizes laser technology. Laser Level Types include Line generator, Rotary, Torpedo, Cross-line, and
8133	Levels	The Levels category includes bevel gauges, box beam levels, bulls eye levels, conduit levels, cross check levels, I-beam levels, level recondition kits, line/surface levels, plumb bobs, pocket levels, torpedo levels, and
4174	Line Chalk	Line Chalk is used with a chalk reel or other chalk tool.
4139	Long Tapes	Measures long distances with tape on roll.
4157	Magnetic Tools	Magnetic tools are primarily utilized for cleanup and storage.
4946	Maintenance Tools	The Maintenance Tools category includes blade removal tools, sharpener/balancers, siphon pumps, snow blower chute tools, spark plug wrenches, and wire pulling tools, Lowe's also has categories for Manual
6698	Marking Flags	Flags used to mark underground sprinklers, lines or pipes
5315	Masonry Drill Bits	Drill bits designed for use with masonry and cement. Types include both percussion and rotary bits as well as sets.
7026	Masonry Tool Kits	Masonry kits that include combinations of trowels, edgers and groovers.
7560	Measuring Wheels	Wheel with handle used for measuring long distances.
5223	Mechanics Tool Sets	Sets contain a variety of products for home mechanics and professionals (combinations of ratchets, sockets, drivers, breaker bars, and wrenches).
6687	Media Blaster Abrasives	Various types of abrasives for use in blasting tools.
6688	Media Blaster Cabinets	Cabinets used to blast various medias for abrasive cleaning.
8272	Metal Lathes	Lathes designed for machining hard materials
4979	Metal Shears	Power tool for cutting though metal and other tough materials quickly and efficiently, that is powered by portable, replaceable, or rechargeable power
6693	Metric Thread Gauges	A small handheld tool used to measure the pitch or lead of a screw thread

4150	Miter Boxes	Woodworking tool used to guide hand saws for precision angled cutting 45
4137	Miter Saws	Power saw that is ideal for making accurate crosscuts and miters.
4161	Mortisers	Used to cut square or rectangular holes in a piece of lumber, such as a
4164	Multi-Tools	Any one of a range of portable, versatile hand tools that combines several individual functions in a single unit.
4837	Nut Driver Sets	Multiple tools designed for tightening nuts and bolts.
4841	Nut Drivers	Tools designed for tightening nuts and bolts.
8018	Oil Change Tools	Oil Change Tools are used for automotive maintenance. This category includes drain plug removal tools, filter wrenches, fluid extractors, oil canister sockets, oil drain plug tools, oil filter cap wrenches, oil filter pliers,
5350	Oscillating Tool Accessories	Ideal for cutting, grinding, sanding, scraping and grout removal. accessories used with oscillating tools. Types: Blade, Rasp, Pad, Sandpaper,
5356	Oscillating Tool Accessory Kits	Ideal for cutting, grinding, sanding, scraping and grout removal. accessory
5331	Oscillating Tool Attachments	Attachments for oscillating tools and accessories. Types: Assist handle, Cutting depth guide, Multi-flex, Shear.
5349	Oscillating Tool Kits	Used for cutting, grinding, scraping and sanding applications.
7354	Overhead Garage Storage	Storage systems attached to garage ceilings that free up floor and wall
7526	Panel Saws	Panel Saws help shape plywood sheets and other materials into uniform square panels and are ideal for projects that call for constructing oversized floor tiles or custom cabinetry. Some important attributes are Series Name, Saw Blade Diameter, and Cordless. Lowe's also has categories for Table
5927	Pass-Through Sockets & Sets	A low profile socket that allows extended bolts to pass through them; also accepts both Standard and Metric sizes.
7566	Pegboard & Accessories	Boards or panels with holes used to hold hooks and shelving, and any
8305	Pin Nailers	Pin nailers use ultra-thin nails, also known as pins, to provide a nearly invisible finish. They are ideal for intricate trim work, small woodworking projects, and tasks where aesthetics are crucial. Pin nailers hold pieces
4180	Pipe Wrenches	Used for turning soft iron pipes and fittings with a rounded surface.
4167	Planers	Benchtop or handheld power tools used to create boards that are of an even thickness throughout their length and flat on both surfaces.
4143	Planes	Ideal for end-grain work, sheetrocking and smoothing edges of laminates.
5387	Plasma Cutters	Devices which cut metal using an arc of electricity.
8089	Plate Compactors	Plate Compactors are used to compress soil and gravel for construction projects. This category includes asphalt rollers, plate compactors, and

7282	Plier Sets	Sets of pliers used to hold objects firmly, for cutting, bending, or physical compression. Types: Assorted, Crimping, Cutting, Diagonal cutting, Hose clamp, Hog ring, Insulated, Linesman, Locking, Needle nose, Slip joint, Snap
4149	Pliers	Used to hold objects firmly, for cutting, bending, or physical compression. Types: Crimping, Cutting, Diagonal cutting, Hog ring, Linesman, Locking,
4238	Pneumatic Staplers	Individual staplers that are powered by compressed air.
4185	Pocket Knives	Small, portable knives ideal for mechanics, campers, sportsmen, etc.
4217	Polishers	Used to wax or polish wood and other items.
4219	Portable Band Saws	A portable saw using a blade consisting of a continuous band of metal with teeth along one edge to cut various materials.
4214	Portable Tool Boxes	Portable boxes that provide storage for hand tools.
4170	Power Sanders	Power Sanders are used to smooth finishes by abrasion with sandpaper. Types include Belt, Detail, Disc, Drum, Drywall, Orbital, Random orbital, Sheet, and Spindle. Lowe's also has categories for Air Sanders, Air Grinders,
4256	Power Tool Batteries & Chargers	Batteries designed specifically for power tools, their adapters and kits.
4215	Power Tool Combo Kits	Kits which include multiple battery powered handheld tools.
7659	Power Tool Flashlights	Flashlights powered by power tool batteries
7742	Power Tool Sandpaper	Power Tool Sandpaper is meant for use with power tools, there is also a category for Sandpaper for other uses. Power Tool Sandpaper can come in belts, detail, discs, pads, rolls, screens, sheets, sheets;pads, and spindles.
4171	Protractors	Circular or semicircular tool used for measuring an angle or circle.
4209	Punches	Punches are used to remove frozen lock pins and keys. This category includes awls, center punches, draw studs, drift punches, letter punch sets, max punches, nail hole slot punches, nail set punches, number punch sets, punch and chisel sets, revolving punches, screw hole punches, snap lock
5215	Ratchet Wrenches & Sets	Individual tools or sets of ratchet wrenches.
5358	Ratchets & Ratchet Sets	Individual tool or sets which allow continuous linear or rotary motion in only one direction while preventing motion in the opposite direction.
4183	Reaching Tools	Specialty hand tools ideal for retrieval of small objects.
7029	Rebar Cutters & Benders	Power tools that bend and cut rebar to desired size or angle.
5928	Reciprocating Saw Attachments	Attachments that can be added to reciprocating saws for different applications. Types: Attachment adaptor, Attachment kit, Brush attachment, Cleaning pad attachment, File attachment, Grout removal tool attachment, Half round file attachment, Rattail rasp attachment,

5326	Reciprocating Saw Blades	Blades for use on a reciprocating saw to slice through metal, masonry, wood, plaster, fiberglass, stucco, composites, drywall and more. Types: Demolition, Metal cutting, Pruning, Thick metal cutting, Wood cutting,
4236	Reciprocating Saws	Used for precision sawing, including flush cutting in wood, wood
7536	Replacement Screens	Replacement screens and installation tools used for screen related projects. Types: Screen repair, Screen patch, Replacement screen kit,
6263	Replacement Utility Blades	Blades for utility knives. Types: Carpet, Drywall, Grout saw, Hobby, Hook, Masking film dispenser, Paper rotary trimmer, Reversible, Snap-off, Utility.
4746	Riveters	Riveters make a permanent connection between two pieces of material.
4698	Rivets	Rivets are mechanical fasteners composed of a head on one end and a cylindrical stem on another. This category includes the following types of rivets: blinds, button heads, countersunk, hollow core button heads, and
8308	Roofing Nailers	Roofing nailers are designed specifically for attaching roofing materials such as shingles, underlayment, and roofing felt. These nailers are built to withstand the rigors of outdoor work and provide fast, reliable fastening to
5647	Rotary Hammer Drills	Battery powered boring tool that rotates with percussive action and cuts
5359	Rotary Tool Attachments & Batteries	The Rotary Tool Attachments & Batteries category includes Chuck adapter, Circle cutter, Circle guide, Collet & nut kit, Cutting kit, Debris shield, Drill press workstation, Dust port adapter, Flex shaft, Mandrels, Plunge router,
5357	Rotary Tool Bits & Wheels	Tools used on a variety of materials, for precise cutting, shaping, sanding, etc. Types: Accessory kit, Bit, Brush bit, Bur, Disc, Flap wheel, Guidepoint
4259	Rotary Tools	Multi-piece tool set or individual tool that operates in a rotating motion for cutting, carving, sanding & polishing.
6001	Router Bit Sets	Router Bit Sets include assorted and task-specific bits.
7627	Router Parts & Attachments	Replacement parts and attachments for corded and cordless routers. Types: Bushing set, Base plate and bushing set, Door hinge template, Offset router bit wrench, Router edge guide, Router insert plate, Router
4189	Router Tables	Benchtop routers with an integrated table.
7814	Routers	Routers are power tools used in carpentry for making grooves for joints, decorative mouldings, etc. This category includes combo and laminate trimmers, combo fixed/plunge routers, fixed routers, plunge routers, and
7033	Rubbing Bricks	Hand tools that remove marks or dresses down concrete.
4202	Sandpaper	The Sandpaper category includes belts, detail, discs, rolls, screens, sheets,
4148	Saw Horses	Used to support a board or plank for sawing.

7625	Saw Parts & Attachments	Parts or accessory items for use with saws.
6092	Saw Stands	Stand specifically made to house and support saws. Types; Miter, Table,
4195	Scissors	Hand operated cutting instruments ideal for general household use.
4146	Screw Extractors & Sets	Ideal for removing broken screws, bolts, or threaded parts. Types: Screw extractor, Screw extractor and drill bit set, Screw extractor set.
7682	Screw Guns	Tools for use specifically with collated screws
5327	Screwdriver Bit Holders & Adapters	Screwdriver bit holders & adapters make it easier to drive screws. This category includes impact bit extensions, impact bit holders, impact drive sleeves, magnetic bit extensions, magnetic isolated bit holders, nut adapters, screwdriving bit adapters, screwdriving bit drive guides,
5335	Screwdriver Bits	Screwdriving bits built to fit drive sockets.
4234	Screwdrivers	Some important attributes of the Screwdrivers category are Drive Type, Set/Individual, and Ratcheting. Lowe's also has categories for Screwdriver Bits, Screwdriver Bit Holders & Adapters, and Cordless Screwdrivers.
5333	Scroll Saw Blades	Scroll Saw Blades includes both pinned and plain end types.
4136	Scroll Saws	Useful for cutting intricate curves in cases where a jigsaw or coping saw is
4239	Sharpeners	Ideal for sharpening bits, utility knives and other shop items.
6101	Shop Vacuum Attachments	Various cleaning accessories that attach and work specifically with shop
7737	Shop Vacuum Collection Bags	Shop Vacuum Collection Bags include collection bags and filter bags.
6102	Shop Vacuum Filters	Filters & collection bags for shop vacuums only.
6103	Shop Vacuum Hoses	Hoses for use with shop vacuums.
4191	Shop Vacuums	Large canister vacuum ideal for large debris clean ups, flooded basements, pools, asbestos, shops, garages, etc.
8309	Siding Nailers	Siding nailers are perfect for installing various types of siding, including wood, vinyl, and fiber cement. They drive nails quickly and accurately, securing siding panels without splitting the material. Siding nailers help
7564	Slatwall & Rail Storage Systems	Wall-mounted rail systems and accessories used to hang and store various
6003	Slotting Cutters	Router bits for making slottings and grooves to apply moldings, weather
6004	Slotting Cutting Arbors	Arbors for use with 2-wing slotting cutters or 3-wing slotting cutters
4235	Small Parts Organizers	Trays to keep tools, parts and more close at hand.
5236	Socket Adapters	Tools for adapting sockets for use with smaller or larger driver sizes
5237	Socket Extensions	Tools which increase the distance between the driver and the socket.
4842	Sockets & Socket Sets	Sockets & Socket Sets are used to tighten bolts and other fasteners of
4564	Soldering Irons & Kits	Tools needed to perform the soldering process.

8017	Spark Plug & Ignition Tools	Spark Plug & Ignition Tools are used for automotive maintenance. This category includes spark plug feeler gauges, spark plug inserts, spark plug inserts/reamers/taps, spark plug re-threaders, spark plug sockets, and
8016	Specialty Automotive Hand Tools	Specialty Automotive Hand Tools include automotive maintenance sets, automotive pulleys, nut sockets, service kits, barrel pumps, bearing tools, belt tools, boot clamps, cylinder hone tools, disconnectors, feeler gauges, fuel cap tools, hog ring pliers, hose tools, ignition files, nut keys, pullers,
8304	Specialty Nailers	Specialty nailers are designed for specific tasks that require unique nailing capabilities. These nailers can include models for tasks such as concrete nailing, palm nailing, or other specialized applications. They offer tailored solutions for niche projects, ensuring precision and efficiency. Types
4196	Squares	Ideal for measurement, especially of angles and right angles.
7275	Staple Pullers	Tool used for the removal of heavy duty staples
4228	Stationary Band Saws	A stationary saw using a blade consisting of a continuous band of metal with teeth along one edge to cut various materials.
5322	Step Drill Bits	Drill bits designed for drilling holes in thin materials such as mild steel, copper, brass, aluminum, plexiglass, wood and laminates.
5380	Stick Welders	Welders which do not use gas. these only use stick-type consumables.
5997	Straight & Mortising Router Bits	Router bits used for wood, wood byproducts, and some plastics.
6793	Strap Wrenches	An application tool used for tightening and loosening round or irregular
4223	Stud Finders	Used to find wood, metal, non-metal studs or joists.
6007	Surface-Forming Router Bits	Router bits to create grooves or decorative treatments on wood surfaces.
5381	TIG Welders	Tungsten inert gas welders which use cut lengths as their consumables.
4166	Table Saws	A versatile woodworking tool consisting of a circular saw blade, mounted on an arbor, that is driven by an electric motor and used to cut wood
4839	Tap & Die Sets	Ideal for cutting internal and external threads.
7399	Tap & Drill Sets	Sets of drill taps used to cut a thread on the inside surface of a hole.
4840	Tap Wrenches	A hand tool used to turn taps or other small tools, such as hand reamers
7559	Tape Measures	Device used for measuring distances using an enclosed tape.
4836	Taps	Used to cut a thread on the inside surface of a hole, creating a female
4672	Tile Saws	Ideal for cutting tile of a variety of materials and sizes.
4203	Tin Snips	Ideal for cutting aluminum, vinyl siding, screening, cardboard, leather and

5464	Tool Bags	Tool Bags keeping your tools handy and organized. This category includes 5 gallon bucket organizers, accessory tool bags, backpacks, cargo bags, document bags, electrician's totes, bags, rolls, and totes. Some important attributes are Primary Material, Closure Type, and Tool Bag Interior Storage
5466	Tool Belt Accessories	Tool belt is used as a holster for various items and accessories. accessories are add-on parts that are adjusted to tool belt in order to hold additional
5463	Tool Belts	Ideal for portable tool storage, mostly, to be worn and to carry tools.
7707	Tool Chest Combos	Tool Chest Combos include at least one top tool chest and one bottom tool cabinet. Lowe's also has categories for Bottom Tool Cabinets and Top Tool
5648	Tool Pouches	Tool storage pouches which do not include a belt.
4188	Tool Storage Accessories	Attachment or add-on parts used for storing tools.
6594	Top Tool Chests	Small tool storage that is often placed on top of a matching base
5217	Torque Wrenches	Used to precisely apply a specific torque to a fastener.
6002	Trim Router Bits	Router bits for trimming and cutout applications.
5324	Twist Drill Bits	Twist Drill Bits are designed for multipurpose drilling application, primarily in conjunction with thicker or denser materials such as carbon and alloy steels, wood, composition board, plastic, PVC, or drywall. This category includes aircraft length, extra length, flex high speed, glass and tile, jobber
7977	Universal Car Covers	Universal Car Covers include indoor covers, indoor/outdoor covers, and outdoor covers. Lowe's also has a categories for Custom Car Covers and
4156	Utility Knives	Knives designed for a variety of roles, primarily for work projects.
4241	Vises	Vises are ideal for holding wood, round stock and related items in home workshops. Types: Arbor press, Bench, Clamp-on, Drill Press, Mechanics,
5388	Welder Generators	Welders which do not plug into a/c for power but instead include a
5460	Welding & Cutting Accessories	Tools and parts used with electric welders and cutters. Welding & Cutting Accessories including electrode holders, marking tools, welding tools, and
5385	Welding & Cutting Gas Regulators	Welding & Cutting Gas Regulators control gas flow and pressure. This category includes acetylene, air inert gas, argon, argon carbon dioxide, argon helium, argon nitrogen, argon;nitrogen;helium, carbon dioxide, corrosive gas, ethylene, helium, helium hydrogen, hydrogen, hydrogen
5382	Welding & Cutting Kits	Welding & Cutting Kits are usually starter kits which include helmets, safety
5461	Welding & Cutting Tips	Replacement tips for gas cutters and welders.
5386	Welding Apparel	Ideal for safety protection while using welding equipment.

5391	Welding Rods	Welding rods are metal rods used as consumables with arc welders. These can be used with brazing, hard stick electrodes and stick electrodes.
5390	Welding Wire	Welding wire includes flux wire and MIG wire.
7974	Windshield Sunshades	Windshield Sunshades help keep automotive interiors cool.
5383	Wire Feed Welders	Wire Feed Welders are also known as Metal Inert Gas (MIG) welders and
4176	Wire Wheels & Buffers	Wire Wheels & Buffers are used for removal of rust and paint.
4210	Wood Lathes	Wood Lathes are used for wood turning.
5330	Woodboring Drill Bits	Woodboring Drill Bits are ideal for excavating wood.
4216	Woodworking Tool Accessories	The Woodworking Tool Accessory category includes Drilling jigs, Jig accessories, Planer blades, Pocket hole jigs, and Push blocks.
4158	Work Benches & Tops	Work Benches & Tops are essential for any garage. Some important attributes are Number of Drawers, Work Surface Material, and Casters Included. Lowe's also has categories for Garage Storage Systems, Tool
4246	Writing Utensils	The Writing Utensils category includes carpenter pencils, china markers, crayon holders, dry erase markers, gel pens, glass markers, lumber crayons, lumber crayon holders, paint pen/markers, pens, pencils, permanent markers, replacement lead, and wet erase chalk markers. Lowe's also has
7561	Yardsticks & Rulers	Yardsticks & Rulers are used for measuring short distances or straight lines.
8325	Raised Planter Boxes	Planter boxes raised off the ground.
8328	Underfloor Heating Thermostats & Controls	Underfloor heating are devices and accessories used to warm rooms through radiant floor heating. Types of devices include electric film, grid modules, heat plates, thermal reflecting foil, valves, microprocessors, air eliminators, purge tee, floor warming mats, thermostats, underfloor heating mats, warming wire, zoned distribution panels, floor heating kits,
8329	Fuel Lamps & Accessories	NEW
6459	Party Supplies	This category is for disposable plates, cups, napkins, utensils, stirrers, and lids. Material is commonly made out of paper or plastic. These products are
4205	Bench & Stationary Jointers	tools, either benchtop or stationary, used for jointing and surfacing of soft woods, hard woods and plastics.
6008	Pool Filters	Mechanisms by which pool water is cleaned of debris and dirt.
6308	Bathroom Shelving	A shelf, usually glass, that is made to attach to your bathroom wall to hold
